A license once revoked may not be reinstated unless it appears that an injustice has occurred indicating to the board that the licensee was not guilty of negligence or laches. If a person whose license has been revoked through his own fault desires to engage in the business of water well drilling or *monitoring well construction* in this state or contracting therefor, he must apply under 37-43-303. ## CHAPTER NO. 561

[HB 772]

AN ACT GENERALLY REVISING THE PREVAILING WAGE RATE LAWS; PROVIDING FOR THE CREATION OF PREVAILING WAGE RATE DISTRICTS; DEFINING STANDARD PREVAILING WAGE RATE TO MEAN EITHER THE HEAVY HIGHWAY CONSTRUCTION WAGE RATE OR THOSE WAGES PAID IN THE PREVAILING WAGE RATE DISTRICT FOR WORK OF A SIMILAR CHARACTER; AND AMENDING SECTIONS 17-5-1526, 17-5-1527, 17-6-325, 18-2-401 THROUGH 18-2-403, AND 90-5-114, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Creation of prevailing wage rate districts.** (1) Without taking into consideration heavy highway construction wage rates, the commissioner shall divide the state into at least 10 prevailing wage rate districts.

(2) In initially determining the districts, the commissioner must:

(a) follow the rulemaking procedures in the Montana Administrative Procedure Act; and

(b) publish the reasons supporting the creation of each district.

(3) A district boundary may not be changed except for good cause and in accordance with the rulemaking procedures in the Montana Administrative Procedure Act.

(4) The presence of collective bargaining agreements in a particular area may not be the sole basis for the creation of boundaries of a district, nor may the absence of collective bargaining agreements in a particular area be the sole basis for changing the boundaries of a district.

(5) For each prevailing wage rate district established under this section, the commissioner shall determine the standard prevailing rate of wages to be paid employees, as provided in 18-2-401 and 18-2-402.

**Section 2.** Section 18-2-401, MCA, is amended to read:

**"18-2-401. Definitions.** Unless the context requires otherwise, in this part the following definitions apply:

(1) "Labor" is hereby defined to be all services *in excess of \$25,000* performed in construction, maintenance, or remodeling in all state, county,

municipal, and school work and does not include engineering, superintendence, management, or office or clerical work.

(2) "Commissioner" means the commissioner of labor and industry provided for in 2-15-1701.

(3) "Department" means the department of labor and industry provided for in 2-15-1701.

(4) "*District*" means a prevailing wage rate district established as provided in [section 1].

(5) A "bona fide resident of Montana" is hereby declared to be a person who, at the time of his employment and immediately prior thereto, has lived in this state in such a manner and for such time as is sufficient to clearly justify the conclusion that his past habitation in this state has been coupled with intention to make it his home. Sojourners or persons who come to Montana solely in pursuance of any contract or agreement to perform such labor shall under no circumstance be deemed to be bona fide residents of Montana within the meaning and for the purpose of this part.

(6) "*Heavy highway construction wage rates*" means wage rates, including fringe benefits for health and welfare and pension contributions and travel allowance provisions, determined and established statewide for heavy highway construction projects such as alteration or repair of roads, streets, highways, alleys, runways, trails, parking areas, or utility rights-of-way.

(7) (a) "Standard prevailing rate of wages" or "standard prevailing wage" means:

(i) *the heavy highway construction wage rates applicable to heavy highway construction projects; or*

(ii) *those wages, other than heavy highway construction wages, including fringe benefits for health and welfare and pension contributions and travel allowance provisions, which are paid in the district by other contractors for work of a similar character performed in that district by each craft, classification, or type of worker needed to complete a contract under this part. In each district, the standard prevailing rate of wages is a weighted average wage rate based on all of the hours worked on work of a similar character performed in the district.*

(b) When work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions and travel allowance provisions, shall be those rates established by collective bargaining agreements in effect in the district for each craft, classification, or type of worker needed to complete the contract.

(8) "*Work of a similar character*" means work on private or commercial projects as well as work on public projects."

Section 3. Section 18-2-402, MCA, is amended to read:

**"18-2-402. Standard prevailing rate of wages.** (1) The Montana commissioner of labor may determine the standard prevailing rate of wages

*applicable to public works contracts under this part. The commissioner shall undertake to keep and maintain copies of collective bargaining agreements and other information on which the rates are based.*

(2) The provisions of this part do not apply in those instances where the standard prevailing rate of wages is determined pursuant to federal law.

(3) In no instances where this part is applicable shall the standard prevailing rate of wage be determined to be greater than the applicable rate of wage in the area for the particular work in question as negotiated under existing and current collective bargaining agreements."

Section 4. Section 18-2-403, MCA, is amended to read:

**"18-2-403. Preference of Montana labor in public works — wages — federal exception.** (1) In any contract let for state, county, municipal, school, or heavy highway construction, services, repair, or maintenance work under any law of this state, there shall be inserted in the bid specification and the contract a provision requiring the contractor to give preference to the employment of bona fide Montana residents in the performance of the work.

(2) *All public works contracts under subsection (1), except those for heavy highway construction, must contain a provision requiring the contractor to pay the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions and travel allowance provisions, in effect and applicable to the district in which the work is being performed.*

(3) *In every contract for heavy highway construction, there must be inserted a provision to require the contractor to pay the heavy highway construction wage rates established statewide for such project.*

(4) No contract may be let to any person, firm, association, or corporation refusing to execute an agreement with the above-mentioned provisions in it, provided that in contracts involving the expenditure of federal-aid funds this part may not be enforced in such a manner as to conflict with or be contrary to the federal statutes prescribing a labor preference to honorably discharged veterans of the armed forces and prohibiting as unlawful any other preference or discrimination among citizens of the United States.

(5) Failure to include the provisions required by 18-2-422 in a public works contract relieves the contractor from his obligation to pay the standard prevailing wage rate and places such obligation on the public contracting agency."

Section 5. Section 17-5-1526, MCA, is amended to read:

**"17-5-1526. Procedure prior to financing projects.** (1) The board may finance projects [other than major projects] under this part only when it finds that:

(a) the financing is in the public interest and is consistent with the legislative purposes and findings set forth in 17-5-1502;

(b) the financing to be provided by the board for a project does not exceed either \$800,000 or 90% of the cost or appraised value of the project, whichever is less;

(c) a financial institution will participate in financing the project, either directly or through a letter of credit, to the extent of at least 10% of the financing to be provided by the board;

(d) the financing for the project is insured or guaranteed in whole or in part by a private or governmental insurer or guarantor, including but not limited to a guaranty by the board pursuant to 17-5-1519;

(e) an applicant has submitted a statement indicating any contracts to construct the projects will require all contractors to give preference to the employment of bona fide Montana residents, as defined in 18-2-401, in the performance of the work on the projects if their qualifications are substantially equal to those of nonresidents; "substantially equal qualifications" means the qualifications of two or more persons among whom the employer cannot make a reasonable determination that the qualifications held by one person are significantly better suited for the position than the qualifications held by the other persons; and

(f) adequate provision is made in the loan agreement, lease, or other credit arrangement regarding a project or projects being financed to provide for payment of debt service on bonds of the board issued to finance such project or projects, to create and maintain reserves therefor, and to meet all costs and expenses of issuing and servicing the bonds.

(2) In order to make the findings as described in subsection (1)(a), a hearing must be conducted in the following manner:

(a) the city or county in which the project will be located must be notified; and the city and county must, within 14 days after receipt of the notice, notify the board if it elects to conduct the hearing; or

(b) if no request for a local hearing is received, the board may hold the hearing at a time and place it prescribes.

(3) If the hearing required by subsection (2) is conducted by a local government, the governing body of the local government must notify the board of its determination of whether the project is in the public interest within 14 days of the completion of the public hearing.

(4) When a hearing is required either locally or at the state level, notice must be given, at least once a week for 2 weeks prior to the date set for the hearing, by publication in a newspaper of general circulation in the city or county where the hearing will be held. The notice must include the time and place of the hearing; the general nature of the project; the name of the lessee, borrower, or user of the project; and the estimated cost of the project.

(5) The requirements of subsections (1)(b) through (1)(d) do not apply to bonds that are not secured by the board's guarantee under 17-5-1519 or the capital reserve account authorized by 17-5-1515."

Section 6. Section 17-5-1527, MCA, is amended to read:

**"17-5-1527. Procedure prior to financing major projects. (1)** The board may finance major projects under this part only when it finds that:

(a) the financing is in the public interest and is consistent with legislative purposes and findings;

(b) the financing to be provided by the board for a project does not exceed either \$10 million or 90% of the cost or appraised value of the project, whichever is less;

(c) a financial institution will participate in financing the project if the cost or appraised value is less than \$1 million, either directly or through a letter of credit, to the extent of at least 10% of the financing to be provided by the board, provided, however, that participation by a financial institution in projects of over \$1 million is at the discretion of the board;

(d) the financing for the project is insured or guaranteed in whole or in part by a private or governmental insurer or guarantor, including but not limited to a guaranty by the board pursuant to 17-5-1519;

(e) any contracts to construct the projects require all contractors to give preference to the employment of bona fide Montana residents, as defined in 18-2-401, in the performance of the work on the projects if their qualifications are substantially equal to those of nonresidents; "substantially equal qualifications" means the qualifications of two or more persons among whom the employer cannot make a reasonable determination that the qualifications held by one person are significantly better suited for the position than the qualifications held by the other persons; and

(f) adequate provision is made in the loan agreement, lease, or other credit arrangement regarding a project or projects being financed to provide for payment of debt service on bonds of the board issued to finance such project or projects, to create and maintain reserves therefor, and to meet all costs and expenses of issuing and servicing the bonds.

(2) In order to make the findings as described in subsection (1)(a), a hearing must be conducted in the following manner:

(a) the city or county in which the project will be located shall be notified, and within 14 days must advise the board if it elects to conduct the hearing; or

(b) if no request for a local hearing is received, the board may hold the hearing at a time and place it prescribes.

(3) If the hearing required by subsection (2) is conducted by a local government, the governing body of the local government must notify the board of its determination of whether the project is in the public interest within 14 days of the completion of the public hearing.

(4) When a hearing is required either locally or at the state level, notice must be given, at least once a week for 2 weeks prior to the date set for the hearing, by publication in a newspaper of general circulation in the city or county where the hearing will be held. The notice must include the time and place of the hearing; the general nature of the project; the name of the

lessee, borrower, or user of the project; and the estimated cost of the project.

(5) The requirements of subsections (1)(b) through (1)(d) do not apply to bonds that are not secured by the board's guarantee under 17-5-1519 or the capital reserve account authorized by 17-5-1515."

Section 7. Section 17-6-325, MCA, is amended to read:

**"17-6-325. Preference of Montana labor.** Any contract to construct a project financed pursuant to this part must require all contractors to give preference to the employment of bona fide Montana residents, as defined in 18-2-401, in the performance of the work on the projects if their qualifications are substantially equal to those of nonresidents. "Substantially equal qualifications" means the qualifications of two or more persons among whom the employer cannot make a reasonable determination that the qualifications held by one person are significantly better suited for the position than the qualifications held by the other persons."

**"90-5-114. Preference of Montana labor.** Any contract to construct a project financed pursuant to this part must require all contractors to give preference to the employment of bona fide Montana residents, as defined in 18-2-401, in the performance of the work on the projects if their qualifications are substantially equal to those of nonresidents. "Substantially equal qualifications" means the qualifications of two or more persons among whom the employer cannot make a reasonable determination that the qualifications held by one person are significantly better suited for the position than the qualifications held by the other persons."

Section 9. **Codification instruction.** Section 1 is intended to be codified as an integral part of Title 18, chapter 2, part 4, and the provisions of Title 18, chapter 2, part 4, apply to section 1.

Section 10. **Coordination instruction.** If Senate bill No. 103 and this act are both passed and approved, section (1)(c) of Senate Bill No. 103 is amended so that the language referring to "the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions and travel allowance provisions applicable to the county or locality in which the work is being performed" will read "the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions and travel allowance provisions applicable to the public works project".

Section 11. **Extension of authority.** Any existing authority of the commissioner of labor and industry to make rules on the subject of the provisions of this act is extended to the provisions of this act.

AN ACT ESTABLISHING A TAX ON THE POSSESSION AND STORAGE OF DANGEROUS DRUGS; PROVIDING FOR THE ASSESSMENT AND COLLECTION OF THE TAX; GRANTING RULEMAKING AUTHORITY TO THE DEPARTMENT OF REVENUE; PROVIDING FOR FUNDING OF THE ADMINISTRATION OF THE TAX; STATUTORILY APPROPRIATING THE ADMINISTRATIVE FUNDING; PROVIDING FOR DISPOSITION OF THE TAX COLLECTED; AND AMENDING SECTION 17-7-502, MCA.

WHEREAS, dangerous drugs are commodities having considerable value, and the existence in Montana of a large and profitable dangerous drug industry and expensive trade in dangerous drugs is irrefutable; and

WHEREAS, the state does not endorse the manufacturing of or trading in dangerous drugs and does not consider the use of such drugs to be acceptable, but it recognizes the economic impact upon the state of the manufacturing and selling of dangerous drugs; and

WHEREAS, it is appropriate that some of the revenue generated by this tax be devoted to continuing investigative efforts directed toward the identification, arrest, and prosecution of individuals involved in conducting illegal continuing criminal enterprises that affect the distribution of dangerous drugs in Montana.

THEREFORE, the Legislature of the State of Montana does not wish to give credence to the notion that the manufacturing, selling, and use of dangerous drugs is legal or otherwise proper, but finds it appropriate in view of the economic impact of such drugs to tax those who profit from drug-related offenses and to dispose of the tax proceeds through providing additional anticrime initiatives without burdening law abiding taxpayers.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Short title.** This act may be cited as the "Dangerous Drug Tax Act".

**Section 2. Definitions.** As used in [this act], unless the context requires otherwise, the following definitions apply:

(2) "Department" means the department of revenue provided for in 2-15-1301.

(3) "Person" means an individual, firm, association, corporation, partnership, or any other group or combination acting as a unit.

**Section 3. Tax on dangerous drugs.** (1) There is a tax on the possession and storage of dangerous drugs. Except as provided in [section 4], each person possessing or storing dangerous drugs is liable for the tax. The

tax imposed is determined pursuant to subsection (2). The tax is due and payable on the date of assessment. The department shall add an administration fee of 5% of the tax imposed pursuant to subsection (2) to offset costs incurred in assessing value, in collecting the tax, and in any review and appeal process.

(2) The tax on possession and storage of dangerous drugs is the greater of:

(a) 10% of the assessed market value of the drugs, as determined by the department; or

(b) (i) \$100 per ounce of marijuana, as defined in 50-32-101, or its derivatives, as determined by the aggregate weight of the substance seized;

(ii) \$250 per ounce of hashish, as defined in 50-32-101, as determined by the aggregate weight of the substance seized;

(iii) \$200 per gram of any substance containing or purported to contain any amount of a dangerous drug included in Schedule I pursuant to 50-32-222(1), (2), (4), and (5), or Schedule II pursuant to 50-32-224(1) through (4), as determined by the aggregate weight of the substance seized;

(iv) \$10 per 100 micrograms of any substance containing or purported to contain any amount of lysergic acid diethylamide (LSD) included in Schedule I pursuant to 50-32-222(3), as determined by the aggregate weight of the substance seized;

(v) \$100 per ounce of any substance containing or purported to contain any amount of an immediate precursor as defined under Schedule II pursuant to 50-32-224(5), as determined by the aggregate weight of the substance seized; and

(vi) \$100 per gram of any substance containing or purported to contain any amount of dangerous drug not otherwise provided for in this subsection (2).

(3) The tax imposed pursuant to this section must be collected only after any state or federal fines or forfeitures have been satisfied.

## CHAPTER NO. 564

[HB 817]

**AN ACT TO ESTABLISH INDEPENDENT LIABILITY FUNDS FOR THE PROTECTION OF THE PUBLIC AND FOR SMALL BUSINESSES IN THE STATE OF MONTANA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.**

WHEREAS, the current crisis in the liability insurance industry has made it increasingly difficult, and often prohibitively expensive, for many small businesses in Montana to obtain comprehensive and adequate liability insurance; and

WHEREAS, some small businesses have found it impossible, in the current insurance market, to obtain coverage for their major areas of risk, particularly in connection with product liability and extra hazardous risks; and

WHEREAS, many small businesses have had no choice but to purchase inadequate insurance or to go without insurance and therefore have indiscriminately exposed themselves and all of their business assets to liability; and

WHEREAS, the general public would benefit from a system that would assure that money or assets are available to answer any justifiable claims made against small businesses in Montana; and

WHEREAS, the general public would benefit from a system that would encourage each small business within the State of Montana to minimize its exposure to liability claims.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Short title.** [Sections 1 through 19] may be cited as the "Independent Liability Fund Act".

**Section 2. Purpose.** The purpose of [this act] is to create a means by which small businesses operating in Montana may establish independent liability funds to set aside assets or make investments to meet any liability claims that might be made against the small businesses by third parties.

**Section 3. Definitions.** As used in [this act], the following definitions apply:

(1) "Fiscal year" means the 12-month period used by a particular small business in preparing and filing its Montana individual income tax, corporate license tax, or corporate income tax return.

(2) "Independent liability fund" means a collection of money, assets, and investments that has been set aside by a small business to meet the needs of any liability claims, except workers' compensation claims, brought against it by third parties.

(3) "Liability claim" means any legal or extralegal action by a third party asserting a right to compensation for a wrong done to it by a small business with an independent liability fund.

(4) "Small business" means any commercial or nonprofit enterprise qualified to do business in the state and qualified as a small business under the criteria established by the federal small business administration on [the effective date of this act].

(5) "Third party" means a person other than an employee or the management of a small business or of a subsidiary or closely related enterprise of a small business.

**Section 4. Right to establish independent liability fund.** A small business operating in the state may establish an independent liability fund to provide for defense, settlement, or payment of any liability claims against it by a third party.

**Section 5. Establishment of independent liability fund.** A small business shall notify the commissioner, on a form supplied by the commissioner, of its intention to establish an independent liability fund. The small business shall fully and clearly designate the money, assets, or investments it is setting aside for its independent liability fund.

**Section 6. Additions to independent liability fund.** Within the limits provided in [section 7], a small business may make such additions to its independent liability fund as it considers appropriate.

**Section 7. Limit on the amount of fund.** The independent liability fund of any small business may not be greater than the larger of the following:

- (1) the total of all legally required liability insurance; or
- (2) five times the gross sales of the small business in its most recent fiscal year.

**Section 8. Composition of independent liability fund.** The money, assets, and investments contributed to an independent liability fund must meet the criteria established for investments by an insurance company in Title 33, chapter 2, part 8, and must be valued as such assets and investments would be valued.

**Section 9. Tax deductibility.** The amount of contributions made by a small business to its independent liability fund as defined in [this act] is deductible to that small business on its Montana individual income tax return for the taxable year in which the contributions are made to the fund.

**Section 10. Tax deductibility.** The amount of contributions made by a small business to its independent liability fund as defined in [this act] is deductible to that small business on its Montana corporate license tax or corporate income tax return for the taxable year in which the contributions are made to the fund.

**Section 11. Treatment of income on contents of independent liability fund.** Income on the money, assets, and investments in an independent liability fund as defined in [this act] may be contributed to the fund. If it is not so contributed, it is taxable in accordance with the applicable provisions of this chapter.

**Section 12. Inviolability of fund.** Once money, assets, or investments have been contributed to an independent liability fund, they may not be used or removed from the fund except in the manner prescribed by [sections 13 and 17].

**Section 13. Deduction of costs.** (1) The actual costs of administering an independent liability fund may be deducted from the fund or from income arising out of the money, assets, and investments in the fund. Such costs include the cost of defending against or negotiating a settlement of any liability claim, as well as the full amount of any claim paid.

(2) A small business may not deduct the cost of any in-house administration of its independent liability fund. The commissioner may review any

third-party arrangement for administration of an independent liability fund to ascertain whether such costs are deductible under this section.

**Section 14. Tax deductibility of administrative costs — exception.** Administrative costs under [section 13(1)], except those paid from the principal of an independent liability fund, are deductible on Montana individual income tax returns for the fiscal year in which they are paid or accrued.

**Section 15. Tax deductibility of administrative costs.** Administrative costs under [section 13(1)], except those paid from the principal of an independent liability fund, are deductible on the Montana corporate license tax or corporate income tax return for the taxable year in which they are paid or accrued.

**Section 16. Taxation of independent liability fund contributions.** The net value of independent liability fund contributions for any given fiscal year is taxed in accordance with 33-2-705(2).

**Section 17. Termination of independent liability fund.** (1) When a small business with an independent liability fund ceases its operations, either voluntarily or involuntarily, it shall provide a trust to administer any principal remaining in its fund and to pay any outstanding claims for the longest of the following applicable periods:

- (a) any statute of limitations applicable to operations of that particular small business;
- (b) any legally required period of insurance coverage; or
- (c) 15 years.

(2) The principal of an independent liability fund must remain inviolate, except as it is needed to pay just claims, for the full applicable termination period. However, income from the principal not needed for administrative costs may be paid during the termination period to the person or persons who are designated to ultimately receive the principal of the fund, and such income is taxable to that person or persons.

**Section 18. Taxable liability on termination of independent liability fund.** If an independent liability fund established pursuant to [this act] is terminated as provided in [section 17], the income from the principal distributed pursuant to [section 17(2)] is taxable to that person or persons under the applicable provisions of this chapter.

**Section 19. Rules.** (1) The commissioner has authority to implement [this act] and to make any rules and regulations required to carry out the purposes of [this act].

(2) The commissioner shall by rule establish criteria for ascertaining the inviolability and health of each independent liability fund and shall initiate sanctions against funds that are not secure or viable.

**Section 20. Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act; however, any rules made

by the department of revenue must be consistent with rules promulgated under section 19.

**Section 21. Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

**Section 1.** Section 33-10-201, MCA, is amended to read:

**"33-10-201. Short title, purpose, scope, and construction.** (1) This part shall be known and may be cited as the "Montana Life and Health Insurance Guaranty Association Act".

(2) The purpose of this part is to protect policyowners, insureds, beneficiaries, annuitants, payees, and assignees of life insurance policies, health insurance policies, annuity contracts, and supplemental contracts, subject to certain limitations, against failure in the performance of contractual obligations due to the impairment of the insurer issuing such policies or contracts.

(3) To provide this protection:

(a) an association of insurers is created to enable the guaranty of payment of benefits and of continuation of coverages;

(b) members of the association are subject to assessment to provide funds to carry out the purpose of this part; and

(c) the association is authorized to assist the commissioner, in the prescribed manner, in the detection and prevention of insurer impairments.

(4) This part shall apply to direct life insurance policies, health insurance policies, annuity contracts, and contracts supplemental to life and health insurance policies and annuity contracts issued by persons authorized to transact insurance in this state at any time.

(5) *This part shall provide coverage for covered policies:*

(a) *to persons who are owners of or certificate holders under such covered policies, and who:*

(i) *are residents; or*

(ii) *are not residents, but only under all of the following conditions:*

(A) *the insurers that issued the policies are domiciled in this state;*

(B) *the insurers have not held a license or certificate of authority in the state in which the persons reside;*

(C) *the states have associations similar to the association created under this part; and*

(D) *the persons are not eligible for coverage by those associations; and*

(b) *to persons who, regardless of where they reside, except for nonresident certificate holders under group policies or contracts, are the beneficiaries, assignees, or payees of the persons covered under subsection (5)(a).*

(6) This part shall not apply to:

(a) any such policies or contracts or any part of such policies or contracts under which the risk is borne by the policyholder;

(b) any such policy or contract or part thereof assumed by the impaired insurer under a contract of reinsurance, other than reinsurance for which assumption certificates have been issued.

(7) This part shall be liberally construed to effect the purpose under subsections (2) and (3) which shall constitute an aid and guide to interpretation.

(8) Nothing in this part shall be construed to reduce the liability for unpaid assessments of the insureds of an impaired insurer operating under a plan with assessment liability."

Section 2. Section 33-10-202, MCA, is amended to read:

**"33-10-202. Definitions.** As used in this part, the following definitions apply:

(3) "Contractual obligation" means any obligation under covered policies.

(4) "Covered policy" means any policy or contract within the scope of this part under subsections (4) through (6) of 33-10-201.

(5) "Impaired insurer" means:

(a) an insurer which after July 1, 1974, becomes insolvent and is placed under a final order of liquidation, rehabilitation, or supervision by a court of competent jurisdiction; or

(8) "Premiums" means direct gross insurance premiums and annuity considerations written on covered policies, less return premiums and considerations thereon and dividends paid or credited to policyholders on such direct business. "Premiums" do not include premiums and considerations on contracts between insurers and reinsurers. As used in 33-10-227, "premiums" are those for the calendar year preceding the determination of impairment.

(9) "Resident" means any person who resides in this state at the time the impairment is determined and to whom contractual obligations are owed."

Section 3. Section 33-10-204, MCA, is amended to read:

**"33-10-204. Board of directors — commissioner approval — compensation.** (1) The board of directors of the association shall consist of five members serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the commissioner. Vacancies on the board shall be filled for the remaining period of the term in the manner described in the plan of operation. In approving selections or in appointing members to the board, the commissioner shall consider, among other things, whether all member insurers are fairly represented.

(2) Members of the board may be reimbursed from the assets of the association for expenses incurred by them as members of the board of directors, but members of the board may not otherwise be compensated by the association for their services. *However, any designated representatives of members of the board who are not full-time employees of the member insurers that designated them may receive reasonable compensation for their services on the board of directors upon annual approval by the members of the association.*"

Section 4. Section 33-10-219, MCA, is amended to read:

**"33-10-219. Impaired insurer — association's powers prior to liquidation.** If an insurer is an impaired insurer, the association may,

prior to an order of liquidation or rehabilitation and subject to any conditions imposed by the association other than those which impair the contractual obligations of the impaired insurer and approved by the impaired insurer and the commissioner:

(1) guarantee or reinsure or cause to be guaranteed, assumed, or reinsured all the covered policies of the impaired insurer;

(2) provide such moneys, pledges, notes, guarantees, or other means as are proper to effectuate *this section* and assure payment of the contractual obligations of the impaired insurer pending action under subsection (1); and

(3) loan money to the impaired insurer."

Section 5. Section 33-10-220, MCA, is amended to read:

**"33-10-220. Impaired insurer — association's powers during liquidation.** (1) If *an* insurer is an impaired insurer under an order of liquidation or rehabilitation, the association shall, subject to the approval of the commissioner:

(a) guarantee, assume, or reinsure or cause to be guaranteed, assumed, or reinsured the covered policies of the impaired insurer;

(b) assure payment of the contractual obligations of the impaired insurer; and

(c) provide such moneys, pledges, notes, guarantees, or other means as are reasonably necessary to discharge such duties.

(2) If the association fails to act within a reasonable period of time, the commissioner shall have the powers and duties of the association under this part with respect to such domestic, foreign, or alien impaired insurer.

(3) In carrying out its duties under *subsection* (1), the association may request that there be imposed policy liens, contract liens, moratoriums on payments, or other similar means; and such liens, moratoriums, or similar means may be imposed if the commissioner:

(a) finds that the amounts which can be assessed under this part are less than the amounts needed to assure full and prompt performance of the impaired insurer's contractual obligations or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of policy or contract liens, moratoriums, or similar means to be in the public interest; and

(b) approves the specific policy liens, contract liens, moratoriums, or similar means to be used.

(4) Before being obligated under *subsection* (1), the association may request that there be imposed temporary moratoriums or liens on payments of cash values and policy loans, and such temporary moratoriums and liens may be imposed if they are approved by the commissioner.

(5) The association shall have no liability under 33-10-219 or this section for any covered policy of a foreign or alien insurer whose domiciliary jurisdiction or state of entry provides by statute or regulation for residents of this state protection substantially similar to that provided by this part for residents of other states.

(6) (a) *If proceeding under 33-10-220, the association may, with respect to life and health insurance policies:*

*(i) assure payment of benefits for premiums identical to the premiums and benefits, except for terms of conversion and renewability, that would have been payable under the policies of the insolvent insurer for claims incurred;*

*(A) with respect to group policies, not later than the earlier of the next renewal date under the policy or contract or 45 days, but in no event less than 30 days, after the date on which the association becomes obligated with respect to the policies;*

*(B) with respect to individual policies, not later than the earlier of the next renewal date, if any, under the policies or 1 year, but in no event less than 30 days, from the date on which the association becomes obligated with respect to the policies;*

*(ii) make diligent efforts to provide all known insureds, or group policyholders with respect to group policies, 30 days notice of the termination of the benefits provided; and*

*(iii) make available substitute coverage on an individual basis in accordance with subsection (6)(b) to each known insured, or owner if other than the insured, of an individual policy and to any individual formerly insured under a group policy who is not eligible for replacement group coverage, if the insured had a right under law or the terminated policy to convert coverage to individual coverage or to continue an individual policy in force until a specified age or for a specified time during which the insurer had no right unilaterally to make changes in any provision of the policy or had a right only to make changes in premium by class.*

*(b) (i) In providing the substitute coverage required under subsection (6)(a)(iii), the association may offer to reissue the terminated coverage or issue an alternative policy.*

*(ii) Reissued or alternative policies must be offered without requiring evidence of insurability and may not provide for any waiting period or exclusion that would not have applied under the terminated policy.*

*(iii) The association may reinsure any reissued or alternative policy.*

*(c) (i) Alternative policies adopted by the association are subject to the approval of the commissioner. The association may adopt policies of various types for future reissuance without regard to any particular impairment or insolvency.*

*(ii) Alternative policies must contain at least the minimum statutory provisions required in this state and provide benefits that are not unreasonable in relation to the premium charged. The association shall set the*

*premium in accordance with a table of rates that it shall adopt. The premium must reflect the amount of insurance to be provided and the age and class of risk of each insured, but may not reflect any changes in the health of the insured after the original policy was last underwritten.*

*(iii) Alternative policies issued by the association shall provide coverage of a type similar to that of the policy issued by the impaired or insolvent insurer, as determined by the association.*

*(d) If the association elects to reissue terminated coverage at a premium different from that charged under the terminated policy, the premium must be set by:*

*(i) the association in accordance with the amount of insurance provided and the age and class of risk, subject to approval of the commissioner; or*

*(ii) a court of competent jurisdiction.*

*(e) The association's obligation with respect to coverage under any policy of the impaired or insolvent insurer or under any reissued or alternative policy ceases on the date the coverage or policy is replaced by another similar policy by the policyholder, insured, or association."*

Section 6. Section 33-10-224, MCA, is amended to read:

**"33-10-224. Extent of liability.** The contractual obligations of the impaired insurer for which the association becomes or may become liable shall be as great as but no greater than the contractual obligations of the impaired insurer would have been in the absence of an impairment unless such obligations are reduced as permitted by 33-10-220(3), but the association shall have no liability with respect to any portion of a covered policy to the extent that the death benefit coverage on any one life exceeds an aggregate of \$300,000."

Section 7. Section 33-10-227, MCA, is amended to read:

**"33-10-227. Assessments — abatement — basis for ratesetting.**

(1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. The board shall collect the assessments after 30 days' written notice to the member insurers before payment is due.

(2) There shall be *two* classes of assessments, as follows:

(a) Class A assessments shall be made for the purpose of meeting administrative costs and other general expenses not related to a particular impaired insurer.

(b) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association under 33-10-219 and 33-10-220(1) with regard to an impaired insurer.

(3) (a) The amount of any Class A assessment for each account shall be determined by the board. The amount of any Class B assessment shall be divided among the accounts in the proportion that the premiums

received by the impaired insurer on the policies covered by each account bear to the premiums received by such insurer on all covered policies.

(b) *Class B* assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies covered by each account bear to such premiums received on business in this state by all assessed member insurers.

(c) Assessments for funds to meet the requirements of the association with respect to an impaired insurer shall not be made until necessary to implement the purposes of this part. Classification of assessments under subsection (2) and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. The total of all assessments upon a member insurer for each account shall not in any one calendar year exceed 2% of such insurer's premiums in this state on the policies covered by the account.

(5) In the event an assessment against a member insurer is abated or deferred, in whole or in part, because of the limitations set forth in subsection (4), the amount by which such assessment is abated or deferred shall be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. If the maximum assessment, together with the other assets of the association in either account, does not provide in any one year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this part.

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that amount, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses if refunds are impractical.

(7) It shall be proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this part, to consider the amount reasonably necessary to meet its assessment obligations under this part.

(8) The association shall issue to each insurer paying an assessment under this part a certificate of contribution, in a form prescribed by the commissioner, for the amount so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the commissioner may approve."

Section 8. Section 33-10-230, MCA, is amended to read:

**"33-10-230. Tax — writeoffs of certificates of contribution.** (1) Unless a longer period has been allowed by the commissioner, a member insurer shall at its option have the right to show a certificate of contribution for a Class B assessment only as an asset in the form approved by the commissioner pursuant to 33-10-227(8), at percentages of the original face amount approved by the commissioner, for calendar years as follows:

- (a) 100% for calendar year of issuance;
- (b) 80% for the first calendar year after year of issuance;
- (c) 60% for second calendar year after year of issuance;
- (d) 40% for third calendar year after year of issuance;
- (e) 20% for fourth calendar year after year of issuance.

(2) The insurer may offset the amount written off by it in the calendar year under subsection (1) above against its premium tax liability to this state accrued with respect to business transacted in such year.

(3) Any sums acquired by refund, pursuant to 33-10-227(6), from the association which have therefore been written off by contributing insurers and offset against premium taxes as provided in subsection (2) above and are not then needed for purposes for this part shall be paid by the association to the commissioner and by him deposited with the state treasurer for credit to the general fund of this state."

**Section 9. Extension of authority.** Any existing authority of the commissioner of insurance to make rules on the subject of the provisions of this act is extended to the provisions of this act.

**Section 10. Applicability.** Sections 1 through 8 apply to all occurrences that result from legal actions instituted after the effective date of this act.

**Section 11. Effective date.** This act is effective on passage and approval.

Approved April 20, 1987.

**Section 2. Definitions.** As used in [sections 1 through 16], the following definitions apply:

(1) "Adulterated" means the term applied to meat if:

(a) it bears or contains a poisonous or deleterious substance that may render it injurious to health, except that if the substance is not an added substance, the product may not be considered adulterated if the quantity of the substance is insufficient to ordinarily render it injurious to health;

(b) it bears or contains, by reason of administration of any substance to the meat, an added poisonous or added deleterious substance other than a color additive, a food additive, or a pesticide chemical in or on a raw agricultural commodity, any of which may in the board's judgment make the meat unfit for human food;

(c) it is in whole or in part a raw agricultural commodity and bears or contains a pesticide chemical that is unsafe as provided in the Federal Food, Drug and Cosmetic Act;

(d) it bears or contains a food additive that is unsafe as provided in the Federal Food, Drug and Cosmetic Act;

(e) it bears or contains a color additive that is unsafe as provided in the Federal Food, Drug and Cosmetic Act; provided that the meat that is not otherwise considered adulterated under subsection (1)(c), (1)(d), or (1)(e) of this section is considered adulterated if use of the pesticide chemical, food additive, or color additive in or on the article is prohibited by rule of the board;

(f) it consists in whole or in part of any filthy, putrid, or decomposed substance or is for any other reason unsound, unhealthful, unwholesome, or otherwise unfit for human food;

(g) it has been prepared, packed, or held under unsanitary conditions whereby it may have become contaminated with filth or rendered injurious to health;

(h) it is in whole or in part the product of an animal, including poultry, that has died otherwise than by slaughter;

(i) its container is composed in whole or in part of any poisonous or deleterious substance that may render the contents injurious to health;

(j) it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to 21 U.S.C. 348; or

(k) any valuable constituent has been in whole or in part omitted or abstracted therefrom, any substance has been substituted wholly or in part therefor, damage or inferiority has been concealed in any manner, or any substance has been added to it or mixed or packed with it so as to increase its bulk or weight, or make it appear better or of greater value than it is.

(2) "Chief" means the chief meat inspector appointed as provided in [section 3].

(3) "Federal Food, Drug and Cosmetic Act" means 21 U.S.C. 301 through 392, as that law reads on [the effective date of this act].

(4) "Livestock" means cattle, buffalo, sheep, swine, goats, rabbits, horses, mules or other equines, and game farm animals as defined in 87-4-406 whether alive or dead.

(5) "Livestock product" or "poultry product" means a product capable of use as human food that is wholly or partially made from meat and is not specifically exempted by rule of the board.

(6) "Meat" means the edible flesh of livestock or poultry and includes livestock and poultry products.

- (a) if its labeling is false or misleading in any particular;

- (c) if it is an imitation of a meat product, unless its label bears, in type of uniform size and prominence, the word "imitation" and immediately thereafter the name of the food being imitated;
- (d) if its container is so made, formed, or filled as to be misleading;
- (e) if it does not bear a label showing:
  - (i) the name and place of business of the manufacturer, packer, or distributor; and
  - (ii) an accurate statement of the quantity of the product in terms of weight, measure, or numerical count. The board may adopt rules exempting small meat packages, meat not in containers, and other reasonable variations.
- (f) if any word, statement, or other information required by [sections 1 through 16] to appear on the label is not prominently placed thereon, as compared with other words, statements, designs, or devices in the labeling, and is not stated in terms that render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;
- (g) if it is represented as a food for which a definition and standard of identity or composition has been prescribed by the rules of the board, unless:
  - (i) it conforms to the definition and standard; and
  - (ii) its label bears the name of the food specified in the definition and standard and, insofar as required by the rules, the common names of optional ingredients present in such food, other than spices, flavoring, and coloring;
- (h) if it is represented as a food for which a standard of fill of container has been prescribed by rules of the board and it falls below the standard of fill of container applicable thereto, unless its label bears, in the manner and form as the rules specify, a statement that it falls below the standard;
- (i) if it is not subject to the provisions of subsection (7)(g), unless its label bears:
  - (i) the common or usual name of the food, if any; and

To the extent that compliance with the requirements of this subsection (ii) is impracticable or results in deception or unfair competition, exemptions must be established by rules promulgated by the board.

(j) if it purports to be for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the board, after consultation with the U.S. secretary of agriculture, by rule prescribes as necessary in order to fully inform purchasers as to its value for such uses;

(k) if it bears or contains an artificial flavoring, artificial coloring, or chemical preservative, unless it bears labeling stating that fact, provided that to the extent that compliance with the requirements of this subsection (k) is impracticable, exemptions must be established by rules promulgated by the board; or

(l) if it fails to bear directly thereon and on its containers, as the board may by rule prescribe, the official inspection legend and establishment number of the establishment where the product was prepared and other information as the board may require to assure that it will not have false or misleading labeling and that the public will be informed of the manner of handling required to maintain the meat in a wholesome condition.

(8) "Official establishment" means an establishment licensed by the board at which inspection of the slaughter of livestock or poultry or the preparation of meat food products is maintained under [sections 1 through 16].

(10) "Poultry" means any domesticated bird, whether alive or dead.

(11) "Prepared" means slaughtered, canned, salted, stuffed, rendered, boned, cut up, or otherwise manufactured or processed.

**Section 3. Chief meat inspector — deputies — qualifications.** (1) There is a chief meat inspector, who must be appointed by the board and shall serve at its pleasure. Such person must be a veterinarian licensed in Montana who has practiced veterinary medicine for 5 years or longer.

(2) The chief shall supervise the state meat inspection program established in [sections 1 through 16] and shall enforce the provisions of [sections 1 through 16] to assure the public that only pure, wholesome, and unadulterated meat or meat food products are offered for sale.

(3) Upon recommendation of the chief, the board shall appoint veterinary meat inspectors and lay meat inspectors, who must be responsible to the chief and who shall conduct ante-mortem and post-mortem inspections, enforce sanitary requirements, and perform other necessary meat inspection duties.

(4) An inspector assigned to an official establishment may not be related to the management of the establishment or have any financial interest therein.

**Section 4. Rules.** The board, upon the recommendation of the chief, shall adopt rules consistent with the requirements of the rules of the U.S. department of agriculture governing meat inspection. The rules must:

(1) require ante-mortem and post-mortem inspections, quarantines, segregation, and reinspections with respect to the slaughter of livestock and poultry and the preparation of livestock and poultry products at all official establishments;

(2) require the identification of livestock and poultry and the marking and labeling of livestock or poultry products as "Montana Inspected and Passed" if they are found upon inspection not to be adulterated;

(3) require the destruction for food purposes of all livestock, poultry, livestock products, and poultry products that have been found to be adulterated;

(10) prescribe sanitation requirements for all official establishments;

(11) require all persons subject to [sections 1 through 16] to maintain full and complete records of all transactions involving meat, livestock products, or poultry products and to make the records available on request to the chief or his inspectors at any reasonable time; and

(12) prescribe additional standards, methods, and procedures as are necessary to effect the purposes of [sections 1 through 16].

**Section 5. Application for state meat inspection service — assignment of establishment number.** (1) Any meat establishment licensed under 81-9-201 may apply to the board for state meat and poultry inspection service. The application must include:

(a) the name and address of the establishment;

- (b) the type of establishment;
- (c) a complete description of the facilities and equipment;
- (d) the day of the week and hours of the day when the establishment is in operation; and
- (e) other information required by the chief.

(2) The chief, upon receipt of the application, shall inspect the applicant's facilities and equipment. If the establishment is found to be clean and sanitary and if it meets the requirements of [sections 1 through 16], the board shall authorize the granting of state meat inspection service to the applicant. The board shall then assign an official establishment number to the approved establishment to be used to mark the meat of the carcasses and parts of carcasses that are offered for sale.

**Section 6. Inspection stamps.** (1) The board shall provide meat inspection stamps to all official establishments, which must contain the words "Montana Inspected and Passed". The inspection stamps must be designed by the board so as to be not in conflict with inspection stamps of the U.S. department of agriculture.

(2) Approved official establishments may use symbols of the inspection stamps on the processed meats and meat food products they offered for sale if they are in compliance with the provisions of [sections 1 through 16].

(3) The meat inspection stamps must at all times be under the jurisdiction of the chief.

**Section 7. Assignment of inspectors.** (1) The chief shall assign inspectors to each official establishment and may assign one inspector to two or more establishments.

(2) No establishment may slaughter or process any cattle, buffalo, sheep, swine, goats, or poultry unless there is an assigned inspector present. The hours of the day and days of each week, including holidays or weekends, when the establishment is slaughtering or processing meat must be satisfactorily arranged between the chief and each establishment. Establishments shall pay overtime fees to the board when services are rendered in excess of 8 hours a day or on holidays or weekends.

**Section 8. Ante-mortem and post-mortem inspection required.** (1) Official establishments must have an ante-mortem inspection. The inspector assigned to each establishment shall examine each animal immediately prior to slaughter for the purpose of eliminating all unfit animals and segregating for more thorough examination all animals suspected of being affected with a condition that might influence their disposition on post-mortem inspection. The unfit animals may not enter the slaughtering facilities of the plant. The suspected animals which after inspection are permitted to be slaughtered must be handled separately from the regular kill and given a special post-mortem examination.

(2) Official establishments must have a post-mortem inspection. The post-mortem inspection must be made at the time the animals are slaughtered. The inspectors shall examine the cervical lymph glands, the skeletal

lymph glands, the viscera and organs, with their lymph glands, and all exposed surfaces of the carcasses of all cattle, buffalo, sheep, swine, and goats. The examination must be conducted in the slaughtering facilities of the establishment during the slaughtering operations.

(3) The chief or any of his inspectors may have a laboratory designated by the board make pathogenic examination of animals or parts thereof for completion of ante-mortem or post-mortem inspection.

**Section 9. Condemnation and appeal.** The inspector at an official establishment shall condemn all diseased or otherwise unfit carcasses and parts of carcasses, including the viscera. The condemned parts must be removed from the slaughtering facilities of the plant in equipment designated for that purpose and must be destroyed for food purposes under the supervision of the inspector. If an establishment wishes to appeal a decision of an inspector as to carcasses or parts of carcasses that have been condemned, the establishment may appeal the decision to the chief or any veterinarian the chief may designate. If the establishment is not satisfied and wishes to make a further appeal, it may submit an appeal to the board, whose decision is final unless the person aggrieved, within 10 days after the date of the decision, appeals to the district court of the district in which the licensed premises are located.

**Section 10. Regulation of equine, game farm animal, or rabbit carcasses or products.** (1) Equines, game farm animals, and rabbits and their carcasses, parts thereof, and meat food products must be slaughtered and prepared in establishments separate from the establishments where cattle, buffalo, sheep, swine, or goats are slaughtered or their carcasses, parts thereof, or meat food products are prepared.

(2) The board may by rule otherwise limit the entry of equine, game farm animal, or rabbit carcasses, parts of carcasses, meat food products, and other materials into any establishment where inspection under [sections 1 through 16] is maintained, under conditions as it may prescribe to assure that allowing the entry of the articles into inspected establishments will be consistent with the purposes of [sections 1 through 16].

**Section 11. Exemptions.** The following persons are exempt from [sections 1 through 16] and 81-9-201:

(1) a person who slaughters livestock or poultry or prepares or processes livestock or poultry products for his own personal or household use;

(2) a person engaged in custom slaughtering of livestock and preparation of the carcasses and parts and meat food products thereof only with respect to the slaughter of livestock delivered by the owner for custom slaughter and the preparation of the carcasses for use by the owner in his own household or by members of his household or nonpaying guests; and

(3) a person who transports dead, dying, or diseased animals or poultry for the purpose of treatment, burial, or disposal in a manner that would prevent the carcasses from being used as human food.

**Section 12. Cooperation with state and federal authorities.** (1) In carrying out the provisions of [sections 1 through 16], the chief shall consult with the department of health and environmental sciences and any

appropriate state laboratory in matters relating to potability of water, sewage systems, and other sanitary conditions of slaughtering and meat processing establishments that might endanger public health. If any official establishment is failing to meet minimum applicable requirements of the department of health and environmental sciences, inspection service to the establishment must be suspended as provided in [section 14] until the condition is remedied.

(2) The board is designated as the agency responsible for cooperating with the U.S. secretary of agriculture in receiving advisory assistance in developing the state program, technical and laboratory assistance and training, and financial assistance for administration of the program.

**Section 13. Violations — penalties.** (1) Except as provided in [sections 1 through 16], no person may:

unwholesome parts or products thereof will be prevented from being used for human food purposes.

(2) A person who violates [sections 1 through 16] or rules adopted under [sections 1 through 16] for which no other criminal penalty is provided is guilty of a misdemeanor and upon conviction is punishable by imprisonment for not more than 1 year or by a fine of not more than \$1,000, or both. If the violation involves intent to defraud or any distribution or attempted distribution of an article that is adulterated, such person is guilty of a felony and upon conviction is punishable by imprisonment for not more than 3 years or by a fine of not more than \$10,000, or both.

**Section 14. Suspension or revocation of inspection service or establishment number — hearing — appeal.** (1) Any license issued by the board or any state meat inspection service or establishment number may be suspended or revoked by the board for noncompliance with [sections 1 through 16] or any rule adopted pursuant to [sections 1 through 16].

(2) State meat inspection service or establishment numbers may be suspended or revoked only after a hearing before the board upon reasonable notice. Notice must be given the licensee by service of the complaint upon him.

(3) The decision of the board is final in any matter relating to renewal, suspension, or revocation of state meat inspection service or an establishment number unless the person aggrieved, within 10 days after the date of the decision, appeals to the district court of the district in which the licensed premises are located. The court shall hear and determine the matter within 10 days after the date of filing the appeal. After such decision, the person aggrieved may, in compliance with the statutory provisions relating thereto, appeal the decision of the district court to the supreme court of the state, but the suspension or revocation of state meat inspection service or an establishment number remains in effect pending the outcome of the appeal.

**Section 15. Injunction.** In addition to remedies provided in [sections 1 through 16], the board is authorized to apply to the district court for and the court shall have jurisdiction, upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating a provision of [sections 1 through 16], whether or not there exists an adequate remedy at law.

produced, kept, handled, or stored. An authorized representative of the department may take samples of a product so produced, kept, handled, or stored for analysis or testing by the department. The records of the samples and their analysis and test, when identified as to the sample by the oath of the officer taking it and verified as to the analysis or test by the oath of the chemist or bacteriologist making it, are prima facie evidence of the facts set forth in them when offered in evidence in a prosecution or action at law or in equity for violation of part 1, 2, or 3 of this chapter, 81-9-201, 81-20-101, 81-21-102, 81-21-103, or a rule or order of the board adopted thereunder. 81-9-201 shall maintain the hide of an animal in its entirety with tail and ears attached for each animal slaughtered until inspected by a state or deputy state stock inspector in the county where the animal was slaughtered. The inspector shall mark the hide in the manner prescribed by the department. This inspection may be waived for those animals inspected by a state or deputy state stock inspector on a preslaughter inspection.

(2) Each dressed carcass of such animal shall be stamped with an ink stamp in a manner specified by the department. The inspector shall keep a record and issue a certificate of inspection as specified by the department, giving the name *and address of the establishment or person*, the serial number of the inspection of the hide, the brand on the hide, the date of inspection, and the place where the inspection was made. The inspector shall forward a copy of the inspection certificate to the department and issue one copy to the person requesting the inspection.

(3) When ownership of the carcass and hide presented is claimed on a bill of sale, the officer making the inspection shall demand and receive the original bill of sale, which shall be attached to the inspector's certificate sent to the county clerk and recorder. When the bills of sale cover cattle not included in the inspection, the inspector shall issue to the owner of the bill of sale a receipt for the bill of sale. The receipt shall describe the balance of the cattle covered by the original bill of sale.

(4) Any person who kills beef or veal in good faith for his own use shall not be required to have such meat inspected or stamped."

Section 20. Section 81-9-114, MCA, is amended to read:

Officers' authority concerning enforcement — seizure and sale of meat held in violation.** Any officer having authority to make the inspection herein provided for may enter into and inspect *meat establishments required to be licensed under 81-9-201* or places where beef is handled in quantities, for the purpose of determining whether the provisions of this part have been complied with. In case meat is found which is being held in violation of the provisions of this part, the officers may seize the same. All meat so seized shall be sold under the direction of

a stock inspector, sheriff, or other officer authorized, at either public or private sale, for the best price obtainable, and the proceeds shall be paid to the county treasurer of the county in which said meat is seized for the benefit of the general fund of said county."

Section 23. Section 81-9-201, MCA, is amended to read:

(7) (a) The applicant for original registration of any new and unused motor vehicle, or a new motor vehicle furnished without charge by a dealer to a school district for use as a traffic education motor vehicle by a school district operating a state-approved traffic education program within the state, whether or not previously licensed or titled to the school district

(except a mobile home as defined in 15-1-101(1)), acquired by original contract after January 1 of any year, is required, whenever the vehicle has not been otherwise assessed, to pay the motor vehicle sales tax provided by this section irrespective of whether the vehicle was in the state of Montana on January 1 of the year.

(b) No motor vehicle may be registered or licensed under the provisions of this subsection unless the application for registration is accompanied by a statement of origin to be furnished by the dealer selling the vehicle, showing that the vehicle has not previously been registered or owned, except as otherwise provided herein, by any person, firm, corporation, or association that is not a new motor vehicle dealer holding a franchise or distribution agreement from a new car manufacturer, distributor, or importer.

(6) "Tax sale" means:

**Section 2. Notice of pending tax sale.** (1) The county treasurer shall publish or post a notice of pending tax sale. The notice must include:

(a) the specific time, date, and place an interest in the property on which the taxes are delinquent will be offered for sale;

(b) a statement that the delinquent taxes, including penalties, interest, and costs, are a lien upon the property and that unless the delinquent taxes, penalties, interest, and costs are paid prior to the time of the tax sale, the lien will be offered for sale at the time and place specified in subsection (1)(a).

(2) The notice required in subsection (1) must also include a statement that a list of each property on which the taxes are delinquent is on file in the office of the county treasurer and open to inspection. The list must include:

(3) The affidavit filed under subsection (1) or (2) is prima facie evidence of all the facts stated therein.

**Section 4. Irregular assessment.** If the county treasurer discovers, prior to the tax sale, that property on which the taxes are delinquent has been irregularly assessed, he may not offer the property or a property tax lien for sale. In such event, the taxes on the property must be listed on the assessment book as uncollected for the year in which they were due, and they must be assessed and collected during the succeeding year as taxes are regularly assessed and collected.

**Section 5. Conduct of tax sale.** (1) On the date and at the time and place specified in the notice, the county treasurer shall, except as provided in [section 4], begin the tax sale of all property described in the list required in [section 2(2)]. The tax sale must continue until the county treasurer declares it over, but must continue for a period of not less than 1 day. The treasurer is not required to read the list but shall make a copy of the list available for public inspection during regular business hours.

(2) The treasurer may postpone the day of commencing the sale on a day-to-day basis without publishing a new notice, provided that the sale is held within 3 weeks from the day first fixed.

(3) Property assessed under [section 12] that has not been sold to a purchaser other than the county may, at the discretion of the county treasurer, be offered for sale at tax sales subsequent to the sale at which it was first offered.

**Section 6. Tax sale certificate.** (1) Upon receipt of all delinquent taxes, penalties, interest, and costs, the county treasurer shall prepare a tax sale certificate that must contain:

- (a) the date on which the property taxes became delinquent;
- (b) the date on which a property tax lien was sold at a tax sale;
- (c) the name and address of record of the person to whom the taxes were assessed;
- (d) a description of the property on which the taxes were assessed;
- (e) the name and mailing address of the purchaser;
- (f) the amount paid to liquidate the delinquency, including a separate listing of the amount of the delinquent taxes, penalties, interest, and costs;
- (g) a statement that the certificate represents a lien on the property that may lead to the issuance of a tax deed for the property;
- (h) a statement specifying the date on which the purchaser will be entitled to a tax deed; and
- (i) an identification number corresponding to the tax sale certificate number recorded by the county treasurer as required in [section 7].

(2) The certificate must be signed by the county treasurer and delivered to the purchaser. A copy of the certificate must be filed by the treasurer in the office of the county clerk.

- (4) the amount paid to liquidate the delinquency, including a separate listing of the amount of the delinquent taxes, penalties, interest, and costs; and
- (5) a number identifying the tax sale certificate issued upon payment of the delinquency.

(2) (a) After the 21st day following the first day of the tax sale, the county treasurer shall identify and list all property that was sold at the tax sale. He shall also record that the county is the purchaser of all property remaining unsold and upon which the taxes remain delinquent.

(b) The record of the property in which the county is listed as the purchaser may be made by the treasurer by a separate tax sale certificate of each property or by reference to the property as recorded in the list required under 15-16-301.

(3) A property tax lien of the county in any property acquired by the county under subsection (1) must be assigned by the county treasurer as provided in [section 11] upon the payment of all delinquent taxes, including penalties, interest, and costs specified in [section 11].

**Section 9. Resale for nonpayment.** (1) If a purchaser other than the county does not pay the delinquent taxes, including penalties, interest, and costs, before 10 a.m. on the next business day following the day of purchase at a tax sale, the property must be made available for sale for the amount of the delinquent taxes, including penalties, interest, and costs, on the following business day of the sale, except as provided in subsection (2).

(2) If the sale was made on the last day of the tax sale and payment was not received as provided in subsection (1), the county is considered to be the purchaser as provided in [section 8].

**Section 10. Disposition of money from tax sale.** All money received from purchasers for delinquent taxes, penalties, interest, and costs must be deposited in the county treasury. The money received, other than costs, must be credited to the various funds to which the taxes would have originally been distributed and in the same proportion as the taxes would have originally been distributed. Any money received for costs or any money remaining after crediting the separate funds must be deposited to the credit of the county general fund.

**Section 11. Assignment of rights — form.** (1) Any tax sale certificate or other official record in which the county is listed as the purchaser must be assigned by the county treasurer to any person who pays to the

county the amount of the delinquent taxes, including penalties, interest, and costs, accruing from the date of delinquency.

(2) The assignment made under subsection (1) must be in the form of an assignment certificate in substantially the following form:

I, ....., the treasurer of .... County, state of Montana, hereby certify that a tax sale for tax year 19.., in the county of ....., was held on .... (date), for the purpose of liquidating delinquent assessments, and I further certify that a property tax lien for delinquent taxes in the following property: (insert property description) was offered for sale and that there was no purchaser of the property tax lien. Accordingly, the county was listed as the purchaser as required by [section 8], MCA. As of the date of this certificate, the delinquency, including penalties, interest, and costs amounting to \$...., has not been liquidated by the person to whom the property was assessed, nor has the delinquency been otherwise redeemed.

There having been no liquidation of the delinquency or other redemption, I hereby assign all rights, title, and interest of the county of ....., state of Montana, acquired in such property by virtue of the sale to .... (name and address of assignee) to proceed to obtain a tax deed to the property or receive payment in case of redemption as provided by law.

Witness my hand and official seal of office this .... day of ....., 19...

..... County Treasurer  
..... County

(3) An assignment made by a purchaser other than the county, by an assignee of the county, or by a previous assignee may be made for any consideration whatsoever. An assignment so made is legal and binding only upon filing with the county treasurer a statement that the purchaser's or other assignee's interest in the property has been assigned. The statement must contain:

- (a) the name and address of the new assignee;
- (b) the name and address of the original purchaser of the tax sale certificate;
- (c) the name and address of each previous assignee, if any;
- (d) a description of the property upon which the property tax lien was issued, which description must contain the same information as contained in the tax sale certificate or assignment certificate, as appropriate;
- (e) the signature of the party, be it purchaser or assignee, making the assignment;
- (f) the signature of the new assignee; and
- (g) the date on which the statement was signed.

(4) If the certificate described in subsection (1) or the statement described in subsection (3) is lost or destroyed, the county treasurer shall, upon adequate proof and signed affidavit by the assignee that loss or destruction has occurred, issue a duplicate certificate to the assignee.

(5) The provisions of this section apply to any sale of land for which a treasurer's deed was not issued on or before March 5, 1917, or for which a tax deed was not issued on or before [the effective date of this act], and the holder of any certificate described in subsection (1) has the same rights, powers, and privileges with regard to securing a deed as any purchaser of land at a tax sale may now have.

**Section 12. Assessment of property sold at tax sale.** (1) The assessment of property on which a tax sale certificate has been issued or for which the county is listed as the purchaser as provided in [section 8] continues in the same manner as other property is assessed.

(2) If any assessed taxes are not paid when due, they are delinquent.

**Section 13. Sale not voided by misnomer of ownership.** When a tax sale certificate is acquired as provided in [section 6] or when the county is listed as the purchaser as provided in [section 8] and the taxes were properly assessed on the property of a particular person, no misnomer of ownership or other mistake relating to ownership affects the sale or renders it void or voidable.

**Section 14. Voided sale — refund — limitation on action for royalty interest.** (1) If a tax sale held under the provisions of [sections 1 through 15] is declared void by a court for irregularity in the assessment, levy, or sale, the money paid by the purchaser at the sale or by any assignee must be refunded, with interest at the rate payable upon delinquencies as provided in 15-16-102 from the date of the payment, to the purchaser or owner of the tax sale certificate, together with any penalty paid by the purchaser.

(2) Following the payment of a refund as provided in subsection (1), the county is considered the purchaser and has a property tax lien upon the property for the legal taxes on the property accruing from the date of delinquency, plus penalties and interest as provided in 15-16-102. Any money refunded that was received as provided in [section 6] and distributed by the treasurer to the state or a city, town, or district, respectively, must be charged to the state, city, town, or district by the treasurer and deducted from the next money due the state, city, town, or district, respectively, on account of taxes paid or collected. A purchaser of a property tax lien or owner thereof by assignment where sales have been made by a city or town which by resolution or ordinance collects its own taxes instead of having the same collected by the county treasurer must be reimbursed in similar manner and in similar circumstances out of the city or town treasury upon order of the mayor or, where applicable, the city manager or chairman of the city commission. The city or town clerk or city or town treasurer, as appropriate, shall make proper charges and deductions against the respective funds of the city or town upon the next collection of taxes by the city or town.

(3) The purchaser has a lien upon the property for the amount of taxes, penalties, interest, and costs paid, with the interest to be at the rate specified for delinquencies in 15-16-102. If the purchaser is in possession of the property and resides thereon, he may not be ejected from the property until his lien has been liquidated.

(4) All affirmative defenses at law or equity, including but not limited to estoppel, laches, and adverse possession, may apply in a suit brought to challenge the title to a royalty interest in land claimed to have been acquired by a county by tax deed.

(5) An action against a county to recover a royalty interest in land acquired by the county by tax deed must be brought within the period prescribed in 27-2-210.

**Section 15. Sale of personalty for delinquent taxes — fee — disposition of proceeds — unsold property.** (1) The tax on personal property may be collected and payment enforced by the seizure and sale of any personal property in the possession of the person assessed. Seizure and sale are authorized at any time after the date the taxes become delinquent or by the institution of a civil action for its collection in any court of competent jurisdiction. A resort to one method does not bar the right to resort to any other method. Any of the methods provided may be used until the full amount of the tax is collected.

(2) The provisions of 15-16-113 and this section apply to a seizure and sale under subsection (1).

(3) A sale under subsection (1) must be at public auction. The minimum bid for any property offered for sale must be of a sufficient amount to pay the delinquent taxes, including penalties, interest, and costs.

(4) For seizing and selling personal property, the treasurer shall charge \$25, plus the mileage allowance provided by law to the sheriff, plus reasonable expenses for seizing, handling, keeping, or caring for any property so seized. The charge and other costs may only be charged when property is actually seized and offered for sale or sold.

(5) On payment of the price bid for any property sold as provided in this section, delivery of the property, with a bill of sale, vests the title of the property in the purchaser.

(6) (a) All money collected from the sale of property in liquidation of the delinquency, including delinquent taxes, penalties, and interest, but not costs, must be credited by the treasurer to the appropriate funds.

(b) Any money collected in excess of the delinquent tax penalties, interest, costs, and charges must be returned to the person owning the property prior to the sale, if known. If the person does not claim the excess immediately following the sale, the treasurer shall deposit the money in the county treasury for a period of 1 year from the date of sale. If the person has not claimed the excess within 1 year from the date of sale, the county treasurer shall deposit the amount in the county general fund and the person has no claim to it thereafter.

(7) Any property seized for the purpose of liquidating a delinquency by a tax sale that remains unsold following a sale may be left at the place of sale at the risk of the owner.

**Section 16. Time for redemption — interested party.** (1) Redemption of a property tax lien acquired at a tax sale or otherwise may be made by the owner, the holder of an unrecorded or improperly recorded interest,

the occupant of the property, or any interested party within 36 months from the date of the first day of the tax sale or within 60 days following the giving of the notice required in [section 21], whichever is later.

(2) For the purposes of [sections 16 through 26], an "interested party" includes a mortgagee, vendor of a contract for deed or his successor in interest, lienholder, or other person who has a properly recorded interest in the property. A person having an interest in property on which there is a property tax lien but which interest is not properly recorded is not an interested party for the purposes of [sections 16 through 26].

**Section 17. Redemption from property tax lien.** In all cases where a property tax lien has been acquired, the purchaser may pay the subsequent taxes assessed against the property. Upon the redemption of the property from the property tax lien, the redemptioner shall, in addition to the amount for which the property tax lien was sold, including penalties, interest, and costs, pay the subsequent taxes paid by the purchaser with interest thereon, at the rate established for delinquent taxes in 15-16-102, from the date of the payment of the taxes, penalties, interest, and costs.

**Section 18. Treasurer to record redemptions.** Upon payment of all delinquent taxes, including penalties, interest, and costs, by the person to whom taxes were assessed or his agent to the county treasurer and refunded to the person listed as purchaser as provided in [section 6(1)(e)], [section 7], or [section 8] or distributed as provided in [section 19], the word "redeemed", the date, and the name of the redemptioner must be marked on the tax sale certificate or in the record required in [section 8] by the county treasurer.

**Section 19. Distribution of redemption proceeds.** (1) When a property tax lien for which the county is listed as purchaser is redeemed, the money received from the redemption, including penalties and interest but not costs, must be distributed to the credit of the various funds to which the taxes would have originally been distributed and in the same proportion as the taxes would have originally been distributed.

(2) (a) When a property tax lien for which the recorded purchaser is other than the county is redeemed, the money received from the redemption, including penalties and interest but not costs, must be distributed to the person listed as the purchaser on the tax sale certificate and in the record kept by the county treasurer.

(b) (i) The distribution must be made by certified mail by the county treasurer to the purchaser at the address listed on the tax sale certificate as provided in [section 6(1)(e)].

(ii) If the money distributed to the purchaser is returned unopened to the county treasurer, the treasurer shall publish once a week for 2 consecutive weeks in the official newspaper of the county a notice stating that:

(A) the county treasurer is in possession of money belonging to the purchaser for the redemption of the delinquency on the property named in the tax sale certificate;

(B) the money will be held by the county treasurer for a period of 1 year from the date of publication; and

(C) if the money is not claimed by the purchaser within the 1-year period, the purchaser relinquishes all claim to the money and the money will be credited to the county general fund.

(3) The publication required in subsection (2)(b)(ii) must be made at least annually, but the 1-year period described in subsection (2)(b)(ii)(B) may not begin until the date of publication.

(4) The county treasurer shall keep an accurate account of all money paid in redemption, including a separate accounting of other delinquent taxes, interest, penalties, and costs, and when and to whom distributed.

**Section 20. Tax deed — fee.** (1) Except as provided in subsection (3), if the property tax lien is not redeemed in the time allowed under [section 16], the county treasurer shall grant the purchaser a tax deed for the property. The deed must contain the same information as is required in a tax sale certificate under [section 6], except the description of the property must be the full legal description, and a statement that the property tax lien was not redeemed during the redemption period provided in [section 16].

(2) (a) Except as provided in subsection (2)(b), the county treasurer shall charge the purchaser \$25 plus all actual costs incurred by the county in giving the notice or assisting another purchaser or assignee in giving the notice required in [section 21] for making the deed, which fee must be deposited in the county general fund.

(b) If the purchaser is the county, no fee may be charged for making the deed.

(c) Reasonable costs incurred by the county in searching the county records to identify persons entitled to notice are considered part of the actual costs of the notice provided in subsection (2)(a).

(3) If the purchaser is the county and no assignment has been made, the county treasurer may not issue a tax deed to the county unless the board of county commissioners, by resolution, directs him to issue a tax deed.

(4) Deeds issued to purchasers must be recorded by the county clerk as provided in Title 7, chapter 4, part 26, except that when the county is the purchaser and subsequent tax deed holder, the county clerk may not charge a fee for recording the deed.

**Section 21. Notice — proof of notice — penalty for failure to notify.** (1) Not more than 60 days prior to and not more than 60 days following the expiration of the redemption period provided in [section 16], a notice must be given as follows:

(a) for each property for which there has been issued to the county a tax sale certificate or for which the county is otherwise listed as the purchaser or assignee, the county clerk shall notify all persons considered interested parties in the property and the current occupant of the property, if any, that a tax deed may be issued to the county unless the property tax lien is redeemed prior to the expiration date of the redemption period; or

(b) for each property for which there has been issued a tax sale certificate to a purchaser other than the county, or for which an assignment has been made, the purchaser or assignee, as appropriate, shall notify all persons considered interested parties in the property, if any, that a tax deed will be issued to the purchaser or assignee unless the property tax lien is redeemed prior to the expiration date of the redemption period.

- (a) the property was assessed as required by law;
- (b) the taxes were levied in accordance with law;
- (c) the taxes were not paid when due;
- (d) notice of tax sale was given and a property tax lien was sold at the proper time and place as provided by law;
- (e) the property was not redeemed, and proper notice of a pending tax deed issuance was made as required by law;
- (f) the person who executed the deed was legally authorized to do so; and

(g) if the real property was sold to pay delinquent taxes on personal property, the real property belonged to the person liable to pay the personal property tax.

**Section 23. Effect of deed.** (1) A deed issued under [sections 16 through 26] conveys to the grantee absolute title to the property described

therein as of the date of the expiration of the redemption period, free and clear of all liens and encumbrances, except:

- (a) when the claim is payable after the execution of the deed and:
    - (i) a property tax lien attaches subsequent to the tax sale; or
    - (ii) a lien of any special, rural, local improvement, irrigation, or drainage assessment is levied against the property;
  - (b) when the claim is an easement, servitude, covenant, restriction, reservation, or similar burden lawfully imposed on the property; or
  - (c) when an interest in the land is owned by the United States, this state, or a subdivision of this state.
- (2) Under the conditions described in subsection (1), the deed is prima facie evidence of the right of possession accrued as of the date of expiration of the period for redemption or the date upon which a tax deed was otherwise issued.

**Section 24. Action to quiet title to tax deed — notice.** (1) (a) In an action brought to set aside or annul any tax deed or to determine the rights of a purchaser to real property claimed to have been acquired through tax proceedings or a tax sale, the purchaser, upon filing an affidavit, may obtain from the court an order directed to the person claiming to:

- (i) own the property;
  - (ii) have any interest in or lien upon the property;
  - (iii) have a right to redeem the property; or
  - (iv) have rights hostile to the tax title.
- (b) The person described in subsections (1)(a)(i) through (1)(a)(iv) is hereafter referred to as the true owner.
- (c) The order described in subsection (1)(a) may command the true owner to:

- (i) deposit with the court for the use of the purchaser:

(A) the amount of all taxes, interest, penalties, and costs that would have accrued if the property had been regularly and legally assessed and taxed as the property of the true owner and was about to be redeemed by the true owner; and

(B) the amount of all sums reasonably paid by the purchaser following the order and after 3 years from the date of the tax sale to preserve the property or to make improvements thereon while in the purchaser's possession, as the total amount of the taxes, interest, penalties, costs, and improvements is alleged by the plaintiff and as must appear in the order; or

- (ii) show cause on a date to be fixed in the order, not exceeding 30 days from the date of the order, why such payment should not be made.

(2) The affidavit must list the name and address of the true owner and whether he is in the state of Montana, if known to the plaintiff, or state that the address of the true owner is not known to the plaintiff.

(3) (a) The order must be filed with the county clerk and a copy served personally upon each person shown in the affidavit claiming to be a true owner and who is, at that time, known to be in the state of Montana.

(b) Jurisdiction is acquired over all other persons by:

(i) publishing the order once in the official newspaper of the county;

(ii) posting the order in three public places in the county at least 10 days prior to the hearing; and

(iii) giving a copy to the county treasurer.

**Section 25. Procedure in tax deed quiet title action.** (1) Upon the hearing of the order to show cause, the court has jurisdiction to determine the amount to be deposited and to make an order that the same be paid to the court within a period not exceeding 30 days after the order is made.

(2) (a) Except as provided in subsection (2)(b), if the amount is not paid within the time fixed by the court, the true owner is considered to have waived any defects in the tax proceedings and any right of redemption. In the event of waiver, the true owner has no claim of any kind against the state or purchaser and a decree must be entered in the action quieting the title of the purchaser as against the true owner.

(b) The proceedings are void if the taxes were not delinquent or have been paid.

(3) If payment is made to the court and the true owner is successful in the action and the tax proceedings are declared void, the amount deposited with the court must be paid to the purchaser.

(4) If the purported true owner is not successful in the action and the title of the purchaser is sustained, the money must be returned to the purported true owner.

(5) In any action brought by a purchaser to quiet title, several tracts of land, whether contiguous or noncontiguous or owned by different defendants, may be set forth in one complaint. All persons claiming any title to, interest in, or lien upon any of the premises or any part thereof may be joined as defendants, even though their claims are independent, are not in common, and do not cover the same tracts. The procedure in such an action must follow, as nearly as practicable, the procedure specified in 70-28-101 through 70-28-109.

(6) In the final judgment, the court shall also determine the rights resulting from any additional taxes on the property accruing or being paid by either party during the pendency of the suit.

(7) In the quiet title action, the court has complete jurisdiction to fix the amount of taxes that should have been paid, including penalties, interest, and costs, and to determine all questions necessary in granting full relief, including the power to order any assessor or other tax officer to

make and certify to the court a corrected or new assessment or to do any other act necessary to enable the court to do complete justice. Errors may be reviewed on appeal from the final judgment.

**Section 26. Title conveyed by deed — defects.** (1) All deeds executed more than 3 years after the applicable tax sale convey to the grantee absolute title to the property described in the deed as of 3 years following the date of sale of the property interest at the tax sale.

(2) The conveyance includes:

(a) all right, title, interest, estate, lien, claim, and demand of the state of Montana and of the county in and to the property; and

(b) the right, if the tax deed, tax sale, or any of the tax proceedings upon which the deed may be based are attacked and held irregular or void, to recover the unpaid taxes, interest, penalties, and costs that would accrue if the tax proceedings had been regular and it was desired to redeem the property.

(3) The tax deed is free of all encumbrances except as provided in [subsections (1)(a) through (1)(c) of section 23].

(4) A tax deed is prima facie evidence of the right of possession accruing as of the date of the expiration of the redemption period described in [section 16].

(5) If any tax deed or deed purporting to be a tax deed is issued more than 3 years and 30 days after the date of the sale of the property interest at the applicable tax sale, the grantee may publish in the official newspaper of the county, once a week for 2 consecutive weeks, a notice entitled "Notice of Claim of a Tax Title". The notice must:

(a) describe all property claimed to have been acquired by a tax deed;

(b) contain an estimate of the amount due on the property for delinquent taxes, interest, penalties, and costs;

(c) contain a statement that for further specific information, reference must be made to the records in the office of the county treasurer;

(d) list the name and address of record of the person in whose name the property was assessed or taxed; and

(e) contain a statement that demand is made that the person assessed or taxed must, within 30 days after the first publication of the notice, pay to the claimant or to the county treasurer for use by the claimant the amount of taxes, interest, penalties, and costs as the same appear in the records of the county treasurer or bring a suit to quiet the true owner's title or to set aside the tax deed.

(6) A mistake in the amount or in any name specified in the notice does not invalidate the notice.

(7) (a) If within the 30-day period the taxes, interest, penalties, and costs are not paid or a quiet title action is not brought, all defects in the tax proceedings and any right of redemption is considered waived. Except

as provided in subsection (7)(b), after the 30-day period the title to the property described in the notice and in the tax deed is valid and binding, irrespective of any irregularities, defects, omissions, or total failure to observe any of the provisions of the laws of Montana regarding the assessment, levying of taxes, or sale of property for taxes and the giving of notices, whether or not such irregularities, defects, omissions, or failures could void the proceedings.

(b) The proceedings in subsection (7)(a) are void if the taxes were not delinquent or have been paid.

(d) All refunds ordered to be paid by the board of county commissioners *must* be paid by the county treasurer out of the general fund of the county, and the county treasurer shall then make such transfers from other county funds and from state, school district, and other public corporation funds in his possession as may be necessary to reimburse the county general fund for payments made therefrom.

**Section 3. Collection and reporting.** (1) The owner or operator of a facility shall collect the tax imposed by [section 2].

(2) The owner or operator shall report to the department of revenue, at the end of each calendar quarter, the gross receipts collected during that quarter attributable to accommodation charges for the use of the facility. The report is due within 30 days following the end of the calendar quarter and must be accompanied by a payment in an amount equal to the tax required to be collected under subsection (1).

**Section 4. Audits — records.** (1) The department of revenue may audit the books and records of any owner or operator to ensure that the proper amount of tax imposed by [section 2] has been collected. An audit may be done on the premises of the owner or operator of a facility or at any other convenient location.

(2) The department may request the owner or operator of a facility to provide the department with books, ledgers, registers, or other documents necessary to verify the correct amount of tax.

(3) The owner or operator of a facility shall maintain and have available for inspection by the department books, ledgers, registers, or other documents showing the collection of accommodation charges for the preceding 5 years.

(4) Except in the case of a person who, with intent to evade the tax, purposely or knowingly files a false or fraudulent return violating the provisions of [this act], the amount of tax due under any return must be determined by the department within 5 years after the return is made, and the department thereafter is barred from revising any such return or recomputing the tax due thereon, and no proceeding in court for the collection of the tax may be instituted unless notice of any additional tax is provided within such period.

**Section 6. Failure to pay or file — penalty — interest.** (1) An owner or operator of a facility who fails to file the report as required by [section 3] must be assessed a penalty of 2% of the tax that should have been collected during the calendar quarter. Upon a showing of good cause, the department of revenue may waive the penalty.

(2) An owner or operator of a facility who fails to make payment or fails to report and make payment as required by [section 3] must be assessed a penalty of 2% of the amount that was not paid. Upon a showing of good cause, the department may waive the penalty.

(3) If an owner or operator of a facility fails to file the report required by [section 3] or if the department of revenue determines that the report understates the amount of tax due, the department may determine the amount of the tax due and assess that amount against the owner or operator.

(4) The amount required to be paid under [section 3] accrues interest at the rate of 1% a month or part thereof from delinquency until paid.

**Section 7. Distribution of tax proceeds — general fund loan authority.** (1) The proceeds of the tax imposed by [section 2] must be deposited in an account in the state special revenue fund to the credit of

(2) If a city or consolidated city-county qualifies under this section for funds but fails to either recognize a nonprofit convention and visitors bureau or submit and gain approval for an annual marketing plan as required in [section 8], then those funds must be allocated to the tourism region in which the city or consolidated city-county is located.

(3) If a regional nonprofit tourism corporation fails to submit and gain approval for an annual marketing plan as required in [section 8], then those funds otherwise allocated to the regional nonprofit tourism corporation may be used by the department of commerce for tourism promotion and promotion of the state as a location for the production of motion pictures and television commercials.

(3) A maximum of 20% of the funds received by a regional nonprofit tourism corporation or nonprofit convention and visitors bureau may be used for administrative purposes as defined by the council.

**Section 9. Tourism advisory council.** (1) There is created a tourism advisory council.

## CHAPTER NO. 608

[HB 252]

AN ACT LOWERING COAL SEVERANCE TAX RATES; PROVIDING A CONTINGENT PERMANENT REDUCTION; EXTENDING THE NEW PRODUCTION CREDIT; REVISING LEGISLATIVE FINDINGS AND DECLARATIONS OF PURPOSE; AMENDING SECTIONS 15-35-101 THROUGH 15-35-104, 15-35-202, AND 15-35-203, MCA; AND PROVIDING AN EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-35-101, MCA, is amended to read:

**"15-35-101. Legislative findings and declarations of purpose.**

(1) The legislature finds that while coal is extracted from the earth like metal minerals, there are differences between coal and metal minerals such that they should be classified in different categories for taxation purposes. The legislature finds that while coal can be utilized like petroleum products, there are differences between coal and petroleum such that they should be classified in different categories for taxation purposes. The legislature further finds that:

(a) coal is the only mineral which can supply energy while being easily found in abundance in Montana;

(b) coal is the only mineral which is so often marketed through sales contracts of many years' duration;

(c) coal, unlike most minerals, varies widely in composition and consequent value when marketed;

(d) coal in Montana is subject to regional and national demands for development which could affect the economy and environment of a larger portion of the state than any other mineral development has done;

(e) *subbituminous coal and lignite coal in Montana have sufficiently different markets and value and therefore require different production taxes;*

(f) coal produced in underground mines has higher production costs and underground producers are able to pay lesser amounts of royalty and production tax than strip-mine producers can pay; *and*

(g) coal production in Montana has been subject to an uncoordinated array of taxes which overlap one another and yield revenue in an inconsistent and unpredictable manner.

(2) The legislature declares that the purposes of this chapter are to:

(a) allow the severance taxes on coal production to remain a constant percentage of the price of coal;

(b) stabilize the flow of tax revenue from coal mines to local governments through the property taxation system;

(c) simplify the structure of coal taxation in Montana, reducing tax overlap and improving the predictability of tax projections; and

(d) accomplish the foregoing purposes by establishing categories of taxation which recognize the unique character of coal as well as the variations found within the coal industry."

Section 2. Section 15-35-102, MCA, is amended to read:

**"15-35-102. Definitions.** As used in this chapter, the following definitions apply:

(1) "Agreement" means a signed contract that is valid under Montana law between a coal mine operator and a purchaser or broker for the sale of coal that is produced in Montana.

(2) (a) "Base consumption level" for a purchaser, *except as provided in subsection (2)(b)*, means the *lesser of*:

(i) the volume of coal purchased during calendar year 1986 from all Montana coal mine operators; or

(ii) *the greater of*:

(A) *the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators; or*

(B) 90% of the maximum tonnage provided for in any agreement executed prior to January 1, 1985, for which the highest scheduled minimum quantity of coal stipulated by the terms of the agreement as they existed

on January 1, 1985, has not been purchased at any time during the term of the agreement, plus the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators under all other agreements.

*(b) If the volume calculated in subsection (2)(a)(i) is less than one-third of the volume calculated in subsection (2)(a)(ii), the base consumption level is the volume calculated in subsection (2)(a)(ii).*

(3) (a) *Except as provided in subsection (3)(b), "base production level" for a coal mine operator means the lesser of:*

*(i) the arithmetic average volume of coal produced in Montana and sold to a purchaser in calendar years 1983 and 1984; or*

*(ii) the volume of coal produced in Montana and sold to a purchaser in 1986.*

*(b) If the amount calculated in subsection (3)(a)(ii) is less than one-third of the amount calculated in subsection (3)(a)(i), the base production level is the amount calculated in subsection (3)(a)(i).*

(4) "Broker" means any person who resells Montana coal.

(5) "Contract sales price" means either the price of coal extracted and prepared for shipment f.o.b. mine, excluding that amount charged by the seller to pay taxes paid on production, or a price imputed by the department under 15-35-107. Contract sales price includes all royalties paid on production, no matter how such royalties are calculated. However, with respect to royalties paid to the government of the United States, the state of Montana, or a federally recognized Indian tribe, the contract sales price includes only:

(a) for quarterly periods ending on and after September 30, 1984, 15 cents per ton plus 75% of the difference between 15 cents per ton and the amount of such federal, state, and tribal government royalties actually paid;

(b) for quarterly periods ending on and after September 30, 1985, 15 cents per ton plus 50% of the difference between 15 cents per ton and the amount of such federal, state, and tribal government royalties actually paid;

(c) for quarterly periods ending on and after September 30, 1986, 15 cents per ton plus 25% of the difference between 15 cents per ton and the amount of such federal, state, and tribal government royalties actually paid; and

(d) for quarterly periods ending on and after September 30, 1987, 15 cents per ton.

(6) "Department" means the department of revenue.

(7) "Energy conversion process" includes any process by which coal in the solid state is transformed into slurry, gas, electric energy, or any other form of energy.

(8) "Incremental production" means that quantity of coal produced annually by a coal mine operator and sold to a qualified purchaser that

exceeds the base production level of the coal mine operator for that purchaser, but only to the extent the quantity of coal exceeds that purchaser's base consumption level from all Montana producers.

(9) "Produced" means severed from the earth.

(10) "Purchaser" means a person who purchases or contracts to purchase Montana coal directly from a coal mine operator or indirectly from a broker and who utilizes that coal in any industrial, commercial, or energy conversion process. A coal broker or any other third party intermediary is not a purchaser under the provisions of this chapter.

(11) "Qualified purchaser" means a purchaser whose purchases of Montana coal in any given year exceed his base consumption level. A purchaser of Montana coal who enters into a coal agreement with another purchaser or a broker that causes a reduction in the base consumption level of a purchaser is not a qualified purchaser.

(12) "Strip mining" or "surface mining" is defined in 82-4-203.

(13) "Taxes paid on production" includes any tax paid to the federal, state, or local governments upon the quantity of coal produced as a function of either the volume or the value of production and does not include any tax upon the value of mining equipment, machinery, or buildings and lands, any tax upon a person's net income derived in whole or in part from the sale of coal, or any license fee.

(14) "Ton" means 2,000 pounds.

(15) "Underground mining" means a coal mining method utilizing shafts and tunnels and as further defined in 82-4-203."

Section 3. Section 15-35-103, MCA, is amended to read:

**"15-35-103. Severance tax — rates imposed — exemptions.** (1) *Except as provided in subsection (2), a severance tax is imposed on each ton of coal produced in the state in accordance with the following schedule:*

(2) (a) (i) On or before October 1, 1988, the department shall determine the total number of tons of coal produced in Montana and sold from July 1, 1987, through June 30, 1988. If the department finds that these sales exceed 32.2 million tons (which is the average total yearly coal sales for calendar years 1983, 1984, 1985, and 1986), the rate of the coal severance tax is as set forth in subsections (2)(b) through (2)(d).

(ii) If any facility that burned Montana coal at any time from July 1, 1987, to June 30, 1988, does not operate during a portion of that period due to mechanical failure or catastrophic act of God, the department shall determine the average monthly sales of Montana coal to the facility during its operation and multiply this figure by 12. The department shall include the product of this calculation in making its determination of coal produced in Montana and sold from July 1, 1987, through June 30, 1988.

The statement shall indicate the tonnage produced, the average Btu value of the production, the contract sales price received for the production, and such other

information as the department may require. *Each coal mine operator shall provide a statement of the tons of coal sold to each purchaser for the quarter.* The completed form in duplicate, with the tax payment, shall be delivered to the department not later than 30 days following the close of the quarter. The form shall be signed by the operator if the operator is an individual or by an officer of the coal mine operator if the operator is a business entity. A person operating more than one coal mine in this state may include all of his mines in one statement. The department may grant a reasonable extension of time for filing statements and payment of taxes due upon good cause shown therefor."

**"15-35-202. New coal production incentive tax credit allowed — application limited.** (1) A coal mine operator is entitled to a new coal production incentive tax credit *against* the tax imposed under 15-35-103 of:

(a) 33 ⅓% for incremental production sold during calendar years 1985 and 1986;

(b) 50% for incremental production sold from January 1, 1987, until June 30, 1988; and

(c) 40% for incremental production sold from July 1, 1988, until June 30, 1990; provided, however, that if the production quota established in 15-35-103(2)(a)(i) is not met, the tax credit for this period is 50% for fiscal year 1989 and 40% for fiscal year 1990.

(2) (a) A coal mine operator is entitled to a new coal production incentive tax credit *against* the tax imposed under 15-35-103 on incremental production for the entire term of an agreement, except as provided in subsection (3), if the incremental production resulted from coal purchases under:

(i) an existing agreement which was extended between January 1, 1985, and December 31, 1988, for at least a 5-year period; or

(ii) a new agreement that was executed between January 1, 1985, and December 31, 1988.

(b) The rate of credit allowed under subsection (2)(a) is:

(i) 33 ⅓% for incremental production sold from January 1, 1985, until December 31, 1986;

(ii) 50% for any incremental production sold from January 1, 1987, until June 30, 1988;

(iii) 40% for any incremental production sold from July 1, 1988, until June 30, 1990. However, if the production quota established in 15-35-103(2)(a)(i) is not met, the tax credit for this period is 50% for fiscal year 1989 and 40% for fiscal year 1990.

(iv) 25% for any incremental production sold from July 1, 1990, until June 30, 1991; and

(v) 25% after June 30, 1991, if the production quota in 15-35-103(2)(a)(i) has not been met.

(3) No credit may be claimed for coal produced prior to January 1, 1985."

Section 6. Section 15-35-203, MCA, is amended to read:

**"15-35-203. Calculation and application of credit.** (1) The amount of new coal production incentive tax credit that a coal mine operator may claim against the tax imposed in 15-35-103 is calculated by:

(a) determining the incremental production for each of his qualified purchasers that was produced during a calendar year;

(b) *distributing the incremental production among the quarters in the calendar year in the same proportion as the total volume of coal sold each quarter to each respective purchaser and summing the amounts for all purchasers to determine the coal mine operator's incremental production for each quarter;*

(c) determining the arithmetic average severance tax per ton calculated prior to application of the credit on coal sold to each qualified purchaser *each quarter* during the calendar year;

(d) multiplying the incremental production for a *quarter* for a purchaser by the average severance tax per ton for that purchaser and multiplying the total by *the appropriate percentage as provided in 15-35-202 for each quarter;* and

(e) totaling the amount so calculated for all qualified purchasers *for all four quarters of the calendar year.*

(2) When filing the quarterly statement required in 15-35-104, a coal mine operator may claim against the coal severance tax calculated for that quarter an amount equal to 25% of the new coal production incentive tax credit allowed on incremental production that occurred during the previous calendar year.

(3) If in any calendar year a purchaser exceeds his base consumption level and he has purchased from more than one Montana coal mine operator during the year, the credit on the incremental production must be divided among the operators on a pro rata basis. To determine each coal mine operator's pro rata share of the tax credit, each operator shall divide his incremental production by the sum of all coal mine operators' incremental production for that purchaser and multiply the quotient by the purchases in excess of the base consumption level for that purchaser.

(4) Neither a coal mine operator nor a purchaser is entitled to a direct payment for the credit allowed in 15-35-202. A credit terminates if not taken during the year following the year in which the incremental production occurred.

(5) Each coal mine operator must reduce the delivered price of coal sold to each qualified purchaser by an amount equal to the credit received on incremental production sold to that purchaser."

Section 7. **Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 8. **Applicability.** Sections 2 and 5 apply retroactively, within the meaning of 1-2-109, to tax periods beginning after December 31, 1986.

Section 9. **Effective date.** This act is effective July 1, 1987.

Approved April 24, 1987.

- (c) a district of another state that is adjacent to the county of his residence.

(2) When a parent or guardian of a child wishes to have his child attend a school under the provisions of this section, he shall apply to the county superintendent of the county of his residence before July 1 of the school fiscal year for which he seeks approval except in those cases when substantial changes in circumstances occurred subsequently to justify later application. The application shall be made on a tuition agreement form supplied by the county superintendent and shall be approved, before

permission to enroll in and attend school outside of the district under the provisions of this section may be granted, by:

- (a) the trustees of the elementary district in which the child resides;
- (b) the trustees of the district where the child wishes to attend school; and
- (c) the county superintendent of the child's residence.

(3) In considering the approval of a tuition application, the tuition approval agents prescribed in this section shall approve such application for a resident child when:

(e) the child has been declared by a court of competent jurisdiction to be an abused, neglected, or dependent child, as defined in 41-3-102, or a delinquent youth, as defined in 41-5-103, and has been ordered to be placed in a licensed *youth care facility* which is approved by the department of family services and as a result of the order the child is required to attend elementary school outside of the district of his residence. For purposes of this subsection the prescribed geographic relationship of the receiving district to the district of residence does not apply.

(i) the prescribed geographic relationship of the receiving district to the district of residence in this subsection (3); or

(ii) an order issued under Title 40, chapter 4, part 2.

(4) The trustees of the district where the school to be attended is located may disapprove a tuition agreement that satisfies any of the mandatory approval conditions specified in subsection (3) above when they find that, due to insufficient room and overcrowding, the accreditation of

the school would be adversely affected by the acceptance of the child. In the event of disapproval, the trustees shall so notify the parent in writing within 15 days of the first receipt of the application."

Section 23. Section 20-7-404, MCA, is amended to read:

**"20-7-404. Cooperation of state agencies.** The state department of health, the department of *family services*, and the state school for the deaf and blind shall cooperate with the superintendent of public instruction in assisting school districts in discovering children in need of special education. **"20-7-422. Out-of-state tuition for special education children.** (1) If the trustees of any district recommend to the superintendent of public instruction the attendance of a child in need of special education in a special education program offered outside of the state of Montana, such arrangements shall not be subject to the out-of-state attendance provisions of the laws governing the attendance of pupils in schools outside the state of Montana.

(2) Whenever the attendance of a child at an out-of-state special education program is approved by the superintendent of public instruction, it shall be the responsibility of the superintendent of public instruction, in cooperation with the department of *family services*, to negotiate the program for the child and the amount and manner of payment of tuition. The amount of tuition shall be included as a contracted service in 20-7-431(1)(a)(iii)(A) in the maximum-budget-without-a-vote for special education."

(2) If the court finds that a delinquency greater than the total of 6 months of support is owed and that the obligated person has the ability to post bond, give a mortgage, or provide security or other guaranty, the court may enter an order requiring him to post bond, give a mortgage, or provide security or guaranty for so long as there is a support delinquency.

(3) The bond or other security may be in an amount up to the total support due for a 2-year period and must be approved by the court. The bond must include the name and address of the issuer. Any person issuing a bond under this section must, if the bond is cancelled, notify the court and the person or public agency entitled to receive payments under the support order.

(4) If the person obligated to pay child support or maintenance fails to make payments as required by the court or administrative order, the person or public agency entitled to receive payment may recover on the bond or other security. The amount recovered on the bond or other security must first be applied toward satisfaction of any support arrearages.

(5) The department of revenue shall adopt guidelines which take into account the payment record of the obligated person, the availability of other remedies, and other considerations which it determines relevant for determining whether the procedure provided in this section would carry out the purpose of enforcing payments of child support or would be appropriate in the circumstances. If after application of the guidelines the department of revenue determines an application for an order requiring security is not appropriate, it may not request the order."

(2) At the time of filing the petition, the obligee shall also file with the court an affidavit as required by 53-4-248 stating whether he has received

public assistance from any source and, if he has received public assistance, that he has notified the department of social and rehabilitation services and the department of family services in writing of the pending action.

(3) The petition may be filed in the appropriate court of any state in which the obligee resides. The court may not decline or refuse to accept and forward the petition on the ground that it should be filed with some other court of this or any other state where there is pending another action for separation, annulment, dissolution, habeas corpus, adoption, or custody between the same parties or where another court has already issued a support order in some other proceeding and has retained jurisdiction for its enforcement."

Section 28. Section 40-5-113, MCA, is amended to read:

Section 30. Section 40-5-202, MCA, is amended to read:

**"40-5-202. Department of revenue — powers and duties regarding collection of support debt.** (1) Whenever the department of social and rehabilitation services *or the department of family services* receives an application for public assistance on behalf of a child and it appears to the satisfaction of that department that the child has been abandoned by his parents; the child and one parent have been abandoned by the other parent; or the parent or other person who has a responsibility for the care, support, or maintenance of such child has failed or neglected to give proper care or support to the child, the department of social and rehabilitation services *or the department of family services* shall promptly refer the matter to the department of revenue for action under the provisions of this part, the abandonment or nonsupport statutes, or other appropriate statutes of this state to insure that the parent or other person responsible pays for the care, support, or maintenance of the dependent child.

(2) In the event that public assistance is furnished by a state or county agency or in instances where the department has contracted to collect support, the department shall become trustee of any cause of action of the dependent child or the person having legal custody of the dependent child to recover support due to that obligee from any person and may bring and maintain the action either in the department's own name or in the name of the obligee.

(3) The department has the power of attorney to act in the name of any recipient of public assistance in endorsing and cashing any and all drafts, checks, money orders, or other negotiable instruments received by the department and representing support payments for children in whose behalf public assistance has been previously paid.

(4) For purposes of prosecuting any civil action pursuant to this part, the department is a real party in interest upon the payment of public assistance. No obligee shall act to prejudice the rights of the department after the receipt of public assistance.

(5) No agreement between any obligee and any obligor either relieving an obligor of any duty of support or purporting to settle past, present, or future support obligations either as settlement or prepayment may act to reduce or terminate any rights of the department to recover from that obligor for support debt provided unless the department has consented to the agreement in writing.

(6) The department may petition a court for modification of any court order on the same basis as a party to that action would have been entitled to do.

(7) The department shall be subrogated to the right of the child or children or person having the care, custody, and control of the child or children to maintain any civil action or execute any administrative remedy existing under the laws of the state to obtain reimbursement of money thus spent.

(8) If a district court orders an amount of support to be paid by a responsible parent, the department shall be subrogated to the debt created by the order and the money judgment shall be determined to be in favor of the department. This subrogation applies both to:

(a) the lesser of the amount paid by the department of *social and rehabilitation services* or the department of *family services* in public assistance to or for the benefit of a dependent child or children of the responsible parent or the amount of support contained in the court order; and

(b) to any amount allocated to the benefit of the children on the basis of providing necessities for the caretaker of the children.

(9) The department may adopt and enforce such rules as may be necessary to carry out the provisions of this part.

(10) The department, for the purposes mentioned in this part, through its director or the director's authorized representatives, may administer oaths to certify official acts, issue subpoenas, and compel witnesses and the production of books, accounts, documents, and evidence."

(3) Regardless of its terms, an agreement, other than an agreement approved by the court in accordance with 40-6-114(2), between an alleged or presumed father and the mother or child does not bar an action under this section.

(4) If an action under this section is brought before the birth of the child, all proceedings shall be stayed until after the birth, except service of process and the taking of depositions to perpetuate testimony."

Section 33. Section 40-6-110, MCA, is amended to read:

The natural mother, each man presumed to be the father under 40-6-105, and each man alleged to be the natural father shall be made parties or, if not subject to the jurisdiction of the court, shall be given notice of the action in a manner prescribed by the court and an opportunity to be heard. (ii) the youth charged was 16 years of age or more at the time of the conduct alleged to be unlawful and the unlawful act is one or more of the following:

- (A) negligent homicide as defined in 45-5-104;
- (B) arson as defined in 45-6-103;

- (2) In transferring the matter of prosecution to the district court, the court may also consider the following factors:
  - (a) the sophistication and maturity of the youth, determined by consideration of his home, environmental situation, and emotional attitude and pattern of living;
  - (b) the record and previous history of the youth, including previous contacts with the youth court, law enforcement agencies, youth courts in other jurisdictions, prior periods of probation, and prior commitments to juvenile institutions. However, lack of a prior juvenile history with youth courts will not of itself be grounds for denying the transfer.

- (2) The probation officer may:
- (a) require the presence of any person relevant to the inquiry;
  - (b) request subpoenas from the judge to accomplish this purpose;

(iii) release the youth immediately upon the determination that the filing of a petition is not authorized.

(5) The probation officer upon determining that further action is required may:

(b) provide for treatment or adjustment involving probation or other disposition authorized under 41-5-401 through 41-5-403, provided such treatment or adjustment is voluntarily accepted by the youth's parents or guardian and the youth, and provided further that said matter is referred immediately to the county attorney for review and that the probation officer proceed no further unless authorized by the county attorney; *or*

(c) refer the matter to the county attorney for filing a petition charging the youth to be a delinquent youth or a youth in need of supervision.

(6) A petition charging a youth held in detention must be filed within 5 working days from the date the youth was first detained or the petition shall be dismissed and the youth released unless good cause is shown to further detain such youth.

(7) If no petition is filed under this section, the complainant and victim, if any, shall be informed by the probation officer of the action and the reasons therefor and shall be advised of the right to submit the matter to the county attorney for review. The county attorney, upon receiving a request for review, shall consider the facts, consult with the probation officer, and make the final decision as to whether a petition shall be filed."

Section 60. Section 41-5-511, MCA, is amended to read:

**"41-5-511. If counsel is not retained or if it appears that counsel will not be retained, counsel shall be appointed for the youth if the parents and the youth are unable to provide counsel unless the right to appointed counsel is waived by the youth and the parents or guardian. Neither the youth nor his parent or guardian may waive counsel after a petition has been filed if commitment to the department for a period of more than 6 months may result from adjudication."

Section 61. Section 41-5-522, MCA, is amended to read:

**"41-5-522. Dispositional hearing.** (1) As soon as practicable after a youth is found to be a delinquent youth or a youth in need of supervision, the court shall conduct a dispositional hearing. (2) Before conducting the dispositional hearing, the court shall direct that a social summary or predisposition report be made in writing by a probation officer concerning the youth, his family, his environment, and other matters relevant to the need for care or rehabilitation or disposition of the case. The youth court may have the youth examined, and the results of the examination shall be made available to the court as part of the social summary or predisposition report. The court may order the examination of a parent or guardian who gives his consent and whose ability to care for or supervise a youth is at issue before the court. The results of such examination shall be included in the social summary or predisposition report. The youth, his parents, guardian, or counsel shall have the right to subpoena all persons who have prepared any portion of the social summary or predisposition report and shall have the right to cross-examine said parties at the dispositional hearing.

(3) Defense counsel shall be furnished with a copy of the social summary or predisposition report and psychological report prior to the dispositional hearing.

(4) The dispositional hearing shall be conducted in the manner set forth in subsections (3), (4), and (5) of 41-5-521. The court shall hear all evidence relevant to a proper disposition of the case best serving the interests

of the youth and the public. Such evidence shall include, but not be limited to, the social summary and predisposition report provided for in subsection (2) of this section.

(5) If the court finds that it is in the best interest of the youth, the youth, his parents, or guardian may be temporarily excluded from the hearing during the taking of evidence on the issues of need for treatment and rehabilitation.

(6) In determining whether restitution, as authorized by 41-5-523, is appropriate in a particular case, the following factors may be considered in addition to any other evidence:

- (a) age of the youth;
- (b) ability of the youth to pay;
- (c) ability of the parents or legal guardian to pay;
- (d) amount of damage to the victim; and

- (a) place the youth on probation;
- (b) *commit the youth to the department. The department shall thereafter determine the appropriate placement, supervision, and rehabilitation program for the youth after considering the recommendation of the youth placement committee as provided in [section 17]; provided, however, that:*
  - (i) *in the case of a youth in need of supervision, such commitment does not authorize the department to place the youth in a state youth correctional facility. The court shall determine whether continuation in the home would be contrary to the welfare of the child and whether reasonable efforts have been made to prevent or eliminate the need for removal of the child from his home. The court shall include such determination in the order committing the youth to the department.*
  - (ii) *in the case of a delinquent youth who is a serious juvenile offender, the judge may specify that the youth be placed in physical confinement in an appropriate facility only if the judge finds that such confinement is necessary for the protection of the public;*
  - (iii) *a youth may not be held in physical confinement for a period of time in excess of the maximum period of imprisonment that could be imposed on an adult convicted of the offense or offenses that brought the youth under the jurisdiction of the youth court. Nothing in this section limits the power of the department to enter into an aftercare agreement with the youth pursuant to 53-30-226.*

(iv) *a youth is under the supervision of a youth probation officer, except that a youth placed in a youth correctional facility is supervised by the department;*

(c) *order such further care and treatment or evaluation that does not obligate funding from the department without the department's approval; or*

(d) *order restitution by the youth.*

(2) *At any time after the youth has been taken into custody, the court may, with the consent of the youth in the manner provided in 41-5-303 for consent by a youth to waiver of his constitutional rights or after the youth has been adjudicated delinquent or in need of supervision, order the youth to be evaluated by the department for a period not to exceed 45 days. The department shall determine the place and manner of evaluation.*

(3) *No evaluation of a youth may be performed at the Montana state hospital unless such youth is transferred to the district court under 41-5-206.*

(4) *No youth may be committed or transferred to a penal institution or other facility used for the execution of sentence of adult persons convicted of crimes.*

(5) *Any order of the court may be modified at any time. In the case of a youth committed to the department, an order pertaining to the youth may be modified only upon notice to the department and subsequent hearing.*

(3) The amounts set up in the budget for the reimbursements to the department of social and rehabilitation services *and the department of family services* shall be sufficient to make all of these reimbursements in full. The budget shall make separate provision for each one of these public assistance *and protective services* activities, and proper accounts shall be established for the funds for all such activities.

(4) As soon as the county proposed budget provided for in 7-6-2315 has been agreed upon, a copy thereof shall without delay be mailed to the department of social and rehabilitation services, and at any time before the final adoption of the budget, the department shall make such recommendations with regard to changes in any part of the budget relating to the county poor fund as considered necessary in order to enable the county to discharge its obligations under the public assistance laws.

(7) No part of the county poor fund, irrespective of the source of any part thereof, may be used directly or indirectly for the erection or improvement of any county building so long as the fund is needed for general relief expenditures by the county or is needed for paying the county's proportionate share of public assistance *and protective services* or its proportionate share of any other public assistance activity that may be carried on jointly by the state and the county. Expenditures for improvement of any county buildings used directly for care of the poor, except a county hospital or county nursing home, may be made out of any moneys in the county poor fund, whether such moneys are produced by the 13.5-mill levy provided for in subsection (1) of this section or from any additional levy authorized or to be authorized by law. Such expenditure shall be authorized only when any county building used for the care of the poor must be improved in order to meet legal standards required for such buildings by the department of health and environmental sciences and when such expenditure has been approved by the department of social and rehabilitation services *and the department of family services.*"

(b) that all lawful sources of revenue and other income to the county poor fund will be exhausted;

(c) that all expenditures from the county poor fund have been lawfully made; and

(d) that all expenditures from the county poor fund have been reasonable and necessary, according to criteria set by the department in rules adopted for that purpose, for the county to meet its obligations under law to provide assistance to the needy.

(2) Within 10 days of receipt of the application and affidavit, the department shall determine whether the county poor fund will be depleted and shall give notice to the county of the department's intention to deny or allow the grant-in-aid. Before a grant-in-aid for any fiscal year may be made to a county under this section, any money credited during that fiscal year to the depletion allowance reserve fund from the sources provided by 7-34-2402(2) shall be transferred to the county poor fund to be used for lawful poor fund expenditures. The amount of the grant-in-aid shall be determined after all sources of income available to the poor fund, including the depletion allowance reserve fund transfers, have been exhausted.

(3) Within 10 days of receiving notice from the department that a grant-in-aid will be made to the county, the board of county commissioners or other duly elected or appointed executive officer of the county shall adopt an emergency budget. There is no requirement of notice and hearing for that emergency budget. The emergency budget shall state the amount required to meet the obligation of the county and shall allocate that whole amount among the various classes of expenditures for which the grant was made.

(4) Upon receipt and approval of the county emergency budget, the department shall issue a warrant to the county treasurer of the county for the total amount stated in the approved emergency budget.

(5) The grant-in-aid received by the county shall be placed in an emergency fund account to be kept separate and distinct from the poor fund

account. All expenditures from the emergency fund account shall be made by a separate series of warrants or checks marked as emergency warrants or checks.

(6) The grants-in-aid from the department may be used only for public assistance activities lawfully conducted by the county, including but not limited to medical aid, hospitalization, and institutional care. No part of a grant-in-aid may be used, directly or indirectly, to pay for the erection or improvement of any county building or for furniture, fixtures, appliances, or equipment for a county building.

(7) In the event the county poor fund is replenished by other lawful sources of revenue, the county shall issue warrants to meet its obligations from the county poor fund until such time as that fund is again so depleted that warrants can no longer lawfully be drawn on that account. Upon depletion of the county poor fund, the county may again make disbursements from the emergency fund account as provided in subsection (5). At the close of the county fiscal year, the county shall return to the department any amounts remaining in the county poor fund and the emergency fund account, but the remaining amount to be returned may not exceed the total amount of the emergency grant-in-aid for that fiscal year.

(8) Any amount which is unlawfully disbursed or transferred from the emergency fund account or used for a purpose other than that specified in the grant-in-aid shall be returned by the county to the department."

Section 2. Section 45-2-103, MCA, is amended to read:

**"45-2-103. General requirements of criminal act and mental state.** (1) *Except for deliberate homicide as defined in 45-5-102(1)(b) or an offense which involves absolute liability, a person is not guilty of an offense unless, with respect to each element described by the statute defining the offense, he acts while having one of the mental states described in subsections (33), (37), and (58) of 45-2-101.*

(2) *In deliberate homicide under 45-5-102(1)(b), the offender must act while having the mental state of purposely or knowingly only as to the underlying felony referred to in 45-5-102(1)(b).*

(3) The existence of a mental state may be inferred from the acts of the accused and the facts and circumstances connected with the offense.

(4) If the statute defining an offense prescribes a particular mental state with respect to the offense as a whole without distinguishing among the elements thereof, the prescribed mental state applies to each such element.

(5) Knowledge that certain conduct constitutes an offense or knowledge of the existence, meaning, or application of the statute defining an offense is not an element of the offense unless the statute clearly defines it as such.

(6) A person's reasonable belief that his conduct does not constitute an offense is a defense if:

(a) the offense is defined by an administrative regulation or order which is not known to him and has not been published or otherwise made reasonably available to him and he could not have acquired such knowledge by the exercise of due diligence pursuant to facts known to him;

(b) he acts in reliance upon a statute which later is determined to be invalid;

(c) he acts in reliance upon an order or opinion of the Montana supreme court or a United States appellate court later overruled or reversed; or

(d) he acts in reliance upon an official interpretation of the statute, regulation, or order defining the offense made by a public officer or agency legally authorized to interpret such statute.

(7) If a person's reasonable belief is a defense under subsection (6), nevertheless he may be convicted of an included offense of which he would be guilty if the law were as he believed it to be.

(8) Any defense based upon this section is an affirmative defense."

Section 3. Section 45-2-202, MCA, is amended to read:

**"45-2-202. Voluntary act.** A material element of every offense is a voluntary act, which includes an omission to perform a duty which the law imposes on the offender and which he is physically capable of performing, *except for deliberate homicide under 45-5-102(1)(b) for which there must be a voluntary act only as to the underlying felony.* Possession is a voluntary act if the offender knowingly procured or received the thing possessed or was aware of his control thereof for a sufficient time to have been able to terminate his control."

Section 4. Section 45-5-102, MCA, is amended to read:

**"45-5-102. Deliberate homicide.** (1) *A person commits the offense of deliberate homicide if:*

(a) *he purposely or knowingly causes the death of another human being;*  
or

(b) *he attempts to commit, commits, or is legally accountable for the attempt or commission of robbery, sexual intercourse without consent, arson, burglary, kidnapping, aggravated kidnapping, felonious escape, felony*

*assault, aggravated assault, or any other forcible felony and in the course of the forcible felony or flight thereafter, he or any person legally accountable for the crime causes the death of another human being.*

(2) A person convicted of the offense of deliberate homicide shall be punished by death or life imprisonment as provided in 46-18-301 through 46-18-310 or by imprisonment in the state prison for a term of not less than 10 years or more than 100 years, except as provided in 46-18-222."

Section 5. Section 45-5-103, MCA, is amended to read:

**"45-5-103. Mitigated deliberate homicide.** (1) *A person commits the offense of mitigated deliberate homicide when he purposely or knowingly causes the death of another human being but does so under the influence of extreme mental or emotional stress for which there is reasonable explanation or excuse. The reasonableness of such explanation or excuse shall be determined from the viewpoint of a reasonable person in the actor's situation.*

(2) *It is an affirmative defense that the defendant acted under the influence of extreme mental or emotional stress for which there was reasonable explanation or excuse, the reasonableness of which shall be determined from the viewpoint of a reasonable person in the actor's situation. This defense constitutes a mitigating circumstance reducing deliberate homicide to mitigated deliberate homicide and must be proved by the defendant by a preponderance of the evidence.*

(3) *Mitigated deliberate homicide is not an included offense of deliberate homicide as defined in 45-5-102(1)(b).*

(4) A person convicted of mitigated deliberate homicide shall be imprisoned in the state prison for a term of not less than 2 years or more than 40 years and may be fined not more than \$50,000, except as provided in 46-18-222."

Section 6. Section 45-5-104, MCA, is amended to read:

**"45-5-104. Negligent homicide.** (1) *A person commits the offense of negligent homicide if he negligently causes the death of another human being.*

(2) *Negligent homicide is not an included offense of deliberate homicide as defined in 45-5-102(1)(b).*

(3) A person convicted of negligent homicide shall be imprisoned in the state prison for any term not to exceed 10 years or be fined an amount not to exceed \$50,000, or both."

Section 7. Section 46-18-201, MCA, is amended to read:

**"46-18-201. Sentences that may be imposed.** (1) Whenever a person has been found guilty of an offense upon a verdict or a plea of guilty, the court may:

(a) defer imposition of sentence, excepting sentences for driving under the influence of alcohol or drugs, for a period, except as otherwise provided, not exceeding 1 year for any misdemeanor or for a period not exceeding 3

- (f) impose any combination of subsections (1)(b) through (1)(e).

(2) If any financial obligation is imposed as a condition under subsection (1)(a), sentence may be deferred for a period not exceeding 2 years for any misdemeanor or for a period not exceeding 6 years for any felony, regardless of whether any other conditions are imposed.

(3) If any restrictions or conditions imposed under subsection (1)(a) or (1)(b) are violated, any elapsed time, except jail time, is not a credit against the sentence unless the court orders otherwise.

(4) Except as provided in 46-18-222, the imposition or execution of the first 2 years of a sentence of imprisonment imposed under the following sections may not be deferred or suspended: 45-5-103, 45-5-202(2), 45-5-302(2), 45-5-303(2), 45-5-401(2), 45-5-503(2) and (3), 45-9-101(2) and (3), 45-9-102(3), and 45-9-103(2).

Section 8. Section 46-18-231, MCA, is amended to read:

**"46-18-231. Fines in felony and misdemeanor cases.** (1) Whenever, upon a verdict or a plea of guilty, a person has been found guilty of an offense for which a felony penalty of imprisonment could be imposed, the court may impose a fine, only in accordance with subsection (3), and in lieu of or in addition to a sentence of imprisonment. For those crimes for which penalties are provided in 45-5-103, 45-5-202(2), 45-5-302(2), 45-5-303(2), 45-5-401(2), 45-5-502(3), 45-5-503(2) and (3), 45-9-101(2) and (3), 45-9-102(3), and 45-9-103(2), a fine may be imposed in accordance with subsection (3) in addition to a sentence of imprisonment.

(3) The court may not sentence a defendant to pay a fine unless the defendant is or will be able to pay the fine. In determining the amount and method of payment, the court shall take into account the nature of the crime committed, the financial resources of the defendant, and the nature of the burden that payment of the fine will impose.

(4) Any fine levied under this section in a felony case shall be in an amount fixed by the court not to exceed \$50,000."

Section 9. Section 50-20-108, MCA, is amended to read:

**"50-20-108. Protection of premature infants born alive.** (1) A person commits an offense, as defined in 45-5-102 through 45-5-104, if he purposely, knowingly, or negligently causes the death of a premature infant born alive, if such infant is viable.

(2) Whenever a premature infant which is the subject of abortion is born alive and is viable, it becomes a dependent and neglected child subject to the provisions of state law, unless:

(a) the termination of the pregnancy is necessary to preserve the life of the mother; or

(b) the mother and her spouse or either of them have agreed in writing in advance of the abortion or within 72 hours thereafter to accept the parental rights and responsibilities of the premature infant if it survives the abortion procedure.

(2) With respect to any fleet contained in an original application which has a situs for purpose of property taxation in Montana by the terms of this part or any other provision of the laws of Montana between January 1 and April 1, the taxable vehicles are taxed for a full year. With respect to any fleet contained in an original application which acquires a situs for the purpose of property taxation in Montana under the provisions of this part or any other law of the state of Montana after April 1, the taxes on taxable vehicles are apportioned as provided in 15-24-303.

(3) With respect to any fleet contained in a renewal application, the taxable vehicles are assessed and taxed for a full year.

(4) Automobiles and trucks having a rated capacity of three-quarters of a ton or less that are part of an interstate motor vehicle fleet are subject to *property tax*. If the fleet is proportionally registered, the *tax* is apportioned in the same fashion as the registration fee under 61-3-721.

(5) Vehicles contained in a fleet for which current taxes, fees, or both have been assessed and paid shall not be assessed or charged fees under this section upon presentation to the department of proof of payment of taxes, or fees, or both for the current registration year. The payment of personal property taxes, fees, or both, is a condition precedent to proportional registration or reregistration of an interstate motor vehicle fleet."

Section 9. Section 15-24-105, MCA, is amended to read:

**"15-24-105. Deposit and distribution of taxes and fees on proportionally registered fleets.** The personal property taxes and license fees collected under this part shall be deposited with the state treasurer for distribution to the general fund of each county on the following basis:

(c) property which comes to rest and becomes a part of the general property of the state.

Section 12. Section 15-31-114, MCA, is amended to read:

**"15-31-114. Deductions allowed in computing income.** In computing the net income, the following deductions shall be allowed from the gross income received by such corporation within the year from all sources:

(1) All the ordinary and necessary expenses paid or incurred during the taxable year in the maintenance and operation of its business and properties, including reasonable allowance for salaries for personal services actually rendered, subject to the limitation hereinafter contained, rentals or other payments required to be made as a condition to the continued use or possession of property to which the corporation has not taken or is not taking title or in which it has no equity. No deduction shall be allowed for salaries paid upon which the recipient thereof has not paid Montana state income tax; provided, however, that where domestic corporations are taxed on income derived from without the state, salaries of officers paid in connection with securing such income shall be deductible.

(2) (a) All losses actually sustained and charged off within the year and not compensated by insurance or otherwise, including a reasonable allowance for the wear and tear and obsolescence of property used in the trade or business, such allowance to be determined according to the provisions of

section 167 of the Internal Revenue Code in effect with respect to the taxable year. All elections for depreciation shall be the same as the elections made for federal income tax purposes. No deduction shall be allowed for any amount paid out for any buildings, permanent improvements, or betterments made to increase the value of any property or estate, and no deduction shall be made for any amount of expense of restoring property or making good the exhaustion thereof for which an allowance is or has been made.

(b) (i) There shall be allowed as a deduction for the taxable period a net operating loss deduction determined according to the provisions of this subsection. The net operating loss deduction is the aggregate of net operating loss carryovers to such taxable period plus the net operating loss carrybacks to such taxable period. The term "net operating loss" means the excess of the deductions allowed by this section, 15-31-114, over the gross income, with the modifications specified in (ii) of this subsection. If for any taxable period beginning after December 31, 1970, a net operating loss is sustained, such loss shall be a net operating loss carryback to each of the three taxable periods preceding the taxable period of such loss and shall be a net operating loss carryover to each of the five taxable periods following the taxable period of such loss. A net operating loss for any taxable period ending after December 31, 1975, in addition to being a net operating loss carryback to each of the three preceding taxable periods, shall be a net operating loss carryover to each of the seven taxable periods following the taxable period of such loss. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the net income for each of the prior taxable periods to which such loss was carried. For purposes of the preceding sentence, the net income for such prior taxable period shall be computed with the modifications specified in (ii)(B) of this subsection and by determining the amount of the net operating loss deduction without regard to the net operating loss for the loss period or any taxable period thereafter, and the net income so computed shall not be considered to be less than zero.

(ii) The modifications referred to in (i) of this subsection shall be as follows:

(A) No net operating loss deduction shall be allowed.

(B) The deduction for depletion shall not exceed the amount which would be allowable if computed under the cost method.

(C) Any net operating loss carried over to any taxable years beginning after December 31, 1978, must be calculated under the provisions of this section effective for the taxable year for which the return claiming the net operating loss carryover is filed.

(iii) A net operating loss deduction shall be allowed only with regard to losses attributable to the business carried on within the state of Montana.

(iv) In the case of a merger of corporations, the surviving corporation shall not be allowed a net operating loss deduction for net operating losses sustained by the merged corporations prior to the date of merger. In the case of a consolidation of corporations, the new corporate entity shall not

be allowed a deduction for net operating losses sustained by the consolidated corporations prior to the date of consolidation.

(v) Notwithstanding the provisions of 15-31-531, interest shall not be paid with respect to a refund of tax resulting from a net operating loss carryback or carryover.

(vi) The net operating loss deduction shall not be allowed with respect to taxable periods which ended on or before December 31, 1970, but shall be allowed only with respect to taxable periods beginning on or after January 1, 1971.

(3) In the case of mines, other natural deposits, oil and gas wells, and timber, a reasonable allowance for depletion and for depreciation of improvements; such reasonable allowance to be determined according to the provisions of the Internal Revenue Code in effect for the taxable year. All elections made under the Internal Revenue Code with respect to capitalizing or expensing exploration and development costs and intangible drilling expenses for corporation license tax purposes shall be the same as the elections made for federal income tax purposes.

(4) The amount of interest paid within the year on its indebtedness incurred in the operation of the business from which its income is derived; but no interest shall be allowed as a deduction if paid on an indebtedness created for the purchase, maintenance, or improvement of property or for the conduct of business unless the income from such property or business would be taxable under this part.

(5) (a) Taxes paid within the year, except the following:

(i) Taxes imposed by this part.

(ii) Taxes assessed against local benefits of a kind tending to increase the value of the property assessed.

(iii) Taxes on or according to or measured by net income or profits imposed by authority of the government of the United States.

(iv) Taxes imposed by any other state or country upon or measured by net income or profits.

(b) Taxes deductible under this part shall be construed to include taxes imposed by any county, school district, or municipality of this state.

(6) That portion of an energy-related investment allowed as a deduction under 15-32-103.

(7) (a) Except as provided in subsection (b), charitable contributions and gifts that qualify for deduction under section 170 of the Internal Revenue Code, as amended.

(b) The public service commission shall not allow in the rate base of a regulated corporation the inclusion of contributions made under this subsection.

(8) In lieu of the deduction allowed under subsection (7), the taxpayer may deduct the fair market value, not to exceed 30% of the taxpayer's net

income, of a computer or other sophisticated technological equipment or apparatus intended for use with the computer donated to an elementary, secondary, or accredited postsecondary school located in Montana if:

(a) the contribution is made no later than 5 years after the manufacture of the donated property is substantially completed;

(b) the property is not transferred by the donee in exchange for money, other property, or services; and

(c) the taxpayer receives a written statement from the donee in which the donee agrees to accept the property and representing that the use and disposition of the property will be in accordance with the provisions of (b) of this subsection (8)."

Section 13. Section 15-36-112, MCA, is amended to read:

**"15-36-112. Disposition of oil and gas severance taxes.** (1) Each year the department of revenue shall determine the amount of tax collected under this chapter from within each county.

(2) The severance taxes collected under this chapter are allocated as follows:

(a) the amount, if any, by which the tax collected from within a county for any fiscal year exceeds the total amount collected from within that county for the previous fiscal year, by reason of increased production and not because of increase in or elimination of federal price ceilings on oil and gas, is statutorily appropriated, as provided in 17-7-502, for allocation to the general fund of the county for distribution as provided in subsection (3);

(b) any amount not allocated to the county under subsection (2)(a) is allocated to the state general fund.

(3) (a) The county treasurer shall distribute the money received under subsection (2)(a) of this section to the county and to all the incorporated cities and towns within the county in the following manner. The county receives the available money multiplied by the ratio of the rural population to the county population. Each incorporated municipality receives the available money multiplied by the ratio of the population of the incorporated municipality to the county population. The rural population is that population of the county living outside the boundaries of an incorporated municipality. Population shall be based on the most recent figures as determined by the department of commerce.

(b) The money distributed under this subsection may be used for any purpose as determined by the governing body of the county, city, or town."

Section 14. Section 15-50-207, MCA, is amended to read:

**"15-50-207. Credit against other taxes — credit for personal property taxes and certain fees.** (1) The additional license fees withheld or otherwise paid as provided herein may be used as a credit on the contractor's corporation license tax provided for in chapter 31 of this title or on the contractor's income tax provided for in chapter 30, depending upon

the type of tax the contractor is required to pay under the laws of the state.

(2) Personal property taxes paid in Montana on any personal property of the contractor which is used in the business of the contractor and is located within this state may be credited against the license fees required under this chapter. However, in computing the tax credit allowed by this section against the contractor's corporation license tax or income tax, the personal property tax credit against the license fees herein required shall not be considered as license fees paid for the purpose of such income tax or corporation license tax credit."

Section 15. Section 20-9-141, MCA, is amended to read:

**"20-9-141. Computation of general fund net levy requirement by county superintendent.** (1) The county superintendent shall compute the levy requirement for each district's general fund on the basis of the following procedure:

(a) Determine the total of the funding required for the district's final general fund budget less the amount established by the schedules in 20-9-316 through 20-9-321 by totaling:

(i) the district's nonisolated school foundation program requirement to be met by a district levy as provided in 20-9-303;

(ii) the district's permissive levy amount as provided in 20-9-352; and

(iii) any general fund budget amount adopted by the trustees of the district under the provisions of 20-9-353, including any additional levies authorized by the electors of the district.

(b) Determine the total of the moneys available for the reduction of the property tax on the district for the general fund by totaling:

(i) anticipated federal moneys received under the provisions of Title I of Public Law 81-874 or other anticipated federal moneys received in lieu of such federal act;

(ii) anticipated tuition payments for out-of-district pupils under the provisions of 20-5-303, 20-5-307, 20-5-312, and 20-5-313;

(iv) anticipated or reappropriated state impact aid received under the provisions of 20-9-304;

(v) *anticipated revenue from vehicle property taxes imposed under 61-3-504(2) and [section 36];*

(c) Subtract the total of the moneys available to reduce the property tax required to finance the general fund that has been determined in subsection (1)(b) from the total requirement determined in subsection (1)(a).

(2) The net general fund levy requirement determined in subsection (1)(c) shall be reported to the county commissioners on the second Monday of August by the county superintendent as the general fund levy requirement for the district, and a levy shall be made by the county commissioners in accordance with 20-9-142."

Section 16. Section 20-9-331, MCA, is amended to read:

**"20-9-331. Basic county tax and other revenues for county equalization of the elementary district foundation program.** (1) It shall be the duty of the county commissioners of each county to levy an annual basic tax of 28 mills on the dollars of the taxable value of all taxable property within the county, *except for vehicles subject to taxation under 61-3-504(2)*, for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of the elementary school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the sum of the estimated revenues identified in subsection (2) below shall be subtracted from the sum of the county elementary transportation obligation and the total of the foundation programs of all elementary districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined above, the county treasurer shall remit the surplus funds to the state treasurer for deposit to the state special revenue fund, state equalization aid account, immediately upon occurrence of a surplus balance and each subsequent month thereafter, with any final remittance due no later than June 20 of the fiscal year for which the levy has been set.

(2) The proceeds realized from the county's portion of the levy prescribed by this section and the revenues from the following sources shall be used for the equalization of the elementary district foundation programs of the county as prescribed in 20-9-334, and a separate accounting shall be kept of such proceeds and revenues by the county treasurer in accordance with 20-9-212(1):

(a) the portion of the federal Taylor Grazing Act funds distributed to a county and designated for the common school fund under the provisions of 17-3-222;

(b) the portion of the federal flood control act funds distributed to a county and designated for expenditure for the benefit of the county common schools under the provisions of 17-3-232;

(c) all money paid into the county treasury as a result of fines for violations of law and the use of which is not otherwise specified by law;

(e) any federal or state money distributed to the county as payment in lieu of the property taxation established by the county levy required by this section;

(f) net proceeds taxes for new production, as defined in 15-23-601; and

(g) *anticipated revenue from vehicle property taxes imposed under 61-3-504(2) and [section 36].*"

Section 17. Section 20-9-333, MCA, is amended to read:

**"20-9-333. Basic special levy and other revenues for county equalization of high school district foundation program.** (1) It shall be the duty of the county commissioners of each county to levy an annual basic special tax for high schools of 17 mills on the dollar of the taxable value of all taxable property within the county, *except for vehicles subject to taxation under 61-3-504(2)*, for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of high school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the estimated revenues identified in subsections (2)(a) and (2)(b) below shall be subtracted from the sum of the county's high school tuition obligation and the total of the foundation programs of all high school districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined above, the county treasurer shall remit the surplus to the state treasurer for deposit to the state special revenue fund, state equalization aid account, immediately upon occurrence of a surplus balance and each subsequent month thereafter, with any final remittance due no later than June 20 of the fiscal year for which the levy has been set.

(2) The proceeds realized from the county's portion of the levy prescribed in this section and the revenues from the following sources shall be used for the equalization of the high school district foundation programs of the county as prescribed in 20-9-334, and a separate accounting shall be kept of these proceeds by the county treasurer in accordance with 20-9-212(1):

(a) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's accounts for the various sources of revenue established in this section;

(b) any federal or state moneys distributed to the county as a payment in lieu of the property taxation established by the county levy required by this section;

- (c) net proceeds taxes for new production, as defined in 15-23-601; and
- (d) *anticipated revenue from vehicle property taxes imposed under 61-3-504(2) and [section 36].*

Section 18. Section 20-9-352, MCA, is amended to read:

**"20-9-352. Permissive amount and permissive levy.** (1) Whenever the trustees of any district shall deem it necessary to adopt a general fund budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for such district as established by the schedules in 20-9-316 through 20-9-321, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. Such excess above the foundation program amount shall be known as the "permissive amount", and it shall be financed by a levy, *as prescribed in 20-9-141*, on the taxable value of all taxable property within the district, *except for vehicles subject to taxation under 61-3-504(2)*, supplemented with any biennial appropriation by the legislature for this purpose. The proceeds of such an appropriation shall be deposited to the state special revenue fund, permissive account.

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding 6 mills on all the taxable property in the district, *except for vehicles subject to taxation under 61-3-504(2)*, for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by 6 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus *anticipated revenue from vehicle property taxes imposed under 61-3-504(2) and [section 36]*, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the state special revenue fund according to the provisions of subsections (3) and (4) of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding 4 mills on all taxable property in the district, *except for vehicles subject to taxation under 61-3-504(2)*, for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by 4 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus *anticipated revenue from vehicle property taxes imposed under 61-3-504(2) and [section 36]*, and plus net proceeds taxes for new production, as defined in 15-23-601, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the state special revenue fund according to the provisions of subsections (3) and (4) of this section.

(3) The superintendent of public instruction shall, if the appropriation by the legislature for the permissive account for the biennium is insufficient, request the budget director to submit a request for a supplemental

appropriation in the second year of the biennium. The supplemental appropriation shall provide enough revenue to fund the permissive deficiency of the elementary and high school districts of the state. The proceeds of this appropriation shall be deposited to the state special revenue fund, permissive account, and shall be distributed to the elementary and high school districts in accordance with their entitlements as determined by the superintendent of public instruction according to the provisions of subsections (1) and (2) of this section.

(4) Distribution under this section from the state special revenue fund shall be made in two payments. The first payment shall be made at the same time as the first distribution of state equalization aid is made after January 1 of the fiscal year. The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the appropriation is not sufficient to finance the deficiencies of the districts as determined according to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue in the second year of the biennium may be used to reduce the appropriation required for the next succeeding biennium or may be transferred to the state equalization aid state special revenue fund if revenues in that fund are insufficient to meet foundation program requirements."

Section 19. Section 20-9-501, MCA, is amended to read:

**"20-9-501. Retirement fund.** (1) The trustees of any district employing personnel who are members of the teachers' retirement system or the public employees' retirement system or who are covered by unemployment insurance or who are covered by any federal social security system requiring employer contributions shall establish a retirement fund for the purposes of budgeting and paying the employer's contributions to such systems. The district's contribution for each employee who is a member of the teachers' retirement system shall be calculated in accordance with Title 19, chapter 4, part 6. The district's contribution for each employee who is a member of the public employees' retirement system shall be calculated in accordance with 19-3-801. The district may levy a special tax to pay its contribution to the public employees' retirement system under the conditions prescribed in 19-3-204. The district's contributions for each employee covered by any federal social security system shall be paid in accordance with federal law and regulation. The district's contribution for each employee who is covered by unemployment insurance shall be paid in accordance with Title 39, chapter 51, part 11.

(2) The trustees of any district required to make a contribution to any such system shall include in the retirement fund of the preliminary budget the estimated amount of the employer's contribution and such additional moneys, within legal limitations, as they may wish to provide for the retirement fund cash reserve. After the final retirement fund budget has been adopted, the trustees shall pay the employer contributions to such systems in accordance with the financial administration provisions of this title.

(3) When the final retirement fund budget has been adopted, the county superintendent shall establish the levy requirement by:

(a) determining the sum of the moneys available to reduce the retirement fund levy requirement by adding:

(i) any anticipated moneys that may be realized in the retirement fund during the ensuing school fiscal year, including anticipated *revenue from vehicle property taxes imposed under 61-3-504(2) and [section 36]*;

(ii) net proceeds taxes for new production, as defined in 15-23-601; and

(iii) any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the retirement fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the retirement fund. The retirement fund cash reserve shall not be more than 35% of the final retirement fund budget for the ensuing school fiscal year and shall be used for the purpose of paying retirement fund warrants issued by the district under the final retirement fund budget.

(b) subtracting the total of the moneys available for reduction of the levy requirement as determined in subsection (3)(a) from the budgeted amount for expenditures in the final retirement fund budget.

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate per bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by such district); plus

(b) the total of all individual transportation per diem reimbursement rates for such district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted on the preliminary budget for the contingency amount permitted in 20-10-143, except if such amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or \$100, whichever is larger, the contingency amount on the preliminary budget shall be reduced to such limitation amount and used in this determination of the schedule amount.

(2) The schedule amount determined in subsection (1) or the total preliminary transportation fund budget, whichever is smaller, shall be divided by 3 and the resulting one-third amount shall be used to determine the available state and county revenue to be budgeted on the following basis:

if such county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a); and

(e) the county revenue requirement for a joint district, after the application of any district moneys under subsection (2)(d) above, shall be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each such county.

Such cash reserve shall not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and shall be for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund shall be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount and, for an elementary district, adding such difference to the district obligation to finance one-third of the schedule amount as determined in subsection (2); and

(b) subtracting the amount of moneys available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a) above.

(5) The county levy requirement for the financing of the county transportation reimbursement to high school districts shall be computed by adding all such requirements for all the high school districts of the county,

including the county's obligation for reimbursements in joint high school districts.

(6) The transportation fund levy requirements determined in subsection (4) for each district and in subsection (5) for the county shall be reported to the county commissioners on the second Monday of August by the county superintendent as the transportation fund levy requirements for the district and for the county, and such levies shall be made by the county commissioners in accordance with 20-9-142."

AN ACT PROVIDING A DEFINITION OF "UNDER THE INFLUENCE" TO BE APPLIED IN CASES OF DRIVING UNDER THE INFLUENCE OF ALCOHOL OR DRUGS; REPLACING THE EXISTING STANDARD; AND AMENDING SECTIONS 61-5-205, 61-5-208, AND 61-8-401, MCA.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 61-8-401, MCA, is amended to read:

**"61-8-401. Persons under the influence of alcohol or drugs.** (1) It is unlawful and punishable as provided in 61-8-714 for any person who is under the influence of:

(a) alcohol to drive or be in actual physical control of a vehicle upon the ways of this state open to the public;

(b) a narcotic drug to drive or be in actual physical control of a vehicle within this state;

(c) any other drug to drive or be in actual physical control of a vehicle within this state; or

(d) alcohol and any drug to drive or be in actual physical control of a vehicle within this state.

(2) The fact that any person charged with a violation of subsection (1) is or has been entitled to use alcohol or such a drug under the laws of this state does not constitute a defense against any charge of violating subsection (1).

(3) *"Under the influence" means that as a result of taking into the body alcohol, drugs, or any combination thereof, a person's ability to safely operate a motor vehicle has been diminished.*

(4) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person's blood at the time alleged, as shown by chemical analysis of the person's blood, urine, breath, or other bodily substance, shall give rise to the following presumptions:

(a) If there was at that time an alcohol concentration of 0.05 or less, it shall be presumed that the person was not under the influence of alcohol.

(b) If there was at that time an alcohol concentration in excess of 0.05 but less than 0.10, that fact shall not give rise to any presumption that the person was or was not under the influence of alcohol but such fact may be considered with other competent evidence in determining the guilt or innocence of the person.

(c) If there was at that time an alcohol concentration of 0.10 or more, it shall be presumed that the person was under the influence of alcohol. Such presumption is rebuttable.

(5) The provisions of subsection (4) do not limit the introduction of any other competent evidence bearing upon the issue of whether the person was under the influence of alcohol.

(6) Each municipality in this state is given authority to enact 61-8-406, 61-8-408, 61-8-714, 61-8-722, and subsections (1) through (5) of this section, with the word "state" in 61-8-406 and subsection (1) of this section changed to read "municipality", as an ordinance and is given jurisdiction of the enforcement of the ordinance and of the imposition of the fines and penalties therein provided."

Section 2. Section 61-5-205, MCA, is amended to read:

**"61-5-205. Mandatory revocation of license upon proper authority.** The department upon proper authority shall revoke the license or operating privilege of any operator or chauffeur upon receiving a record of such operator's or chauffeur's conviction or forfeiture of bail not vacated of any of the following offenses, when such conviction or forfeiture has become final:

(1) negligent homicide resulting from the operation of a motor vehicle;

(2) driving a motor vehicle while under the influence of alcohol or any drug or a combination thereof, except as provided in 61-5-208, or operation of a motor vehicle by a person with a blood alcohol concentration of 0.10 or more;

(3) any felony in the commission of which a motor vehicle is used;

(4) failure to stop and render aid as required under the laws of this state in the event of a motor vehicle accident resulting in the death or personal injury of another;

(5) perjury or the making of a false affidavit or statement under oath to the department under this chapter or under any other law relating to the ownership or operation of motor vehicles;

(6) conviction or forfeiture of bail not vacated upon three charges of reckless driving committed within a period of 12 months."

Section 3. Section 61-5-208, MCA, is amended to read:

**"61-5-208. Period of suspension or revocation.** (1) The department may not suspend or revoke a driver's license or privilege to drive a motor vehicle on the public highways for a period of more than 1 year, except as permitted under 61-5-207, 61-5-212, 61-6-123, and 61-11-211.

(2) Any person whose license or privilege to drive a motor vehicle on the public highways has been suspended or revoked is not entitled to have such license or privilege renewed or restored unless the revocation was for a cause which has been removed, except that after the expiration of the period of such revocation or suspension, the person may make application for a new license as provided by law but the department may not then issue a new license unless and until it is satisfied, after investigation of the driving ability of the person and upon a showing by its records or other sufficient evidence, that the person is eligible to be licensed to drive in this state. When any person is convicted or forfeits bail or collateral not vacated for the offense of operating or being in actual physical control of a motor vehicle while under the influence of alcohol or any drug or a combination thereof or for the offense of operation of a motor vehicle by a person with alcohol concentration of 0.10 or more, the department shall, upon receiving a report of such conviction or forfeiture of bail or collateral not vacated, suspend the license or driving privilege of the person for a period of 6 months. Upon receiving a report of a conviction or forfeiture of bail or collateral for a second, third, or subsequent offense within 5 years of the first offense, the department shall revoke the license or driving privilege of the person for a period of 1 year.

(3) The period for all revocations made mandatory by 61-5-205 shall be 1 year except as provided in subsection (2) of this section.

(4) The period of revocation for any person convicted of any offense which makes mandatory the revocation of the operator's or chauffeur's license commences from date of conviction or forfeiture of bail."

Section 4. **Extension of authority.** Any existing authority of the department of justice to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Approved April 27, 1987.

**CHAPTER NO. 613**

[HB 436]

AN ACT REQUIRING THE DEPARTMENT OF REVENUE TO CONDUCT A SALES ASSESSMENT RATIO STUDY FOR THE PURPOSE OF ANNUALLY DETERMINING THE CORRECT ASSESSMENT LEVEL FOR SIMILAR PROPERTY LOCATED IN SPECIFIC AREAS OF THE STATE OF MONTANA; AMENDING SECTIONS 15-1-101, 15-7-102, 15-7-103, AND 15-7-111, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-1-101, MCA, is amended to read:

**"15-1-101. Definitions.** (1) Except as otherwise specifically provided, when terms mentioned in this section are used in connection with taxation, they are defined in the following manner:

(a) The term "agricultural" refers to the raising of livestock, poultry, bees, and other species of domestic animals and wildlife in domestication or a captive environment, and the raising of field crops, fruit, and other animal and vegetable matter for food or fiber.

(b) The term "assessed value" means the value of property as defined in 15-8-111.

(d) (i) The term "commercial", when used to describe property, means any property used or owned by a business, a trade, or a nonprofit corporation as defined in 35-2-102 or used for the production of income, except that property described in subsection (ii).

(ii) The following types of property are not commercial:

(A) agricultural lands;

(B) timberlands;

(C) single-family residences and ancillary improvements and improvements necessary to the function of a bona fide farm, ranch, or stock operation;

(D) mobile homes used exclusively as a residence except when held by a distributor or dealer of trailers or mobile homes as his stock in trade;

(E) all property described in 15-6-135;

(G) all property described in 15-6-146.

(f) The term "credit" means solvent debts, secured or unsecured, owing to a person.

(g) The term "improvements" includes all buildings, structures, fences, and improvements situated upon, erected upon, or affixed to land. When the department of revenue or its agent determines that the permanency of location of a mobile home or housetrailer has been established, the mobile home or housetrailer is presumed to be an improvement to real property. A mobile home or housetrailer may be determined to be permanently located only when it is attached to a foundation which cannot feasibly be relocated and only when the wheels are removed.

(h) The term "leasehold improvements" means improvements to mobile homes and mobile homes located on land owned by another person. This property is assessed under the appropriate classification and the taxes are due and payable in two payments as provided in 15-24-202. Delinquent taxes on such leasehold improvements are a lien only on such leasehold improvements.

(i) The term "livestock" means cattle, sheep, swine, goats, horses, mules, and asses.

(j) The term "mobile home" means forms of housing known as "trailers", "housetrainers", or "trailer coaches" exceeding 8 feet in width or 45 feet in length, designed to be moved from one place to another by an independent power connected to them, or any "trailer", "housetrailer", or "trailer coach" up to 8 feet in width or 45 feet in length used as a principal residence.

(k) The term "personal property" includes everything that is the subject of ownership but that is not included within the meaning of the terms "real estate" and "improvements".

(l) The term "poultry" includes all chickens, turkeys, geese, ducks, and other birds raised in domestication to produce food or feathers.

(m) The term "property" includes moneys, credits, bonds, stocks, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership. This definition must not be construed to authorize the taxation of the stocks of any company or corporation when the property of such company or corporation represented by the stocks is within the state and has been taxed.

(n) The term "real estate" includes:

(i) the possession of, claim to, ownership of, or right to the possession of land;

(ii) all mines, minerals, and quarries in and under the land subject to the provisions of 15-23-501 and Title 15, chapter 23, part 8; all timber belonging to individuals or corporations growing or being on the lands of the United States; and all rights and privileges appertaining thereto.

(o) The term "taxable value" means the percentage of market or assessed value as provided for in 15-6-131 through 15-6-140.

(p) *The term "weighted mean assessment ratio" means the total of the assessed values divided by the total of the selling prices of all area sales in the stratum.*

(2) The phrase "municipal corporation" or "municipality" or "taxing unit" shall be deemed to include a county, city, incorporated town, township, school district, irrigation district, drainage district, or any person, persons, or organized body authorized by law to establish tax levies for the purpose of raising public revenue.

(3) The term "state board" or "board" when used without other qualification shall mean the state tax appeal board."

Section 2. Section 15-7-102, MCA, is amended to read:

**"15-7-102. Notice of classification and appraisal to owners — appeals.** (1) It shall be the duty of the department of revenue to cause to be mailed to each owner and purchaser under contract for deed a notice of the classification of the land owned or being purchased by him and the appraisal of the improvements thereon only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

- (a) change in ownership;
- (b) change in classification;
- (c) change in valuation; or
- (d) addition or subtraction of personal property affixed to the land.

(2) The notice of classification and appraisal provided by the department under subsection (1) must be on a standardized form adopted by the department containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of his property and of changes over the prior tax year.

(3) If the owner of any land and improvements is dissatisfied with the appraisal or classification of his land or improvements, he may submit his objection in writing to the department's agent. The department shall give reasonable notice to such taxpayer of the time and place of hearing and hear any testimony or other evidence which the taxpayer may desire to produce at such time and afford the opportunity to other interested persons to produce evidence at such hearing. Thereafter, the department shall determine the true and correct appraisal and classification of such land or improvements and forthwith notify the taxpayer of its determination. In the notification, the department must state its reasons for revising the classification or appraisal. When so determined, the land shall be classified and improvements appraised in the manner ordered by the department.

(4) Whether a hearing as provided in subsection (3) is held or not, the department or its agent may not adjust an appraisal or classification upon taxpayer's objection unless:

- (a) the taxpayer has submitted his objection in writing; and
- (b) the department or its agent has stated its reason in writing for making the adjustment.

(5) A taxpayer's written objection to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. Each county appraiser shall make such records available for inspection during regular office hours.

(6) If any property owner shall feel aggrieved at the classification and/or the appraisal so made by the department, he shall have the right to appeal to the county tax appeal board and then to the state tax appeal board, whose findings shall be final subject to the right of review in the proper court or courts. *While the property owner may appeal the base year valuation and classification determination, the property owner may not appeal the yearly percentage adjustments that are specified in 15-7-111 and that may be made as a result of the sales assessment ratio study. The property owner may not appeal the stratum or area designations as specified in 15-7-111."*

Section 3. Section 15-7-103, MCA, is amended to read:

**"15-7-103. Classification and appraisal — general and uniform methods.** (1) It is the duty of the department of revenue to implement the provisions of 15-7-101 through 15-7-103 by providing:

(a) for a general and uniform method of classifying lands in the state for the purpose of securing an equitable and uniform basis of assessment of said lands for taxation purposes;

(b) for a general and uniform method of appraising city and town lots;

(c) for a general and uniform method of appraising rural and urban improvements;

(d) for a general and uniform method of appraising timberlands.

(2) All lands shall be classified according to their use or uses and graded within each class according to soil and productive capacity. In such classification work, use shall be made of soil surveys and maps and all other pertinent available information.

(3) All lands must be classified by parcels or subdivisions not exceeding 1 section each, by the sections, fractional sections, or lots of all tracts of land that have been sectionized by the United States government, or by metes and bounds, whichever yields a true description of the land.

(4) All agricultural lands must be classified and appraised as agricultural lands without regard to the best and highest value use of adjacent or neighboring lands.

(5) In any periodic revaluation of taxable property completed under the provisions of 15-7-111 after January 1, 1986, all property classified in 15-6-134 must be appraised on its market value in the same year. The department *shall* publish a rule specifying the year used in the appraisal.

(6) All sewage disposal systems and domestic use water supply systems of all dwellings may not be appraised, assessed, and taxed separately from the land, house, or other improvements in which they are located. In no event may the sewage disposal or domestic water supply systems be included twice by including them in the valuation and assessing them separately."

A comprehensive written *reappraisal* plan shall be promulgated by the department. The *reappraisal* plan so adopted shall provide that all property in each county shall be revalued at least every 5 years or that no less than 20% of the property in each county shall be revalued in each year. The department shall furnish a copy of the plan and all amendments thereto to the board of county commissioners in each county.

(2) *For the taxable year beginning January 1, 1988, and for every taxable year thereafter, the department shall conduct a stratified sales assessment ratio study of all residential real property and improvements, of all commercial and industrial real property and improvements, and of all other real property and improvements. (c) coefficients of dispersion with respect to the weighted mean assessment ratio for income-producing properties located within each area identified in subsection (4) are equal to or less than 20%; and

(d) coefficients of dispersion with respect to the weighted mean assessment ratio for other types of real property and improvements located within each area identified in subsection (4) are equal to or less than 20%.

(8) (a) *When the overall assessment level of each stratum exceeds 10% of the legal level of assessment and when the coefficients of dispersion with respect to the weighted mean for each stratum exceed 20%, the department shall make percentage adjustments to the valuations of all the properties in a specific area stratum. The percentage adjustments must create compliance with subsection (7). The percentage adjustments must account for unique factors that affect values in the various areas.*

(b) *Under this method, all taxable property in each area is considered revalued for each tax year, based on the results of the sales assessment ratio study and any percentage adjustments required by that study."*

**Section 5. Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

**Section 6. Effective date — applicability.** (1) This act is effective on passage and approval.

(2) This act applies to taxable years beginning after December 31, 1987.

Approved April 27, 1987.

[HB 581]

AN ACT EXEMPTING THE FIRST \$50 EARNED EACH MONTH FROM THE MONTHLY INCOME STANDARD FOR GENERAL RELIEF AND ALLOWING A GENERAL RELIEF RECIPIENT WITH INCOME FROM EMPLOYMENT TO KEEP A PORTION OF HIS MONTHLY GRANT; REQUIRING REIMBURSEMENT OR EXEMPTION OF RECIPIENTS WHO LIVE MORE THAN 10 MILES FROM THE TRAINING OR WORK SITE; AMENDING SECTIONS 53-3-205 AND 53-3-304, MCA; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 53-3-205, MCA, is amended to read:

**"53-3-205. Eligibility for general relief.** (1) A person or persons constituting a household may receive general relief assistance for basic necessities if the household is determined to be eligible under the provisions of this section and is in need of such assistance as a result of their infirmity, misfortune, or indigency.

(2) A household is eligible for general relief if the household income, exclusive of the first \$50 earned each month by each household member, does not exceed that set forth in the following table:

| Number of Persons<br>in Household | Monthly Income Standard |
|-----------------------------------|-------------------------|
| 1                                 | \$212                   |
| 2                                 | 282                     |
| 3                                 | 354                     |
| 4                                 | 426                     |
| 5                                 | 501                     |
| 6                                 | 570                     |
| 7                                 | 642                     |
| 8                                 | 713                     |
| 9                                 | 785                     |
| 10 or more                        | 857                     |

(3) Able-bodied persons without dependent minor children living in the household are not eligible for nonmedical general relief assistance, except as provided in 53-3-209.

(4) (a) When the household's income exceeds the monthly income standard for a household of that size because of receipt of lump-sum income, the household will be ineligible for general relief for the full number of months, beginning with the month of receipt, derived by dividing the total of the lump-sum income and other income by the monthly income standard for a household of that size. Any income remaining from this calculation will be considered as income in the first month following the period of ineligibility.

(b) The period of ineligibility may be recalculated if the household size changes or if a portion of the lump sum was used to pay medical bills for a serious medical condition.

(c) Ineligibility due to the receipt of a lump sum does not preclude eligibility for general relief medical assistance.

(5) All applicants for and recipients of general relief assistance who reside in the same residence are considered as one household.

(6) Prospective income that is reasonably certain to be received by the household during an eligibility period must be considered when determining eligibility.

(7) The following resources of a household must be excluded from consideration of resources for eligibility purposes:

(a) the domicile of the household, including necessary appurtenant land not exceeding 10 acres;

(b) a motor vehicle that has no more than \$1,500 in equity value;

(c) personal items, clothing, household furniture, appliances, and other essential household items, the total equity value of which does not exceed resource eligibility limits established by rule; and

(d) tools of a trade that are essential to the current or future employment of a household member.

(8) A person who is committed or sentenced by legal process to a state institution or a secure facility or who is incarcerated in a secure facility pending resolution of legal process is not eligible for general relief.

(9) A person who resides for a period of 1 day or more in any state or federally operated institution or residence is not eligible for general relief for the period of that residency.

(10) For the purposes of an eligibility determination, an applicant for or recipient of general relief may be requested to produce all financial and other information concerning the household.

(11) Whenever practical, an eligibility determination must be made within 30 days of the date of application and the applicant must be notified in writing of the eligibility determination and the reasons for the determination.

(12) An alien determined to be illegally within the United States is not eligible for general relief."

Section 2. Section 53-3-304, MCA, is amended to read:

**"53-3-304. Power to require recipient to participate in job search, training, and work programs.** (1) The department shall cooperate with the department of labor and industry and other designated agencies to initiate, promote, and develop job search, training, and work programs that will contribute to the employability of persons receiving general relief under the provisions of this chapter. These programs must be designed to preserve and improve the work habits and job-finding skills of recipients for whom jobs are not otherwise immediately available.

(2) For each county with state-assumed welfare services, the department shall contract with the department of labor and industry or other designated agencies to institute a job search, training, and work program that provides able-bodied general relief recipients with the necessary job-finding skills to seek unsubsidized employment independently.

(3) In a county with state-assumed welfare services, an able-bodied recipient of general relief shall enroll in a structured job search and training program at an employment office or other site designated by the department. The program must include but is not limited to the following elements:

- (a) assessment and testing;
- (b) an employability plan;

(c) remedial education or job skills training, if it is called for in the employability plan and if it provides for immediate referral to an appropriate Job Training Partnership Act program;

(d) a job readiness and job search program that must include but is not limited to:

- (i) self-assessment and occupational testing;
- (ii) instruction in completing applications, writing resumes, and preparing for interviews;

- (iii) identification of and contact with potential employers; and
- (iv) participation in simulated job interviews;
- (e) a supervised effort to find employment; and
- (f) efforts to address barriers to employment.

(4) (a) In addition to the training required in subsection (3), if a public agency or a private nonprofit agency has work available which a recipient of general relief is capable of performing or the department of social and rehabilitation services is required to operate a work program under the provisions of 53-2-822, then the county department of public welfare or the department of social and rehabilitation services may require a recipient to perform work at the minimum wage or may pay a recipient at the prevailing rate of wages paid in that county by that agency for similar work, to be paid from the county poor fund or state funds, in place of granting him general relief.

(b) No currently employed worker may be displaced by any recipient (including partial displacement such as a reduction in the hours of nonovertime work, wages, or employment benefits).

(c) No recipient may be employed when any other person is on layoff from the same or any substantially equivalent job or when the employer has terminated the employment of any regular employee or otherwise reduced its workforce with the intention of filling the vacancy so created by hiring a recipient whose wages are subsidized under this section.

(5) The county department of public welfare or the department of social and rehabilitation services, as the case may be, shall provide coverage under the Workers' Compensation Act for those recipients of general relief working under the provisions hereof and may enter into such agreements with the division of workers' compensation of the department of labor and industry as may be necessary to carry out the provisions of this section.

(6) A recipient who has completed the assessment and testing portions of the program and has developed an employability plan shall participate in the job readiness and job search program provided for in subsection (3)(d) for at least 80 hours in any 5-week period and shall spend at least 8 hours a week in a supervised effort to find employment.

(7) A recipient who has completed the job search program provided for in subsection (3) shall:

(a) continue to spend at least 8 hours a week in a supervised effort to find employment; and

(b) for the duration of his eligibility for general relief, spend 32 hours a week, as called for in the employability plan, in:

- (i) remedial education;
- (ii) counseling;
- (iii) job skills training;

(iv) work for a public agency or a private nonprofit agency, as required in subsection (4); or

(v) job-seeking or other related activities.

(8) Nothing in this chapter requires a recipient to:

(a) *participate in the job search and training program required by subsection (3) or to perform work under subsection (4) if the training or work site is more than 10 miles from his residence, unless the department provides transportation or reimburses the recipient for transportation costs; or*

(b) continue the activities required by subsection (7) for longer than 6 months.

(9) Where a labor organization represents a substantial number of employees who are engaged in similar work or training in the area where it is proposed to assign the recipient to work or training, an opportunity must be provided for that organization to submit comments with respect to such proposal.

(10) No work program may impair existing contracts for services or collective bargaining agreements, and no work program that would be inconsistent with the terms of a collective bargaining agreement may be undertaken without the written concurrence of the labor organization and employer concerned."

**Section 3. Extension of authority.** Any existing authority of the department of social and rehabilitation services to make rules on the subject of the provisions of this act is extended to the provisions of this act.

**Section 4. Effective date.** This act is effective July 1, 1987.

Approved April 27, 1987.

## CHAPTER NO. 615

[HB 666]

**AN ACT TO PERMIT MUNICIPALITIES, AFTER A PUBLIC HEARING, TO PLEDGE REVENUES OTHER THAN PROPERTY TAXES TO THE PAYMENT OF BONDS ISSUED TO FINANCE URBAN RENEWAL PROJECTS OR COSTS; AMENDING SECTIONS 7-15-4290 AND 7-15-4301, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY PROVISION.**

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 7-15-4290, MCA, is amended to read:

**"7-15-4290. Use of property taxes and other revenues for payment of bonds.** (1) The tax increment may be pledged for the payment of revenue bonds issued for urban renewal projects or of general obligation bonds, revenue bonds, or special assessment bonds issued to pay urban

renewal costs described in 7-15-4289. Any municipality issuing such bonds may, by resolution of its governing body, enter into a covenant for the security of the bondholders, detailing the calculation and adjustment of the tax increment and the taxable value on which it is based *and, after a public hearing, pledging or appropriating other revenues of the municipality, except property taxes prohibited by subsection (2), to the payment of such bonds if collections of the tax increment are insufficient.*

(2) No property taxes, except the tax increment derived from property within the urban renewal area and tax collections used to pay for services provided to the municipality by an urban renewal project, may be applied to the payment of bonds issued pursuant to 7-15-4301 for which a tax increment has been pledged."

Section 2. Section 7-15-4301, MCA, is amended to read:

**"7-15-4301. Authorization to issue urban renewal bonds and refunding bonds.** (1) A municipality shall have the power to:

(3) Bonds issued under this section shall be authorized by resolution or ordinance of the local governing body."

Section 3. **Applicability.** This act does not apply to bonds issued before the effective date of this act.

Section 4. **Effective date.** This act is effective on passage and approval.

**CHAPTER NO. 616**

[HB 703]

AN ACT TO CLARIFY THE CORPORATE LICENSE OR INCOME TAX AND TO ALLOW CORPORATE LICENSE OR INCOME TAXPAYERS TO APPORTION INCOME FOR CORPORATE LICENSE OR INCOME TAX PURPOSES UNDER THE WATER'S-EDGE UNITARY COMBINATION METHOD OR CONTINUE TO FILE UNDER CURRENT LAW AS PROVIDED FOR IN TITLE 15, CHAPTER 31, MCA; TO IMPOSE A 7 PERCENT TAX RATE ON CORPORATIONS MAKING A WATER'S-EDGE ELECTION; TO IMPOSE A 4 PERCENT SURCHARGE ON THE CORPORATE LICENSE OR INCOME TAX FOR TAX YEAR 1988; AMENDING SECTION 15-31-121, MCA; AND PROVIDING AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Definitions.** As used in [sections 1 through 6], unless the context requires otherwise, the following definitions apply:

(1) "Affiliated corporation" means a United States parent corporation and any subsidiary of which more than 50% of the voting stock is owned directly or indirectly by another corporate member of the water's-edge combined group.

(2) "United States" means the 50 states of the United States and the District of Columbia.

(3) "Water's-edge combined group" means all corporations or entities included in the election of a taxpayer under [section 2].

Section 2. **Water's-edge election.** Notwithstanding any other provisions of law, a taxpayer subject to the taxes imposed under this chapter may apportion its income under this section. A return under a water's-edge election must include the income and apportionment factors of the following affiliated corporations only:

(1) a corporation incorporated in the United States in a unitary relationship with the taxpayer and eligible to be included in a federal consolidated return as described in sections 1501 through 1505 of the Internal Revenue Code that has more than 20% of its payroll and property assignable to locations inside the United States. For purposes of determining eligibility for inclusion in a federal consolidated return under this subsection (1), the 80% stock ownership requirements of section 1504 of the Internal Revenue Code must be reduced to ownership of over 50% of the voting stock directly or indirectly owned or controlled by an includable corporation.

(2) domestic international sales corporations, as described in sections 991 through 994 of the Internal Revenue Code, and foreign sales corporations, as described in sections 921 through 927 of the Internal Revenue Code;

(3) export trade corporations, as described in sections 970 and 971 of the Internal Revenue Code;

(4) foreign corporations deriving gain or loss from disposition of a United States real property interest to the extent recognized under section 897 of the Internal Revenue Code;

(5) a corporation incorporated outside the United States if over 50% of its voting stock is owned directly or indirectly by the taxpayer and if more than 20% of the average of its payroll and property is assignable to a location inside the United States.

**Section 3. Apportionment factors.** For purposes of [section 2(1) and (5)], the location of payroll and property is determined under the individual state's laws and regulations that set forth the apportionment formulas used to assign net income subject to taxes on or measured by net income. If a state does not impose a tax on or measured by net income, apportionment is determined under this chapter.

**Section 4. Water's-edge election period — consent.** (1) A water's-edge election may be made by a taxpayer and is effective only if every affiliated corporation subject to the taxes imposed under this chapter consents to the election. Consent by the common parent of an affiliated group constitutes consent of all members of the group. An affiliated corporation that becomes subject to taxes under this chapter subsequent to the water's-edge election is considered to have consented to the election.

(2) Each water's-edge election must be for 3-year renewable periods, except as follows:

(a) No water's-edge election may be made for an income year beginning before [the effective date of this act].

(b) A water's-edge election may be changed by a taxpayer prior to the end of each 3-year period only with the permission of the department of revenue. In granting a change of election, the department shall impose reasonable conditions that are necessary to prevent the avoidance of tax or clearly reflect income for the election period prior to the change.

**Section 5. Treatment of dividends.** For purposes of [sections 1 through 6], dividends must be treated as follows:

(1) Dividends received from corporations incorporated outside the United States, to the extent taxable, are considered income subject to apportionment.

(2) The after-tax net income of United States corporations excluded from eligibility as affiliated corporations under [section 2(1)] and possession corporations described in sections 931 through 934 and 936 of the Internal Revenue Code are considered dividends received from corporations incorporated outside the United States.

(3) Amounts included in income under sections 951 through 962 and 964 of the Internal Revenue Code are considered dividends from corporations incorporated outside the United States.

(4) Eighty percent of all dividends apportionable under this section must be excluded from income subject to apportionment.

(5) "Deemed" distributions, as set forth in section 78 of the Internal Revenue Code, and corresponding amounts with respect to dividends considered received under subsection (2) of this section must be excluded from the income of the water's-edge combined group.

(6) The dividends apportionable under this section are in lieu of any expenses attributable to dividend income.

(7) A dividend from a corporation required to be combined in the water's-edge combined group must be eliminated from the calculation of apportionable income.

**Section 6. Domestic disclosure spreadsheet.** The department of revenue may require taxpayers making a water's-edge election to submit within 6 months after the taxpayer files its federal income tax return a domestic disclosure spreadsheet to provide full disclosure of the income reported to each state for the year, the tax liability for each state, the method used for allocating or apportioning income to the states, and the identity of the water's-edge corporate group and those of its United States affiliated corporations.

**Section 7.** Section 15-31-121, MCA, is amended to read:

**"15-31-121. Rate of tax — minimum tax — surtax.** (1) *Except as provided in subsection (2), the percentage of net income to be paid under 15-31-101 shall be 6 ¾% of all net income for the taxable period. The rate set forth in this subsection (1) shall be effective for all taxable years ending on or after February 28, 1971. This rate is retroactive to and effective for all taxable years ending on or after February 28, 1971.*

(2) *For a taxpayer making a water's-edge election, the percentage of net income to be paid under 15-31-101 shall be 7% of all taxable net income for the taxable period.*

(3) Every corporation subject to taxation under this part shall, in any event, pay a minimum tax of not less than \$50.

(4) *After the amount of tax liability has been computed under subsections (1) through (3), each corporation subject to taxation under this part shall add as a surtax for tax year 1988, 4% of the tax liability, and the amount so derived is the amount due the state."*

**Section 8. Codification instruction.** Sections 1 through 6 are intended to be codified as an integral part of Title 15, chapter 31, part 3, and the provisions of Title 15, chapter 31, part 3, apply to sections 1 through 6, except as otherwise provided.

**Section 9. Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

**Section 10. Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this

act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

**Section 11. Applicability.** This act applies to taxable years beginning after December 31, 1987.

Approved April 27, 1987.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 7-8-2301, MCA, is amended to read:

**"7-8-2301. Auction sale of county tax-deed land.** (1) Whenever the county shall acquire any land by tax deed, it shall be the duty of the board of county commissioners, within 6 months after acquiring title, to make and enter an order for sale of such lands at public auction at the front door of the courthouse.

(2) No sale shall be made for a price less than the fair market value thereof, as determined and fixed by the board prior to making the order of sale. *In determining fair market value, the board shall subtract the amount of outstanding assessments that are a lien on the land from the unencumbered value of the land, but the minimum sale price for a parcel of land may not be less than \$10.*

(3) *If no bids are received at a sale of tax-deed land, the board shall order another auction sale of such land under this part within 6 months and shall, if required by the circumstances, redetermine the fair market value of the land under subsection (2)."*

Section 2. Section 7-12-2163, MCA, is amended to read:

**"7-12-2163. Collection of district assessments by county treasurer — delinquencies.** (1) Where any resolution of assessment, either for construction or maintenance, has been duly certified by the county clerk, it shall be the duty of the county treasurer, in accordance with the provisions of this title, to collect such assessment in the same manner and at the same time as taxes for general and municipal purposes are collected by him.

(2) *When the payment of an installment of a special assessment becomes delinquent, all payments of subsequent installments of the special assessment may, at the option of the board of county commissioners and upon adoption of the appropriate resolutions, become delinquent. Upon delinquency in one or all installments, the whole property must be sold the same as other property is sold for taxes. The enforcement of the lien of any installment of a special assessment by any method authorized by law does not prevent the enforcement of the lien of any subsequent installment when it becomes delinquent."*

Section 3. Section 7-12-4182, MCA, is amended to read:

**"7-12-4182. Collection of district assessments by city treasurer in cities collecting their own taxes — delinquencies.** (1) In every city or town which shall provide by ordinance for the collection of its taxes for general, municipal, and administrative purposes by its city treasurer or town clerk, such city treasurer or town clerk shall collect all special assessments and taxes levied and assessed in accordance with any of the provisions of this part and part 42 in the same manner and at the same time as said taxes for general, municipal, and administrative purposes are collected by him. All of the provisions of 7-6-4423 shall apply to the collection of such special taxes and assessments in the same manner as such provisions apply to the collection of other city or town taxes.

(2) *When the payment of an installment of a special assessment becomes delinquent, all payments of subsequent installments may, at the option of the city or town council and upon adoption of the appropriate resolutions, become delinquent. Upon delinquency in one or all installments, the whole property shall be sold the same as other property is sold for taxes. The enforcement of the lien of any installment of a special assessment by any method authorized by law does not prevent the enforcement of the lien of any subsequent installment when it becomes delinquent."*

Section 4. Section 7-12-4183, MCA, is amended to read:

**"7-12-4183. Collection of district assessments by city treasurer in cities where county collects taxes.** (1) In any city or town where taxes for general, municipal, and administrative purposes are certified to and collected by the county treasurer in accordance with the provisions of 7-6-4407 and 7-6-4423, the city or town may, nevertheless, provide by ordinance for the collection by its city treasurer or town clerk of all special assessments and taxes levied and assessed in accordance with any of the provisions of this part and part 42 in the same manner and at the same time as said taxes for general, municipal, and administrative purposes are collected by the county treasurer. All of the provisions of 7-6-4423 shall apply to the collection of such special taxes and assessments in the same manner as such provisions apply to the collection of other city or town taxes.

(2) When the payment of any one installment of any special assessment becomes delinquent, all payments of subsequent installments shall, at the option of the city or town council and by appropriate resolution duly adopted, become delinquent. Such delinquent special assessments shall be certified to the county clerk of the county in which such city or town is

situated, and the county treasurer must collect such delinquent special assessments and taxes in the same manner and at the same time as said taxes for general, municipal, and administrative purposes are collected by him. In case the same are not paid, the whole property shall be sold, the same as other property is sold for taxes. *The enforcement of the lien of any installment of a special assessment by any method authorized by law does not prevent the enforcement of the lien of any subsequent installment when it becomes delinquent.*"

(a) deposit in court to the use of the tax purchaser or his successors:

(i) the amount of all taxes, interest, and penalties which would have accrued if said property had been regularly and legally assessed and taxed as the property of said true owner and sold for delinquent taxes and was about to be redeemed by him; and

(ii) the amount of all sums reasonably paid thereafter by said purchaser or his successors after *expiration of the redemption period* for said tax sale in preserving said property or in making improvements thereon while in possession thereof, as the total amount of said taxes, interest, penalties, and improvements is alleged by the plaintiff and as shall appear in said order; or

(3) Said order shall be filed with the clerk and recorder and a copy served personally upon all persons shown in said affidavit to be residents of and in the state of Montana, and jurisdiction shall be acquired over all other persons by publishing the same once in a newspaper in the county and by posting the same in three public places in the county at least 10 days before the day fixed for the hearing and by leaving a copy with the county treasurer."

Section 7. Section 15-18-403, MCA, is amended to read:

**"15-18-403. Title conveyed by deed — procedure to cure defects.** (1) All deeds executed after *the expiration of the redemption period* for any tax sale shall be deemed to convey to the grantee the absolute title to the lands described therein as of the date of the expiration of *the redemption period*, including all the right, title, interest, estate, lien, claim, and demand of the state of Montana and of the county in and to said real estate and including the right, if said tax deed or tax sale or any of the tax proceedings upon which said deed may be based shall be attacked and held irregular or void, to recover the unpaid taxes, interest, and penalties which would accrue if said tax proceedings had been regular and it was desired to redeem said property, free of all encumbrances except the lien for taxes which may have attached subsequent to the sale *and the lien of any special, local improvement, irrigation, or drainage assessments levied against the property, payable after the execution of the tax deed*, and except when the land is owned by the United States or the state, in which case it is prima facie evidence of the right of possession accruing as of the date of the expiration of such period for redemption.

(2) If any tax deed or deed purporting to be such has been or shall be issued more than 30 days after *the expiration of the redemption period following* any tax sale or attempted tax sale, the grantee may publish in a newspaper in the county published at the county seat or, if none, in a newspaper of *general circulation in the county*, once a week for 2 weeks a notice entitled "a notice of claim of a tax title" which shall set forth a description of any property claimed to have been acquired by a tax deed; an estimate of the amount due thereon for taxes, interest, and penalties; and a statement that for further particulars reference is made to the records in the office of the county treasurer; also the name of the person claiming to have obtained a tax deed to said property and the name of the person in whose name said property was assessed or taxed and a statement that demand is made that such person shall, within 30 days after the first publication of said notice, pay to said claimant or to the county treasurer to his use the amount of the taxes, interest, and penalties as the same may appear in the records of the county treasurer or bring a suit to quiet his title or to set aside said tax deed or deeds. Any mistake in the amount or in any name specified in said notice shall not invalidate the same.

(3) If, within said period of 30 days, said taxes, interest, and penalties shall not have been paid or said suit brought, all defects in the tax proceedings and any right of redemption shall be deemed waived and thereupon

the title to said property described in said notice and in the tax deed shall be valid and binding, irrespective of any irregularities, defects, or omissions or total failures to observe any of the provisions of the statutes of Montana regarding the assessment, levying of taxes, or sale of property for taxes and the giving of notices including notices of redemption, whether or not such omissions or failures make said proceedings void (other than that the taxes were not delinquent or have been paid)."

**Section 8. Definitions.** Unless the context indicates otherwise, as used in [sections 8 through 12], the following definitions apply:

(1) "Improvement fund" means, with respect to any special assessments, the fund of the municipality into which collections of the special assessments have been pledged or appropriated.

(2) "Municipality" means, with respect to special assessments levied under Title 7, chapter 12, parts 41 through 46, the city or town that levied such assessments.

**Section 9. Municipality as purchaser.** Whenever property has been struck off to the county at a tax sale under 15-17-207, is subject to the lien of delinquent special assessments, and has not been assigned under 15-17-208 or 15-17-303, at the request of the municipality the county treasurer shall assign all of the rights of the county acquired therein at the sale to the municipality upon payment of any delinquent taxes (excluding assessments) and costs, without penalty or interest. The duplicate certificate of sale must be delivered to the treasurer of the municipality and filed by him in his office. No charge may be made for the duplicate certificate when the municipality is the purchaser, and in such case the county treasurer shall make an entry "sold to the municipality" on the assessment book opposite the tax, and he must be credited with the delinquent amount thereof in the settlement. Property sold to the municipality must be held in trust by the municipality for the improvement fund into which the delinquent special assessments are payable.

**Section 10. Assignment of municipality's interest.** (1) At any time after a parcel of land has been acquired by a municipality, as provided in [section 9], and has not been redeemed, the treasurer of the municipality shall assign all the rights of the municipality in the property to any person who pays:

- (a) the purchase price paid by the municipality;
- (b) the delinquent assessments;
- (c) interest on the purchase price and delinquent assessments at the rate of  $\frac{5}{6}$  of 1% a month; and
- (d) penalties and costs as provided by law.

(2) The treasurer of the municipality shall execute to such person a certificate of sale for the parcel, which may be in substantially the form provided in 15-17-303 for the assignment of the interests of the county. If the certificate of sale becomes lost or accidentally destroyed by the assignee, the treasurer of the municipality shall issue a duplicate certificate to the assignee after the assignee delivers to the treasurer evidence satisfactory to

him, including an affidavit of the assignee, that the certificate has been lost or destroyed.

(3) An assignment by a municipality under this section discharges the trust created under [section 9]. The municipality may also discharge the trust created under [section 9] by paying into the improvement fund the amount of the delinquent assessments and interest accrued thereon.

**Section 11. Sale or lease and disposition of proceeds from lands acquired by municipality.** A municipality may sell or lease property it acquires under [section 9] in the same manner as a county may sell or lease tax-deed property under Title 7, chapter 8, part 23. All money received by the municipality from the sale or lease of such land, after payment of the cost of sale, not to exceed \$25, must be paid into the improvement fund to the extent of the delinquent assessments, interest, and penalties. The surplus, if any, must be paid into any revolving fund that secures payment of such special assessments or, if none, to the general fund of the municipality.

**Section 12. Taxes and subsequent installments of special assessments on land acquired by a municipality.** For property that is acquired by a municipality as provided in [section 9], subsequent installments of the special assessment or assessments, if any, and other special assessments not then delinquent must be levied, and taxes for the following years must be assessed in the same manner as if the property had not been so acquired. If the special assessments or installments thereof or taxes are not paid when due, the property must again be sold in the manner provided by law and the levies of special assessments, assessments of taxes, and the sale of the property for delinquent special assessments and taxes must continue until the time when the property has been redeemed from such sale.

**Section 13. Codification instruction.** Sections 8 through 12 are intended to be codified as an integral part of Title 15, chapter 17, part 3, and the provisions of Title 15, chapter 17, part 3, apply to sections 8 through 12.

**Section 14. Coordination instruction.** If Senate Bill No. 162, including repeal of 15-18-101, 15-18-401, and 15-18-403, is passed and approved, sections 6 and 7 of this act are void and section 16 of Senate Bill No. 162, relating to time for redemption, is amended as follows (3rd reading copy of SB 162):

Renumber: subsequent subsection and subsequent sections

Section 15. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 16. **Applicability.** This act applies to the enforcement of all outstanding and future tax and assessment liens except those installments of outstanding special assessments that are delinquent and have been the subject of a sale for delinquent taxes or assessments before the effective date of this act.

## CHAPTER NO. 618

[HB 816]

AN ACT CREATING A NEW CLASS TWENTY CLASSIFICATION FOR PROPERTY TAX PURPOSES; ESTABLISHING REQUIREMENTS FOR DETERMINING THE MARKET VALUE OF CLASS TWENTY PROPERTY; ESTABLISHING LOCAL GOVERNMENT APPROVAL AS A PREREQUISITE FOR CLASSIFICATION AS CLASS TWENTY PROPERTY; CLARIFYING TERMINOLOGY RELATING TO TAXABLE VALUE, MARKET VALUE, AND ASSESSED VALUE; AMENDING SECTION 15-8-111, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Class twenty property — description — method of valuation — taxable percentage.** (1) Class twenty property includes all real and personal property that:

- (a) is integrally related in a single working unit;
- (b) is devoted exclusively to the processing of agricultural or timber products; and
- (c) (i) has not been in production for 12 consecutive months or has been acquired in an arm's-length transaction by an unrelated person, including an acquisition in a foreclosure sale or bankruptcy proceeding; or

(ii) has been acquired in a foreclosure or bankruptcy proceeding by a person, as defined in 15-1-102, having no relationship to or interest in the property prior to the transaction.

(2) In determining the market value of class twenty property, the department shall reduce the assessed value by 25% a year for each year the plant continues to be out of production until the market value is reduced to salvage value.

(3) Upon commencement of production or an acquisition described in subsection (1)(c)(ii), property classified as class twenty must remain at the preceding year's valuation for the succeeding 12 months. Following the end of the 12-month period, the property may be considered new or expanding industry as provided in Title 15, chapter 24, part 14.

(4) Property in class twenty is taxable at 3.86% of its market value.

**Section 2. Application for classification as class twenty property — local government approval required.** (1) A person applying for classification of property as class twenty property shall make an application to the department of revenue on a form provided by the department without cost.

(2) The department may not grant an application for classification of property as class twenty property unless the governing body of the affected county or incorporated city or town approves the application by resolution, following due notice as defined in 76-15-103 and a public hearing, for its respective jurisdiction.

(3) The resolution provided for in subsection (2) must specify the property that the taxing jurisdiction approves for classification as class twenty property.

(4) The property valuation reduction granted to class twenty property under [section 1] applies only to the number of mills levied and assessed for local high school district and elementary school district purposes and to the number of mills levied and assessed by an approving governing body over which it has sole discretion. In no case may the property valuation reduction for class twenty property apply to levies or assessments required under Title 15, chapter 10; 20-9-331; 20-9-333; or otherwise required under state law.

**Section 3.** Section 15-8-111, MCA, is amended to read:

**"15-8-111. Assessment — market value standard — exceptions.** (1) All taxable property must be assessed at 100% of its market value except as *otherwise* provided.

(2) (a) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(b) Except as provided in subsection (3), the market value of all motor trucks; agricultural tools, implements, and machinery; and vehicles of all kinds, including but not limited to aircraft and boats and all watercraft, is

the average wholesale value shown in national appraisal guides and manuals or the value of the vehicle before reconditioning and profit margin. The department of revenue shall prepare valuation schedules showing the average wholesale value when no national appraisal guide exists.

(3) The department of revenue or its agents may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property, except:

(a) the wholesale value for agricultural implements and machinery is the loan value as shown in the Official Guide, Tractor and Farm Equipment, published by the national farm and power equipment dealers association, St. Louis, Missouri;

(b) for agricultural implements and machinery not listed in the official guide, the department shall prepare a supplemental manual where the values reflect the same depreciation as those found in the official guide; and

(c) *as otherwise authorized in Title 15 and Title 61.*

(4) For purposes of taxation, assessed value is the same as appraised value.

(5) The taxable value for all property is the percentage of market or assessed value established for each class of property.

(6) The assessed value of properties in 15-6-131 through 15-6-133 is as follows:

(a) Properties in 15-6-131, under class one, are assessed at 100% of the annual net proceeds after deducting the expenses specified and allowed by 15-23-503.

(b) Properties in 15-6-132, under class two, are assessed at 100% of the annual gross proceeds.

(c) Properties in 15-6-133, under class three, are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(d) Properties in 15-6-143, under class thirteen, are assessed at 100% of the combined appraised value of the standing timber and grazing productivity of the land when valued as timberland.

(7) Land and the improvements thereon are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town. (Subsections (3)(a) and (3)(b) applicable to tax years beginning after December 31, 1985—sec. 4, Ch. 463, L. 1985. Subsection (6)(d) and references in (8) [now deleted] to class thirteen and 15-6-143 terminate January 1, 1991—sec. 10, Ch. 681, L. 1985.)"

**Section 4. Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

**Section 5. Codification instruction.** Sections 1 and 2 are intended to be codified as an integral part of Title 15, chapter 6, part 1, and the provisions of Title 15, chapter 6, apply to sections 1 and 2.

**Section 6. Effective date — applicability.** This act is effective on passage and approval and applies to taxable years beginning after December 31, 1986.

Approved April 27, 1987.

## CHAPTER NO. 619

[HB 837]

AN ACT TO GENERALLY REVISE THE PROVISIONS CONCERNING FILING FINANCIAL STATEMENTS IN TITLE 30, CHAPTER 9, MCA, UNIFORM COMMERCIAL CODE—SECURED TRANSACTIONS; AMENDING SECTIONS 30-9-402, 30-9-403, 30-9-407, AND 30-9-421, MCA; REPEALING SECTION 30-9-422, MCA; AND PROVIDING EFFECTIVE DATES.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 30-9-402, MCA, is amended to read:

**“30-9-402. Formal requisites of financing statement — amendments — mortgage as financing statement.** (1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address *and the county of residence* of the debtor, and contains a statement indicating the types or describing the items of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. Except for financing statements filed pursuant to 30-9-409 when the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to 30-9-103(5), or when the financing statement is filed as a fixture filing (30-9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in:

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this state, or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances.

(b) proceeds under 30-9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral.

(c) collateral as to which the filing has lapsed; or

(d) collateral acquired after a change of name, identity, or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor) ....

Address ....

*County of residence* ....

Name of secured party (or assignee) ....

Address ....

1. This financing statement covers the following types (or items) of property:

(Describe) ....

2. (If collateral is crops) The above described crops are growing or are to be grown on:

(Describe Real Estate) ....

3. (If applicable) The above goods are to become fixtures on:

(Describe Real Estate) ....

and this financing statement is to be filed in the real estate record. (If the debtor does not have an interest or record) The name of a record owner is ....

4. (If products of collateral are claimed) Products of the collateral are also covered.

(Use whichever  
is applicable)

Signature of Debtor (or Assignor) ....  
Signature of Secured Party (or Assignee) ....

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this chapter, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to 30-9-103(5), or a financing statement filed as a fixture filing (30-9-313) when the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) (a) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if:

- (i) the goods are described in the mortgage by item or type;
- (ii) the goods are or are to become fixtures related to the real estate described in the mortgage;
- (iii) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records; and
- (iv) the mortgage is duly recorded.

(b) No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership, or corporate name of the debtor, whether or not it adds other trade names or the names of partners. If the debtor so changes his name or in the case of an organization its name, identity, or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than 4 months after the change unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading."

Section 2. Section 30-9-403, MCA, is amended to read:

**"30-9-403. What constitutes filing — duration of filing — fees — effect of lapsed filing — duties of filing officer — computerized farm statement system.** (1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this chapter.

(2) Except as provided in subsections (6) and (11), a filed financing statement is effective for a period of 5 years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the

5-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the 5-year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is considered to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within 6 months prior to the expiration of the 5-year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number, and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with 30-9-405(2), including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for 5 years after the last date to which the filing was effective, whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if he has retained a microfilm or other photographic record, or in other cases after 1 year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than 5 years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained.

(4) Except as provided in subsection (7), a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition, the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) The uniform fees for filing, indexing, and stamping a copy furnished by the filing party to show the date and place of filing shall be set pursuant to subsection (13).

(6) If the debtor is a transmitting utility and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage that is effective as a fixture filing under 30-9-402(6) remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to 30-9-103(5) or is filed as a fixture filing, the filing officer shall index it under the names

of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or if indexing is by description, in the same fashion as if the financing statement were a mortgage of the real estate described.

(8) When a financing or continuation statement filed by a financial institution covers farm products or accounts, livestock, general intangibles arising from or relating to the sale of farm products by a farmer, crops growing or to be grown, or equipment used in farming operations, the fee for filing must be established by the secretary of state in an amount commensurate with the costs of establishing and operating the computerized access system described in subsection (9).

(9) Within one working day of receipt of a financing or continuation statement, the secretary of state shall record the information contained in the statement on a centralized computer system that he shall establish. The computer system must allow access to financing statement information by any type of communications which conform to standards used by the state central computer. The system must have safeguards to allow only access to UCC data and to prevent alteration, addition, or deletion of the UCC data. The computer must be accessible whenever the state computer system is available. A perfected security interest is not created until the financing statement information is recorded on the system. A printout of information from the system is prima facie evidence of the existence or nonexistence of the filing of a financing statement. The secretary of state shall maintain adequate errors and omissions liability coverage to protect against input errors causing loss to a secured party.

*(10) The secretary of state shall, upon request of a clerk and recorder, mail a certified copy of a financing statement, continuation statement, assignment, amendment, or termination covering collateral described in subsection (8) to the clerk and recorder in the county of the principal debtor's residence. The secretary of state shall mail the requested copies at least once each week. This subsection does not require the secretary of state to mail a copy of any document which does not specifically indicate the county of the principal debtor's residence on its face.*

(11) When a financing or continuation statement covers property described in subsection (8), its effectiveness lapses on July 1, 1986, unless prior to that date there is filed in the office of the secretary of state a certified copy of the statement on file with the county clerk and all related documents.

(12) Financing statement information in the computer system constitutes public writings within the meaning of 2-6-101, but the information may not be used to compile mailing lists.

(13) The secretary of state, with advice from the county clerk and recorders, shall by administrative rule establish fees as required by this part. The fees must be commensurate with the costs of processing the

documents. The secretary of state shall maintain records sufficient to support the amounts of the fees established under this subsection. *The secretary of state shall deposit in a state special revenue fund in the state treasury all fees he collects, and the fee money may be paid out of the treasury only on appropriation made by the legislature as provided in 17-8-101. Any fee money collected under this part and remaining in the state treasury after all current fiscal year expenditures are met must be transferred to the general fund. The secretary of state shall disseminate the uniform fee schedule to the county clerk and recorders for their use.*

Section 3. Section 30-9-407, MCA, is amended to read:

**"30-9-407. Information from filing officer.** (1) If the person filing any financing statement, termination statement, statement of assignment, or statement of release furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

(2) Upon request of any person, the filing officer shall issue his certificate showing whether there is on file on the date and hour stated therein, any presently effective financing statement naming a particular debtor and any statement of assignment thereof and, if there is, giving the date and hour of filing of each such statement and the name and address of each secured party therein. *For financing statements recorded on the system described in 30-9-403(9), the filing officer shall, upon request of any person, also furnish written information concerning the collateral described for any presently effective financing statement covering collateral described in 30-9-403(8). However, such information is not a part of the filing officer's certificate and may not constitute a complete description of the collateral covered by the financing statement. The uniform fee for such a certificate and description of collateral shall be set pursuant to 30-9-403. Upon request the filing officer shall furnish a copy of any filed financing statement or statement of assignment for a uniform fee of 50 cents per page.*

(3) A computer printout from the system described in 30-9-403(9) constitutes the certificate of the secretary of state as to whether there is on file, on the date and hour stated thereon, such a financing statement covering the collateral described in 30-9-403(8). The fee for requesting a printout from the secretary of state must cover the cost of the printout. If a certificate is made on a requestor's own computer using telephone dial-up access, a fee commensurate with costs must be charged.

(4) *Within 30 days after [the effective date of this act], the secretary of state shall provide a listing of all financing statements recorded on the system described in 30-9-403(9) covering collateral described in 30-9-403(8) to each county clerk and recorder. The secretary of state shall compile the listing alphabetically by debtor's name and may distribute the listing on microfilm or microfiche. The secretary of state shall provide the listing without charge to the county.*

(5) *The secretary of state shall ensure that the system described in 30-9-403(9) complies with the requirements for a central filing system as defined by 7 U.S.C. 1631 as that statute read on January 1, 1987. The*

*secretary of state shall distribute portions of the master list to registered buyers at least once each month. He may distribute portions of the master list more frequently if he determines it is necessary to improve the flow of agricultural credit."*

Section 4. Section 30-9-421, MCA, is amended to read:

**"30-9-421. Rules for agricultural lien filing — duties — perfection and priority rights.** (1) The secretary of state may adopt rules concerning the operation of the central agricultural security interest computer filing system, prescribing such matters as format for data and the type of information to be recorded from the financing statement.

(2) A financing statement covering the collateral described in 30-9-403(8) which was filed with a county clerk and recorder prior to July 1, 1985, and which was sufficient on that date to perfect a security interest in the collateral described therein retains its perfection and priority rights upon being centrally filed."

Section 5. **Repealer.** Section 30-9-422, MCA, is repealed.

Section 6. **Extension of authority.** Any existing authority of the secretary of state to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 7. **Effective dates.** (1) Sections 1 and 3 of this act are effective July 1, 1987.

(2) All other sections of this act are effective on passage and approval.

Approved April 27, 1987.

*Be it enacted by the Legislature of the State of Montana:*

## CHAPTER NO. 622

[HB 880]

AN ACT PROVIDING FOR A UNIFORM PREMIUM TAX; AUTHORIZING THE COMMISSIONER OF INSURANCE TO COLLECT PREMIUM TAX PAYMENTS ON A QUARTERLY BASIS; PROVIDING PENALTIES FOR FAILURE TO PAY THE PREMIUM TAX WHEN DUE; APPROPRIATING MONEY; AMENDING SECTIONS 15-31-101, 33-2-311, AND 33-2-705, MCA; AND PROVIDING RETROACTIVE APPLICABILITY AND EFFECTIVE DATES.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-31-101, MCA, is amended to read:

**"15-31-101. Organizations subject to tax.** (1) The term "corporation" includes associations, joint-stock companies, common-law trusts and business trusts which do business in an organized capacity, and all other corporations whether created, organized, or existing under and pursuant to the laws, agreements, or declarations of trust of any state, country, or the United States.

(2) The terms "engaged in business" and "doing business" both mean actively engaging in any transaction for the purpose of financial or pecuniary gain or profit.

(3) Every corporation, except as hereinafter provided and except as provided in 33-2-705(4), engaged in business in the state of Montana shall annually pay to the state treasurer as a license fee for the privilege of carrying on business in this state such percentage or percentages of its total net income for the preceding taxable year at the rate hereinafter set forth. In the case of corporations having income from business activity which is taxable both within and without this state, the license fee shall be measured by the net income derived from or attributable to Montana sources as determined under part 3. This tax is due and payable on the 15th day of the 5th month following the close of the taxable year of the corporation; however, the tax becomes a lien as provided in this chapter on the last day of the taxable year in which the income was earned and is for the privilege of carrying on business in this state for the taxable year in which the income was earned.

(4) Every bank organized under the laws of the state of Montana, of any other state, or of the United States and every savings and loan association organized under the laws of this state or of the United States is subject to the Montana corporation license tax provided for under this

chapter. For taxable years beginning on and after January 1, 1972, this subsection is effective in accordance with Public Law 91-156, section 2 (12 U.S.C. 548)."

Section 2. Section 33-2-311, MCA, is amended to read:

**"33-2-311. Tax on surplus lines.** There is imposed upon premiums collected for surplus line insurance transacted in this state a tax at the same rate and computed in the same manner as provided in 33-2-705 as to premiums of authorized insurers, except that amounts collected from the insured specifically for applicable state and federal taxes, and in excess of the premium otherwise required, shall not be deemed to be part of the premium for the purposes of such computation. Upon filing of the annual statement referred to in 33-2-310(2), the surplus line agent shall pay to the commissioner the amount of tax owing as to surplus line insurance business transacted by him during the preceding calendar year. If a surplus line policy covers risk or exposures only partially in this state, the tax payable shall be computed upon the proportion of the premium which is properly allocable to the risks or exposures located in this state."

Section 3. Section 33-2-705, MCA, is amended to read:

**"33-2-705. Report on premiums and other consideration — tax.**  
(1) Each authorized insurer and each formerly authorized insurer with respect to premiums so received while an authorized insurer in this state shall file with the commissioner, on or before March 1 each year, a report in form as prescribed by the commissioner showing total direct premium income, including policy, membership, and other fees, premiums paid by application of dividends, refunds, savings, savings coupons, and similar returns or credits to payment of premiums for new or additional or extended or renewed insurance, charges for payment of premium in installments, and all other consideration for insurance from all kinds and classes of insurance, whether designated as a premium or otherwise, received by it during the preceding calendar year on account of policies covering property, subjects, or risks located, resident, or to be performed in Montana, with proper proportionate allocation of premium as to such property, subjects, or risks in Montana insured under policies or contracts covering property, subjects, or risks located or resident in more than one state, after deducting from such total direct premium income applicable cancellations, returned premiums, the unabsorbed portion of any deposit premium, the amount of reduction in or refund of premiums allowed to industrial life policyholders for payment of premiums direct to an office of the insurer, all policy dividends, refunds, savings, savings coupons, and other similar returns paid or credited to policyholders with respect to such policies. As to title insurance, "premium" includes the total charge for such insurance. No deduction shall be made of the cash surrender values of policies. Considerations received on annuity contracts shall not be included in total direct premium income and shall not be subject to tax.

(2) Coincident with the filing of the tax report referred to in subsection (1) above, each such insurer shall pay to the commissioner a tax upon such net premiums *computed at the rate of 2 3/4%.*

(3) That portion of the tax paid hereunder by an insurer on account of premiums received for fire insurance shall be separately specified in the report as required by the commissioner, for apportionment as provided by law. Where insurance against fire is included with insurance of property against other perils at an undivided premium, the insurer shall make such reasonable allocation from such entire premium to the fire portion of the coverage as shall be stated in such report and as may be approved or accepted by the commissioner.

(4) With respect to authorized insurers the premium tax provided by this section shall be payment in full and in lieu of all other demands for any and all state, county, city, district, municipal, and school taxes, licenses, fees, and excises of whatever kind or character, excepting only those prescribed by this code, taxes on real and tangible personal property located in this state, and taxes payable under 50-3-109.

(5) The commissioner may suspend or revoke the certificate of authority of any insurer which fails to pay its taxes as required under this section.

(6) *In addition to the penalty provided for in subsection (5), the commissioner may impose upon an insurer who fails to pay the tax required under this section a fine of \$100 a day for each day the tax remains unpaid past the due date or 1% of the amount owed in tax, whichever is greater.*

(7) *The commissioner may by rule provide a quarterly schedule for payment of portions of the premium tax under this section during the year in which such tax liability is accrued."*

**Section 4. Appropriation.** There is appropriated to the commissioner of insurance from the insurance regulatory trust account in the state special revenue fund the following sum for each fiscal year of the biennium ending June 30, 1989, to be used to fund one FTE administrative assistant to implement the provisions of this act:

FY 1988

## CHAPTER NO. 627

[HB 442]

AN ACT TO GENERALLY REVISE THE LAW RELATING TO PUNITIVE DAMAGES; LIMITING THE RIGHT TO RECOVER PUNITIVE DAMAGES; RESTRICTING THE AWARD OF PUNITIVE DAMAGES IN CONTRACT-RELATED CASES; PERMITTING INSURANCE COVERAGE OF PUNITIVE DAMAGES; AMENDING SECTIONS 27-1-220 AND 27-1-221, MCA; AND PROVIDING APPLICABILITY DATES.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 27-1-220, MCA, is amended to read:

**"27-1-220. Punitive damages — when allowed.** (1) *Except as otherwise expressly provided by statute, a judge or jury may award, in addition to compensatory damages, punitive damages for the sake of example and for the purpose of punishing a defendant.*

(2) (a) *Unless otherwise expressly provided by statute, punitive damages may not be recovered in any action arising from:*

(i) *contract; or*

(ii) *breach of contract.*

(b) *Subsection (2)(a) does not prohibit recovery of punitive damages in a products liability action or an action arising under 33-18-201."*

Section 2. Section 27-1-221, MCA, is amended to read:

**"27-1-221. Punitive damages — liability — proof — award.** (1) *Subject to subsection (2) and the provisions of 27-1-220, reasonable punitive damages may be awarded where the defendant has been guilty of actual fraud or actual malice.*

(2) *A defendant is guilty of actual malice if he has knowledge of facts or intentionally disregards facts that create a high probability of injury to the plaintiff and:*

(a) *deliberately proceeds to act in conscious or intentional disregard of the high probability of injury to the plaintiff; or*

(b) *deliberately proceeds to act with indifference to the high probability of injury to the plaintiff.*

(3) *A defendant is guilty of actual fraud if he:*

(a) *makes a representation with knowledge of its falsity; or*

(b) *conceals a material fact with the purpose of depriving the plaintiff of property or legal rights or otherwise causing injury.*

(4) *Actual fraud exists only where the plaintiff has a right to rely upon the representation of the defendant and suffers injury as a result of such reliance. The contract definitions of fraud expressed in Title 28, chapter 2, do not apply to proof of actual fraud under this section.*

(5) *All elements of the claim for punitive damages must be proved by clear and convincing evidence. Clear and convincing evidence means evidence in which there is no serious or substantial doubt about the correctness of the conclusions drawn from the evidence. It is more than a preponderance of evidence, but less than beyond a reasonable doubt.*

(6) *Liability for punitive damages must be determined by the trier of fact, whether judge or jury.*

(7) (a) *Evidence regarding a defendant's financial affairs, financial condition, and net worth is not admissible in a trial to determine whether a defendant is liable for punitive damages. When the jury returns a verdict finding a defendant liable for punitive damages, the amount of punitive damages must then be determined by the jury in an immediate, separate proceeding and be submitted to the judge for review as provided in subsection (7)(c). In the separate proceeding to determine the amount of punitive damages to be awarded, the defendant's financial affairs, financial condition, and net worth must be considered.*

(b) *When an award of punitive damages is made by the judge, he shall clearly state his reasons for making the award in findings of fact and conclusions of law, demonstrating consideration of each of the following matters:*

(i) *the nature and reprehensibility of the defendant's wrongdoing;*

(ii) *the extent of the defendant's wrongdoing;*

(iii) *the intent of the defendant in committing the wrong;*

(iv) *the profitability of the defendant's wrongdoing, if applicable;*

(v) *the amount of actual damages awarded by the jury;*

(vi) *the defendant's net worth;*

(vii) *previous awards of punitive or exemplary damages against the defendant based upon the same wrongful act;*

(viii) *potential or prior criminal sanctions against the defendant based upon the same wrongful act; and*

(ix) *any other circumstances which may operate to increase or reduce, without wholly defeating, punitive damages.*

(c) *The judge shall review a jury award of punitive damages, giving consideration to each of the matters listed in subsection (7)(b). If after review the judge determines that the jury award of punitive damages should be*

*increased or decreased, he may do so. The judge shall clearly state his reasons for increasing, decreasing, or not increasing or decreasing the punitive damages award of the jury in findings of fact and conclusions of law, demonstrating consideration of each of the factors listed in subsection (7)(b).*

*(8) Nothing in this section is intended to alter the Montana Rules of Civil Procedure governing discovery of a defendant's financial affairs, financial condition, and net worth."*

**Section 3. Insurance coverage of punitive damages.** (1) Insurance coverage does not extend to punitive or exemplary damages unless expressly included by the contract of insurance.

(2) Prior to renewal of any policy in effect on [the effective date of this act], the insurer shall provide the insured with notice of nonrenewal of coverage of punitive or exemplary damages in the same manner as required by the commissioner of insurance for the renewal of policies with altered terms.

**Section 4. Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

**Section 5. Applicability.** This act applies to claims arising after the effective date of this act, except that subsections (6), (7), and (8) of 27-1-221 apply to trials that begin after the effective date of this act whether or not the claim arose after the effective date of this act.

Approved April 27, 1987.

## CHAPTER NO. 628

[HB 567]

AN ACT PROVIDING FOR THE REDUCTION OF JURY AWARDS BY THE TRIAL COURT FOR AMOUNTS PAID OR PAYABLE FROM COLLATERAL SOURCES AND PROVIDING AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Definitions.** As used in [sections 1 and 2]:

(1) "Collateral source" means a payment for something that is later included in a tort award and which is made to or for the benefit of a plaintiff or is otherwise available to the plaintiff:

(a) for medical expenses and disability payments under the federal Social Security Act, any federal, state, or local income disability act, or any other public program;

(b) under any health, sickness, or income disability insurance or automobile accident insurance that provides health benefits or income disability coverage, and any other similar insurance benefits available to the plaintiff, except life insurance;

(c) under any contract or agreement of any person, group, organization, partnership, or corporation to provide, pay for, or reimburse the costs of hospital, medical, dental, or other health care services, except gifts or gratuitous contributions or assistance;

(d) any contractual or voluntary wage continuation plan provided by an employer, or other system intended to provide wages during a period of disability; and

(e) any other source, except the assets of the plaintiff or of his immediate family if he is obligated to repay a member of his immediate family.

(2) "Person" includes individuals, corporations, associations, societies, firms, partnerships, joint stock companies, government entities, political subdivisions, and any other entity or aggregate of individuals.

(3) (a) "Plaintiff" means a person who alleges that he sustained bodily injury, or on whose behalf recovery for bodily injury or death is sought, or who would have a beneficial, legal, or equitable interest in a recovery.

(b) The term includes:

(i) a legal representative;

(ii) a person with a wrongful death or surviving cause of action;

(iii) a person seeking recovery on a claim for loss of consortium, society, assistance, companionship, or services; and

(iv) any other person whose right of recovery or whose claim or status is derivative of one who has sustained bodily injury or death.

**Section 2. Collateral source reductions in actions arising from bodily injury or death — subrogation rights.** (1) In an action arising from bodily injury or death when the total award against all defendants is in excess of \$50,000 and the plaintiff will be fully compensated for his damages, exclusive of court costs and attorney fees, a plaintiff's recovery must be reduced by any amount paid or payable from a collateral source that does not have a subrogation right.

(2) Before an insurance policy payment is used to reduce an award under subsection (1), the following amounts must be deducted from the amount of the insurance policy payment:

(a) the amount the plaintiff paid for the 5 years prior to the date of injury;

(b) the amount the plaintiff paid from date of injury to date of judgment; and

(c) the present value of the amount the plaintiff is thereafter obligated to pay to keep the policy in force for the period for which any reduction of an award is made pursuant to subsection (3).

(3) The jury shall determine its award without consideration of any collateral sources. After the jury determines its award, reduction of the award must be made by the trial judge at a hearing and upon a separate submission of evidence relevant to the existence and amount of collateral sources. Evidence is admissible at the hearing to show that the plaintiff has been or may be reimbursed from a collateral source that does not have a subrogation right. If the trial judge finds that, at the time of hearing, it is not reasonably determinable whether or in what amount a benefit from such a collateral source will be payable, he shall:

(a) order any person against whom an award was rendered and who claims a deduction under this section to make a deposit into court of the disputed amount, at interest; and

(b) reduce the award by the amount deposited. The amount deposited and any interest thereon are subject to the further order of the court, pursuant to the requirements of this section.

(4) Except for subrogation rights specifically granted by state or federal law, there is no right to subrogation for any amount paid or payable to a plaintiff from a collateral source if an award is reduced by that amount under subsection (1).

**Section 3. Applicability.** This act applies only to causes of action arising after the effective date of this act.

Approved April 27, 1987.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 7-12-2167, MCA, is amended to read:

**"7-12-2167. Term of payment of assessments.** (1) Except as provided in subsection (2), the payment of the assessment to defray the cost of constructing any improvements in special improvement districts may be spread over a term of not to exceed 30 years.

(2) If federal loans are available, payments may be spread over a term of not to exceed 40 years.

(3) *The assessments are payable in equal semiannual installments of principal, with interest on the unpaid installments, or if the board of county commissioners so prescribes in the resolution authorizing issuance of the special improvement district bonds, in equal semiannual installments of principal and interest, each in the amount required to pay the principal over the term of payment, with interest at the rate then borne by the assessment.*

(4) Any assessment that is not delinquent may be prepaid, in whole but not in part, at any time after the assessment is levied, by the payment of the assessment, with interest accrued and to accrue thereon through the next date on which interest on bonds of the special improvement district is payable."

Section 2. Section 7-12-2193, MCA, is amended to read:

**"7-12-2193. Refunding bonds.** (1) A county may issue special improvement district bonds for the purpose of providing the money needed to pay principal of and interest on outstanding special improvement district bonds. - (a) the facts regarding the outstanding bonds that are to be refunded;
- (b) the reasons for issuing refunding bonds; and
- (c) the term and details of the refunding bonds.

(2) If the refunding bonds are proposed to be issued in an amount greater than the amount of outstanding bonds to be refunded, the board may not authorize the issuance of such bonds until it has conducted a public hearing on the desirability of issuing the bonds, after published and mailed notice as provided in 7-12-2105(2), and found by resolution that such an issuance of refunding bonds is in the best interest of the special improvement district.

(3) After the adoption of the required resolution or resolutions, the board may:

- (a) sell the refunding bonds at a private negotiated sale; or

(b) at its option, give notice of the sale and sell the refunding bonds in the same manner that other special improvement district bonds are sold.

(5) (a) Refunding bonds issued pursuant to this section may be issued to refund outstanding bonds in advance of the date on which such bonds mature or are subject to redemption, but the proceeds of the refunding bonds, less any accrued interest or premium received upon the sale thereof, must be deposited with other funds appropriated for the payment of the outstanding bonds in escrow with a suitable banking institution or trust company, which may be located either in or out of the state.

(b) Funds so deposited must be invested in securities that are general obligations of the United States or securities the principal of and interest on which are guaranteed by the United States. Section 4. Section 7-12-4194, MCA, is amended to read:

**"7-12-4194. Refunding bonds.** (1) A city may issue special improvement district bonds for the purpose of providing the money needed to pay principal of and interest on outstanding special improvement district bonds. To issue bonds for such purpose, the city council, at a regular meeting or a duly called special meeting, shall adopt a resolution setting forth:

(2) If the refunding bonds are proposed to be issued in an amount greater than the amount of outstanding bonds to be refunded, the city council may not authorize the issuance of such bonds until it has conducted a public hearing on the desirability of issuing the bonds, after published and mailed notice as provided in 7-12-4106(2), and found by resolution that such an issuance of refunding bonds is in the best interest of the special improvement district.

(3) After the adoption of the required resolution or resolutions, the council may:

- (a) sell the refunding bonds at a private negotiated sale; or
- (b) at its option, give notice of the sale and sell the refunding bonds in the same manner that other special improvement district bonds are sold.

(4) *Unless there is, or will be on the next payment date, a default in the payment of bond principal or interest, bonds may not be refunded by the issuance of refunding bonds unless the rate of interest offered on the refunding bonds is at least ½ of 1% a year less than the rate of interest on the bonds to be refunded.*

(5) (a) Refunding bonds issued pursuant to this section may be issued to refund outstanding bonds in advance of the date on which such bonds mature or are subject to redemption, but the proceeds of the refunding bonds, less any accrued interest or premium received upon the sale thereof, must be deposited with other funds appropriated for the payment of the outstanding bonds in escrow with a suitable banking institution or trust company, which may be located either in or out of the state.

(b) Funds so deposited must be invested in securities that are general obligations of the United States or securities the principal of and interest on which are guaranteed by the United States. Such securities must mature or be callable at the option of the holder on such dates and bear interest at such rates and be payable on such dates as may be required to provide funds sufficient, with any cash deposited in the escrow account, to pay when due:

(ii) the principal on each refunded bond at maturity or upon such redemption date; and

(e) The city may pay the reasonable costs and expenses of printing the refunding bonds and of establishing and maintaining the escrow account.

(6) Refunding bonds may be issued under this section to pay principal of or interest on special improvement district bonds outstanding on April 30, 1985, only if:

(a) *the proceeds of such refunding bonds do not redeem such outstanding bonds until one-third or more of the term for which such bonds were issued has expired; or*

(b) *there is a deficiency in the bond account or interest account of the special improvement district fund from which such bonds are payable."*

**Section 5. Assessment of costs — assessed valuation option.** The city council or city commission may assess the cost of an improvement against each lot or parcel of land in the district based on the assessed value of the benefited lots or parcels of land within the district if the council or commission determines such assessment to be equitable and in proportion to and not exceeding the benefits derived from the improvement by the lot or parcel.

**Section 6. Codification instructions.** Section 5 is intended to be codified as an integral part of Title 7, chapter 12, part 41, and the provisions of Title 7, chapter 12, part 41, apply to section 5.

**Section 7. Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

**Section 8. Saving clause.** Sections 2 and 4 of this act are remedial in nature and do not imply any lack of authority or invalidity of refunding bonds issued prior to the effective date of this act.

**Section 9. Effective date.** This act is effective on passage and approval.

## CHAPTER NO. 632

[HB 752]

THE UNIFORM HEALTH CARE INFORMATION ACT; AMENDING SECTIONS 50-5-106, 50-15-704, 53-21-166, AND 53-24-306, MCA; AND REPEALING SECTIONS 50-16-301 THROUGH 50-16-305 AND 50-16-311 THROUGH 50-16-314, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Short title.** [Sections 1 through 25] may be cited as the "Uniform Health Care Information Act".

**Section 2. Legislative findings.** The legislature finds that:

(1) health care information is personal and sensitive information that if improperly used or released may do significant harm to a patient's interests in privacy and health care or other interests;

(2) patients need access to their own health care information as a matter of fairness, to enable them to make informed decisions about their health care and to correct inaccurate or incomplete information about themselves;

(3) in order to retain the full trust and confidence of patients, health care providers have an interest in assuring that health care information is not improperly disclosed and in having clear and certain rules for the disclosure of health care information;

(4) persons other than health care providers obtain, use, and disclose health record information in many different contexts and for many different purposes. It is the public policy of this state that a patient's interest in the proper use and disclosure of his health care information survives even when the information is held by persons other than health care providers.

(5) the movement of patients and their health care information across state lines, access to and exchange of health care information from automated data banks, and the emergence of multistate health care providers creates a compelling need for uniform law, rules, and procedures governing the use and disclosure of health care information.

**Section 3. Uniformity of application and construction.** [Sections 1 through 25] must be applied and construed to effectuate their general purpose to make uniform the laws with respect to the treatment of health care information among states enacting them.

**Section 4. Definitions.** As used in [sections 1 through 25], unless the context indicates otherwise, the following definitions apply:

(1) "Audit" means an assessment, evaluation, determination, or investigation of a health care provider by a person not employed by or affiliated with the provider, to determine compliance with:

- (a) statutory, regulatory, fiscal, medical, or scientific standards;
  - (b) a private or public program of payments to a health care provider;
- or
- (c) requirements for licensing, accreditation, or certification.

(2) "Directory information" means information disclosing the presence and the general health condition of a patient who is an inpatient in a health care facility or who is receiving emergency health care in a health care facility.

(3) "General health condition" means the patient's health status described in terms of critical, poor, fair, good, excellent, or terms denoting similar conditions.

(4) "Health care" means any care, service, or procedure provided by a health care provider, including medical or psychological diagnosis, treatment, evaluation, advice, or other services that affect the structure or any function of the human body.

(5) "Health care facility" means a hospital, clinic, nursing home, laboratory, office, or similar place where a health care provider provides health care to patients.

(6) "Health care information" means any information, whether oral or recorded in any form or medium, that identifies or can readily be associated with the identity of a patient and relates to the patient's health care. The term includes any record of disclosures of health care information.

(7) "Health care provider" means a person who is licensed, certified, or otherwise authorized by the laws of this state to provide health care in the ordinary course of business or practice of a profession. The term does not include a person who provides health care solely through the sale or dispensing of drugs or medical devices.

(8) "Institutional review board" means a board, committee, or other group formally designated by an institution or authorized under federal or state law to review, approve the initiation of, or conduct periodic review of research programs to assure the protection of the rights and welfare of human research subjects.

(9) "Maintain", as related to health care information, means to hold, possess, preserve, retain, store, or control that information.

(10) "Patient" means an individual who receives or has received health care. The term includes a deceased individual who has received health care.

(11) "Peer review" means an evaluation of health care services by a committee of a state or local professional organization of health care providers or a committee of medical staff of a licensed health care facility. The committee must be:

(a) authorized by law to evaluate health care services; and

(b) governed by written bylaws approved by the governing board of the health care facility or an organization of health care providers.

(12) "Person" means an individual, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or other legal or commercial entity.

**Section 5. Disclosure by health care provider.** (1) Except as authorized in [sections 9 and 10] or as otherwise specifically provided by law or the Montana Rules of Civil Procedure, a health care provider, an individual who assists a health care provider in the delivery of health care, or an agent or employee of a health care provider may not disclose health care information about a patient to any other person without the patient's written authorization. A disclosure made under a patient's written authorization must conform to the authorization.

(2) A health care provider shall maintain, in conjunction with a patient's recorded health care information, a record of each person who has received or examined, in whole or in part, the recorded health care information during the preceding 3 years except for an agent or employee of the health care provider or a person who has examined the recorded health care information under [section 9(2)]. The record of disclosure must

include the name, address, and institutional affiliation, if any, of each person receiving or examining the recorded health care information, the date of the receipt or examination, and to the extent practicable a description of the information disclosed.

**Section 6. Patient authorization to health care provider for disclosure.** (1) A patient may authorize a health care provider to disclose the patient's health care information. A health care provider shall honor an authorization and, if requested, provide a copy of the recorded health care information unless the health care provider denies the patient access to health care information under [section 14].

(2) A health care provider may charge a reasonable fee, not to exceed his actual cost for providing the health care information, and is not required to honor an authorization until the fee is paid.

(3) To be valid, a disclosure authorization to a health care provider must:

- (a) be in writing, dated, and signed by the patient;
- (b) identify the nature of the information to be disclosed; and
- (c) identify the person to whom the information is to be disclosed.

(4) Except as provided by [sections 1 through 25], the signing of an authorization by a patient is not a waiver of any rights a patient has under other statutes, the Montana Rules of Evidence, or common law.

**Section 7. Patient authorization — retention — effective period.**

(1) A health care provider shall retain each authorization or revocation in conjunction with any health care information from which disclosures are made.

(2) Except for authorizations to provide information to third-party health care payors, an authorization may not permit the release of health care information relating to health care that the patient receives more than 6 months after the authorization was signed.

(3) An authorization in effect on [the effective date of sections 1 through 25] remains valid for 30 months after [the effective date of sections 1 through 25] unless an earlier date is specified or it is revoked under [section 8]. Health care information disclosed under such an authorization is otherwise subject to [sections 1 through 25]. An authorization written after [the effective date of sections 1 through 25] becomes invalid after the expiration date contained in the authorization, which may not exceed 30 months. If the authorization does not contain an expiration date, it expires 6 months after it is signed.

**Section 8. Patient's revocation of authorization for disclosure.** A patient may revoke a disclosure authorization to a health care provider at any time unless disclosure is required to effectuate payments for health care that has been provided or other substantial action has been taken in reliance on the authorization. A patient may not maintain an action against the health care provider for disclosures made in good-faith reliance on an

authorization if the health care provider had no notice of the revocation of the authorization.

**Section 9. Disclosure without patient's authorization based on need to know.** A health care provider may disclose health care information about a patient without the patient's authorization, to the extent a recipient needs to know the information, if the disclosure is:

- (1) to a person who is providing health care to the patient;
- (2) to any other person who requires health care information for health care education; to provide planning, quality assurance, peer review, or administrative, legal, financial, or actuarial services to the health care provider; or for assisting the health care provider in the delivery of health care and if the health care provider reasonably believes that the person will:
  - (a) not use or disclose the health care information for any other purpose; and
  - (b) take appropriate steps to protect the health care information;
- (3) to any other health care provider who has previously provided health care to the patient, to the extent necessary to provide health care to the patient, unless the patient has instructed the health care provider not to make the disclosure;
- (4) to immediate family members of the patient or any other individual with whom the patient is known to have a close personal relationship, if made in accordance with the laws of the state and good medical or other professional practice, unless the patient has instructed the health care provider not to make the disclosure;
- (5) to a health care provider who is the successor in interest to the health care provider maintaining the health care information;
- (6) for use in a research project that an institutional review board has determined:
  - (a) is of sufficient importance to outweigh the intrusion into the privacy of the patient that would result from the disclosure;
  - (b) is impracticable without the use or disclosure of the health care information in individually identifiable form;
  - (c) contains reasonable safeguards to protect the information from improper disclosure;
  - (d) contains reasonable safeguards to protect against directly or indirectly identifying any patient in any report of the research project; and
  - (e) contains procedures to remove or destroy at the earliest opportunity, consistent with the purposes of the project, information that would enable the patient to be identified, unless an institutional review board authorizes retention of identifying information for purposes of another research project;
- (7) to a person who obtains information for purposes of an audit, if that person agrees in writing to:

(a) remove or destroy, at the earliest opportunity consistent with the purpose of the audit, information that would enable the patient to be identified; and

(b) not disclose the information further, except to accomplish the audit or to report unlawful or improper conduct involving fraud in payment for health care by a health care provider or patient or other unlawful conduct by a health care provider; and

(8) to an official of a penal or other custodial institution in which the patient is detained.

**Section 10. Disclosure without patient's authorization — other bases.** A health care provider may disclose health care information about a patient without the patient's authorization if the disclosure is:

(1) directory information, unless the patient has instructed the health care provider not to make the disclosure;

(2) to federal, state, or local public health authorities, to the extent the health care provider is required by law to report health care information or when needed to protect the public health;

(3) to federal, state, or local law enforcement authorities to the extent required by law;

(4) to a law enforcement officer about the general physical condition of a patient being treated in a health care facility, if the patient was injured on a public roadway, or was injured by the possible criminal act of another; or

(5) pursuant to compulsory process in accordance with [sections 11 and 12].

**Section 11. When health care information available by compulsory process.** Health care information may not be disclosed by a health care provider pursuant to compulsory legal process or discovery in any judicial, legislative, or administrative proceeding unless:

(1) the patient has consented in writing to the release of the health care information in response to compulsory process or a discovery request;

(2) the patient has waived the right to claim confidentiality for the health care information sought;

(3) the patient is a party to the proceeding and has placed his physical or mental condition in issue;

(4) the patient's physical or mental condition is relevant to the execution or witnessing of a will or other document;

(5) the physical or mental condition of a deceased patient is placed in issue by any person claiming or defending through or as a beneficiary of the patient;

(6) a patient's health care information is to be used in the patient's commitment proceeding;

(7) the health care information is for use in any law enforcement proceeding or investigation in which a health care provider is the subject or a party, except that health care information so obtained may not be used in any proceeding against the patient unless the matter relates to payment for his health care or unless authorized under subsection (9);

(8) the health care information is relevant to a proceeding brought under [sections 23 through 25]; or

(9) a court has determined that particular health care information is subject to compulsory legal process or discovery because the party seeking the information has demonstrated that there is a compelling state interest that outweighs the patient's privacy interest.

**Section 12. Method of compulsory process.** (1) Unless the court for good cause shown determines that the notification should be waived or modified, if health care information is sought under subsection (2), (4), or (5) of [section 11] or in a civil proceeding or investigation under subsection (9) of [section 11], the person seeking discovery or compulsory process shall mail a notice by first-class mail to the patient or the patient's attorney of record of the compulsory process or discovery request at least 10 days before presenting the certificate required under subsection (2) to the health care provider.

(2) Service of compulsory process or discovery requests upon a health care provider must be accompanied by a written certification, signed by the person seeking to obtain health care information or his authorized representative, identifying at least one subsection of [section 11] under which compulsory process or discovery is being sought. The certification must also state, in the case of information sought under subsection (2), (4), or (5) of [section 11] or in a civil proceeding under subsection (9) of [section 11], that the requirements of subsection (1) for notice have been met. A person may sign the certification only if the person reasonably believes that the subsection of [section 11] identified in the certification provides an appropriate basis for the use of discovery or compulsory process. Unless otherwise ordered by the court, the health care provider shall maintain a copy of the process and the written certification as a permanent part of the patient's health care information.

(3) Production of health care information under [section 11] and this section does not in itself constitute a waiver of any privilege, objection, or defense existing under other law or rule of evidence or procedure.

**Section 13. Requirements and procedures for patient's examination and copying.** (1) Upon receipt of a written request from a patient to examine or copy all or part of his recorded health care information, a health care provider, as promptly as required under the circumstances but no later than 10 days after receiving the request, shall:

(a) make the information available to the patient for examination during regular business hours or provide a copy, if requested, to the patient;

(b) inform the patient if the information does not exist or cannot be found;

(c) if the health care provider does not maintain a record of the information, inform the patient and provide the name and address, if known, of the health care provider who maintains the record;

(d) if the information is in use or unusual circumstances have delayed handling the request, inform the patient and specify in writing the reasons for the delay and the earliest date, not later than 21 days after receiving the request, when the information will be available for examination or copying or when the request will be otherwise disposed of; or

(e) deny the request in whole or in part under [section 14] and inform the patient.

(2) Upon request, the health care provider shall provide an explanation of any code or abbreviation used in the health care information. If a record of the particular health care information requested is not maintained by the health care provider in the requested form, he is not required to create a new record or reformulate an existing record to make the information available in the requested form. The health care provider may charge a reasonable fee, not to exceed the health care provider's actual cost, for providing the health care information and is not required to permit examination or copying until the fee is paid.

**Section 14. Denial of examination and copying.** (1) A health care provider may deny access to health care information by a patient if the health care provider reasonably concludes that:

(a) knowledge of the health care information would be injurious to the health of the patient;

(b) knowledge of the health care information could reasonably be expected to lead to the patient's identification of an individual who provided the information in confidence and under circumstances in which confidentiality was appropriate;

(c) knowledge of the health care information could reasonably be expected to cause danger to the life or safety of any individual;

(d) the health care information was compiled and is used solely for litigation, quality assurance, peer review, or administrative purposes;

(e) the health care provider obtained the information from a person other than the patient; or

(f) access to the health care information is otherwise prohibited by law.

(2) Except as provided in [section 19], a health care provider may deny access to health care information by a patient who is a minor if:

(a) the patient is committed to a mental health facility; or

(b) the patient's parents or guardian have not authorized the health care provider to disclose the patient's health care information.

(3) If a health care provider denies a request for examination and copying under this section, the provider, to the extent possible, shall segregate health care information for which access has been denied under subsection

(1) from information for which access cannot be denied and permit the patient to examine or copy the disclosable information.

(4) If a health care provider denies a patient's request for examination and copying, in whole or in part, under subsection (1)(a) or (1)(c), he shall permit examination and copying of the record by another health care provider who is providing health care services to the patient for the same condition as the health care provider denying the request. The health care provider denying the request shall inform the patient of the patient's right to select another health care provider under this subsection.

**Section 15. Request for correction or amendment.** (1) For purposes of accuracy or completeness, a patient may request in writing that a health care provider correct or amend its record of the patient's health care information to which he has access under [section 13].

(2) As promptly as required under the circumstances but no later than 10 days after receiving a request from a patient to correct or amend its record of the patient's health care information, the health care provider shall:

(a) make the requested correction or amendment and inform the patient of the action and of the patient's right to have the correction or amendment sent to previous recipients of the health care information in question;

(b) inform the patient if the record no longer exists or cannot be found;

(c) if the health care provider does not maintain the record, inform the patient and provide him with the name and address, if known, of the person who maintains the record;

(d) if the record is in use or unusual circumstances have delayed the handling of the correction or amendment request, inform the patient and specify in writing the earliest date, not later than 21 days after receiving the request, when the correction or amendment will be made or when the request will otherwise be disposed of; or

(e) inform the patient in writing of the provider's refusal to correct or amend the record as requested, the reason for the refusal, and the patient's right to add a statement of disagreement and to have that statement sent to previous recipients of the disputed health care information.

**Section 16. Procedure for adding correction, amendment, or statement of disagreement.** (1) In making a correction or amendment, the health care provider shall:

(a) add the amending information as a part of the health record; and

(b) mark the challenged entries as corrected or amended entries and indicate the place in the record where the corrected or amended information is located, in a manner practicable under the circumstances.

(2) If the health care provider maintaining the record of the patient's health care information refuses to make the patient's proposed correction or amendment, the provider shall:

(a) permit the patient to file as a part of the record of his health care information a concise statement of the correction or amendment requested and the reasons therefor; and

(b) mark the challenged entry to indicate that the patient claims the entry is inaccurate or incomplete and indicate the place in the record where the statement of disagreement is located, in a manner practicable under the circumstances.

**Section 17. Dissemination of corrected or amended information or statement of disagreement.** (1) A health care provider, upon request of a patient, shall take reasonable steps to provide copies of corrected or amended information or of a statement of disagreement to all persons designated by the patient and identified in the health care information as having examined or received copies of the information sought to be corrected or amended.

(2) A health care provider may charge the patient a reasonable fee, not exceeding the provider's actual cost, for distributing corrected or amended information or the statement of disagreement, unless the provider's error necessitated the correction or amendment.

(6) If the court determines that there is a violation of [sections 1 through 25], the aggrieved person is entitled to recover damages for pecuniary losses sustained as a result of the violation and, in addition, if the violation results from willful or grossly negligent conduct, the aggrieved person may recover not in excess of \$5,000, exclusive of any pecuniary loss.

(7) If a plaintiff prevails, the court may assess reasonable attorney fees and all other expenses reasonably incurred in the litigation.

(8) An action under [sections 1 through 25] is barred unless the action is commenced within 3 years after the cause of action accrues.

**CHAPTER NO. 634**

[SB 48]

AN ACT PROVIDING FOR THE PERIODIC PAYMENT OF FUTURE DAMAGES IN AN ACTION FOR PERSONAL INJURY, PROPERTY DAMAGE, OR WRONGFUL DEATH IF THE AMOUNT OF FUTURE DAMAGES AWARDED EQUALS OR EXCEEDS \$100,000 AND IF PERIODIC PAYMENT IS IN THE BEST INTERESTS OF THE CLAIMANT; AND PROVIDING FOR A SEPARATE STATEMENT AND METHOD OF CALCULATION OF ATTORNEY FEES.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Definitions.** In [sections 2 through 6]:

(1) "future damages" includes damages for future medical treatment, care, or custody, loss of future earnings, and future pain and suffering of the judgment creditor; and

(2) "periodic payment" means the payment of money to the judgment creditor at regular intervals.

**Section 2. Findings by trier of fact — civil actions.** In any action for personal injury, property damage, or wrongful death where liability is found after trial and in which \$100,000 or more in future damages is awarded to the claimant, the trier of fact shall make a separate finding as to the amount of any future damages so awarded and state whether the amount of future damages has been reduced to present value.

**Section 3. Request for periodic payment of future damages.** (1) A party to an action for personal injury, property damage, or wrongful death in which \$100,000 or more of future damages is awarded may, prior to the entry of judgment, request the court to enter a judgment ordering future damages to be paid in whole or in part by periodic payments rather than by a lump-sum payment. Upon such request, the court may enter an order for periodic payment of future damages if the court finds that such payment is in the best interests of the claimant. The total dollar amount of the ordered periodic payments must equal the total dollar amount of the future damages without a reduction to present value.

(2) A court ordering the payment of future damages by periodic payments shall make specific findings as to the dollar amount of periodic payments needed to compensate the judgment creditor for future damages and as to whether an order for periodic payment of future damages is in the best interests of the claimant.

(3) The judgment order must specify the recipient or recipients of periodic payments, the dollar amount of the payments, the interval between payments, and the number of payments or the period of time over which payments shall be made.

(4) A court ordering periodic payment of future damages shall order that the payments be made, during the life of the judgment creditor or during the continuance of the compensable injury or disability of the judgment creditor, through the purchase of an inflation-indexed annuity approved by the court. The annuity must be in the form of an inflation-indexed annuity contract purchased from a qualified insurer that, in the most recent edition of A.M. Best, has an "A" (excellent) or higher rating

and is in a class 7 or higher classification. The annuity also serves as any required supersedeas bond. Upon purchase of a court-approved annuity, the court may order that the judgment is satisfied and that the judgment debtor is discharged. If the judgment creditor dies before all periodic payments have been made, the remaining payments become the property of his estate.

**Section 4. Payment of attorney fees.** A judgment must order payment of attorney fees and litigation expenses separately from an order for periodic payments of future damages. The attorney fees and expenses must be paid either in a lump sum or by periodic payments pursuant to an agreement entered into between the claimant and his attorney. An agreement for the immediate lump-sum payment of that portion of the attorney fees incurred to recover future damages to be paid by periodic payments must be calculated on the basis of the present value of the future damages.

**Section 5. Failure to pay — penalty.** If the court finds that the insurer that sold the annuity to the judgment debtor has unjustifiably exhibited a continuing pattern of failing to make periodic payments, the court shall find the insurer in contempt of court and order the insurer to pay past-due payments and the judgment creditor's damages caused by the failure to make payments, including court costs and attorney fees.

**Section 6. Assignment of periodic installments.** An assignment of or an agreement to assign any right to periodic installments for future damages contained in a judgment entered under [sections 1 through 6] is enforceable only as to amounts:

- (1) to secure payment of alimony, maintenance, or child support; or
- (2) for the costs of products, services, or accommodations provided or to be provided by the assignee for medical or other health care.

**Section 7. Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Approved May 11, 1987.

**Section 6. Permissible provisions in provider agreements, insurance policies, and subscriber contracts.** (1) A provider agreement, insurance policy, or subscriber contract issued or delivered in this state may contain certain other components designed to control the cost and improve the quality of health care for insureds and subscribers, including:

(a) a provision setting a payment difference for reimbursement of a nonpreferred provider as compared to a preferred provider. The commissioner shall review differences between copayments, deductibles, and other cost-sharing arrangements.

(b) conditions, not inconsistent with other provisions of [sections 1 through 6], designed to give policyholders or subscribers an incentive to choose a particular provider.

(2) All terms or conditions of an insurance policy or subscriber contract, except those already approved by the commissioner, are subject to the prior approval of the commissioner.

**Section 7. Rules.** The commissioner shall promulgate rules necessary to implement the provisions of [sections 1 through 7].

## CHAPTER NO. 639

[HB 102]

AN ACT ASSESSING A 50-CENT WEED CONTROL FEE UPON THE ANNUAL REGISTRATION OF ALL MOTOR VEHICLES SUBJECT TO REGISTRATION; ALLOCATING THE PROCEEDS TO BE USED FOR CHEMICAL AND NONCHEMICAL NOXIOUS WEED MANAGEMENT; REVISING THE PERMITTED USE OF NOXIOUS WEED MANAGEMENT FUNDS; AMENDING SECTION 80-7-814, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, noxious weeds infest 6.5 million acres of rangeland and are costing the State of Montana an estimated \$47 million annually; and

WHEREAS, vehicles have been shown to be one of the major contributors to the spread of noxious weeds in Montana, and county and state funds are inadequate for stopping the spread of these weeds from roadsides and trails into adjacent rangeland; and

WHEREAS, the amount of \$125,000 in annual revenue generated by the herbicide surcharge to fund weed control projects through the noxious weed management trust fund is inadequate to address the current weed problem; and interest income from the permanent account of the noxious weed management trust fund cannot be used to fund weed management projects in Montana until the fund reaches \$2.5 million; and

WHEREAS, during this period, the spread of noxious weeds will continue at the rate of about 27% annually; and

WHEREAS, current weed management projects prove the success of well-planned, organized, and cooperative programs.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Weed control fee.** (1) A special weed control fee of 50 cents must be assessed on the annual registration or reregistration of each motor vehicle subject to registration. The fee must be collected by the county treasurer.

(2) For purposes of this section, motor vehicle includes:

- (a) motor vehicle as defined in 61-1-102;
- (b) motorcycle as defined in 61-1-105;
- (c) motor-driven cycle as defined in 61-1-106; and
- (d) quadricycle as defined in 61-1-133.

(3) The following vehicles are exempt from the fee:

- (a) vehicles owned or controlled by the United States or a state, county, or city;
- (b) vehicles exempt from payment of registration fees by 61-3-321(7); and
- (c) vehicles or equipment which is not self-propelled or which requires towing when moved upon a highway of this state.

**Section 2. Disposition of proceeds.** Three percent of the proceeds from the fee imposed in [section 1] may be retained by the county treasurer for costs of collection. The remainder must be deposited in the special revenue fund and must be expended as provided in 80-7-814(2) and (3). Twenty-five percent of the money deposited in the special revenue fund under this section must be used for research and development of nonchemical methods of weed management.

**Section 3.** Section 80-7-814, MCA, is amended to read:

**"80-7-814. Administration and expenditure of funds.** (1) Money deposited in the noxious weed management trust fund may not be committed or expended until the principal reaches \$2,500,000, except as provided by 80-7-815 in case of a noxious weed emergency. Once this amount is accumulated, any interest or revenue generated by the trust fund and by other funding measures provided by this part must be deposited in the special revenue fund and may be expended for noxious weed management projects in accordance with this section, so long as the principal of the trust fund remains at least \$2,500,000.

(2) The department may expend funds under this section through grants or contracts to communities, weed control districts, or other entities it considers appropriate for noxious weed management projects. A project

is eligible to receive funds only if the county in which the project occurs has funded its own weed management program with a levy in an amount not less than 1.6 mills or an equivalent amount from another source, *or by an amount of not less than \$100,000 for first class counties, as defined in 7-1-2111.*

(3) The department may expend funds without the restrictions specified in subsection (2) for the following:

(a) employment of a new and innovative noxious weed management project or the development, implementation, or demonstration of any noxious weed management project that may be proposed, implemented, or established by local, state, or national organizations, whether public or private. Such expenditures must be on a cost-share basis with such organizations.

(b) cost-share noxious weed management programs with local weed control districts;

(c) special grants to local weed control districts to eradicate or contain significant noxious weeds newly introduced into the county. These grants may be issued without matching funds from the district.

(d) costs of collecting the surcharge imposed by 80-7-812, not to exceed 3% of the total surcharge proceeds;

(e) administrative expenses incurred by the noxious weed management advisory council; *and*

*(f) any project recommended by the noxious weed management advisory committee, if the department determines the project will significantly contribute to the management of noxious weeds within the state.*

(4) In making such expenditures, the department must give preference to weed control districts and community groups.

(5) If the noxious weed management trust fund is terminated by law, the money in the fund must be divided between all counties according to rules adopted by the department for that purpose."

Section 4. **Extension of authority.** Any existing authority of the department of agriculture to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 5. **Effective date.** This act is effective July 1, 1987.

## CHAPTER NO. 641

[HB 241]

AN ACT PROVIDING A PROCEDURE AND REMEDIES FOR WRONGFUL DISCHARGE; AUTHORIZING ARBITRATION AS AN ALTERNATIVE; ELIMINATING COMMON-LAW REMEDIES; REPEALING SECTIONS 39-2-504 AND 39-2-505, MCA; AND PROVIDING AN APPLICABILITY CLAUSE AND AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** [Sections 1 through 9] may be cited as the "Wrongful Discharge From Employment Act".

Section 2. **Purpose.** [Sections 1 through 9] set forth certain rights and remedies with respect to wrongful discharge. Except as limited in [sections 1 through 9], employment having no specified term may be terminated at the will of either the employer or the employee on notice to the other for any reason considered sufficient by the terminating party. Except as provided in [section 7], [sections 1 through 9] provide the exclusive remedy for a wrongful discharge from employment.

Section 3. **Definitions.** In [sections 1 through 9], the following definitions apply:

(1) "Constructive discharge" means the voluntary termination of employment by an employee because of a situation created by an act or omission of the employer which an objective, reasonable person would find so intolerable that voluntary termination is the only reasonable alternative. Constructive discharge does not mean voluntary termination because of an employer's refusal to promote the employee or improve wages, responsibilities, or other terms and conditions of employment.

(2) "Discharge" includes a constructive discharge as defined in subsection (1) and any other termination of employment, including resignation,

elimination of the job, layoff for lack of work, failure to recall or rehire, and any other cutback in the number of employees for a legitimate business reason.

(3) "Employee" means a person who works for another for hire. The term does not include a person who is an independent contractor.

(4) "Fringe benefits" means the value of any employer-paid vacation leave, sick leave, medical insurance plan, disability insurance plan, life insurance plan, and pension benefit plan in force on the date of the termination.

(5) "Good cause" means reasonable, job-related grounds for dismissal based on a failure to satisfactorily perform job duties, disruption of the employer's operation, or other legitimate business reason.

(6) "Lost wages" means the gross amount of wages that would have been reported to the internal revenue service as gross income on Form W-2 and includes additional compensation deferred at the option of the employee.

(7) "Public policy" means a policy in effect at the time of the discharge concerning the public health, safety, or welfare established by constitutional provision, statute, or administrative rule.

**Section 4. Elements of wrongful discharge.** A discharge is wrongful only if:

(1) it was in retaliation for the employee's refusal to violate public policy or for reporting a violation of public policy;

(2) the discharge was not for good cause and the employee had completed the employer's probationary period of employment; or

(3) the employer violated the express provisions of its own written personnel policy.

**Section 5. Remedies.** (1) If an employer has committed a wrongful discharge, the employee may be awarded lost wages and fringe benefits for a period not to exceed 4 years from the date of discharge, together with interest thereon. Interim earnings, including amounts the employee could have earned with reasonable diligence, must be deducted from the amount awarded for lost wages.

(2) The employee may recover punitive damages otherwise allowed by law if it is established by clear and convincing evidence that the employer engaged in actual fraud or actual malice in the discharge of the employee in violation of [section 4(1)].

(3) There is no right under any legal theory to damages for wrongful discharge under [sections 1 through 9] for pain and suffering, emotional distress, compensatory damages, punitive damages, or any other form of damages, except as provided for in subsections (1) and (2).

**Section 6. Limitation of actions.** (1) An action under [sections 1 through 9] must be filed within 1 year after the date of discharge.

(2) If an employer maintains written internal procedures, other than those specified in [section 7], under which an employee may appeal a discharge within the organization structure of the employer, the employee shall first exhaust those procedures prior to filing an action under [sections 1 through 9]. The employee's failure to initiate or exhaust available internal procedures is a defense to an action brought under [sections 1 through 9]. If the employer's internal procedures are not completed within 90 days from the date the employee initiates the internal procedures, the employee may file an action under [sections 1 through 9] and for purposes of this subsection the employer's internal procedures are considered exhausted. The limitation period in subsection (1) is tolled until the procedures are exhausted. In no case may the provisions of the employer's internal procedures extend the limitation period in subsection (1) more than 120 days.

(3) If the employer maintains written internal procedures under which an employee may appeal a discharge within the organizational structure of the employer, the employer shall within 7 days of the date of the discharge notify the discharged employee of the existence of such procedures and shall supply the discharged employee with a copy of them. If the employer fails to comply with this subsection, the discharged employee need not comply with subsection (2).

**Section 7. Exemptions.** [Sections 1 through 9] do not apply to a discharge:

(1) that is subject to any other state or federal statute that provides a procedure or remedy for contesting the dispute. Such statutes include those that prohibit discharge for filing complaints, charges, or claims with administrative bodies or that prohibit unlawful discrimination based on race, national origin, sex, age, handicap, creed, religion, political belief, color, marital status, and other similar grounds.

(2) of an employee covered by a written collective bargaining agreement or a written contract of employment for a specific term.

**Section 8. Preemption of common-law remedies.** Except as provided in [sections 1 through 9], no claim for discharge may arise from tort or express or implied contract.

**Section 9. Arbitration.** (1) Under a written agreement of the parties, a dispute that otherwise could be adjudicated under [sections 1 through 9] may be resolved by final and binding arbitration as provided in this section.

(2) An offer to arbitrate must be in writing and contain the following provisions:

(a) A neutral arbitrator must be selected by mutual agreement or, in the absence of agreement, as provided in 27-5-211.

(b) The arbitration must be governed by the Uniform Arbitration Act, Title 27, chapter 5. If there is a conflict between the Uniform Arbitration Act and [sections 1 through 9], [sections 1 through 9] apply.

(c) The arbitrator is bound by [sections 1 through 9].

(3) If a complaint is filed under [sections 1 through 9], the offer to arbitrate must be made within 60 days after service of the complaint and must be accepted in writing within 30 days after the date the offer is made.

(4) A party who makes a valid offer to arbitrate that is not accepted by the other party and who prevails in an action under [sections 1 through 9] is entitled as an element of costs to reasonable attorney fees incurred subsequent to the date of the offer.

(5) A discharged employee who makes a valid offer to arbitrate that is accepted by the employer and who prevails in such arbitration is entitled to have the arbitrator's fee and all costs of arbitration paid by the employer.

(6) If a valid offer to arbitrate is made and accepted, arbitration is the exclusive remedy for the wrongful discharge dispute and there is no right to bring or continue a lawsuit under [sections 1 through 8]. The arbitrator's award is final and binding, subject to review of the arbitrator's decision under the provisions of the Uniform Arbitration Act.

Section 10. **Repealer.** Sections 39-2-504 and 39-2-505, MCA, are repealed.

Section 11. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 12. **Applicability.** This act applies to claims arising after the effective date of this act.

Section 13. **Effective date.** This act is effective July 1, 1987.

Approved May 11, 1987.

Such statement must be in writing, showing separately:

(2) Whenever one member of a firm or one of the proper officers of a corporation has made a statement showing the property of the firm or corporation, another member of the firm or another officer need not include such property in the statement made by him but this statement must show the name of the person or officer who made the statement in which such property is included.

(3) The fact that such statement is not required or that a person has not made such statement, under oath or otherwise, does not relieve his property from taxation."

Section 5. Section 15-8-404, MCA, is amended to read:

**"15-8-404. Property of particular types of firms.** (1) The personal property belonging to the business of a merchant or of a manufacturer must be listed in the town or district where his business is carried on.

(3) The personal property and franchises of gas and water companies must be listed and assessed in the county, town, or district where the principal works are located. Gas and water mains and pipes laid in roads, streets, or alleys are personal property."

Section 6. Section 23-2-512, MCA, is amended to read:

**"23-2-512. Identification number.** (1) The owner of each motorboat or sailboat requiring numbering by this state shall file an application for number in the office of the county treasurer where the motorboat or sailboat is owned on forms prepared and furnished by the department of justice. The application must be signed by the owner of the motorboat or

*sailboat* and be accompanied by a fee of \$2. Any alteration, change, or false statement contained in the application will render the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the department of justice, stating the number assigned to the motorboat *or sailboat* and the name and address of the owner.

(2) The applicant, upon the filing of the application, shall pay to the county treasurer the *fee in lieu of tax required for a motorboat 10 feet in length or longer or a sailboat 12 feet in length or longer* for the current year of certification before the application for certification or recertification may be accepted by the county treasurer.

(3) Should the ownership of a motorboat *or sailboat* change, a new application form with *the certification fee* must be filed within a reasonable time with the county treasurer and a new certificate of number assigned in the same manner as provided for in an original assignment of number.

(4) If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the department of justice must be in conformity.

(5) Every certificate of number and the license decals assigned under this part continues in effect for a period not to exceed 1 year unless terminated or discontinued in accordance with the provisions of this part. Certificates of number and license decals must show the date of expiration and may be renewed by the owner in the same manner provided for in the initial securing of the certificate.

(6) Certificates of number expire on December 31 of each year and may not be in effect unless renewed under this part.

(7) In event of transfer of ownership, the purchaser shall furnish the county treasurer notice within a reasonable time of the acquisition of all or any part of his interest, other than the creation of a security interest, in a motorboat *or sailboat* numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat *or sailboat*. The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat *or sailboat*. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat *or sailboat* does not terminate the certificate of number.

(8) A holder of a certificate of number shall notify the county treasurer within reasonable time if his address no longer conforms to the address appearing on the certificate and furnish the county treasurer with his new address. The department of justice may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

(9) (a) The number assigned must be painted on or attached to each outboard side of the forward half of the motorboat *or sailboat* or, if there are no such sides, at a corresponding location on both outboard sides of the foredeck of the motorboat *or sailboat*. The number assigned must read

from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible. The number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore. No numerals, letters, or devices other than those used in connection with the identifying number issued may be placed in the proximity of the identifying number. No numerals, letters, or devices that might interfere with the ready identification of the motorboat *or sailboat* by its identifying number may be carried as to interfere with the motorboat's *or sailboat's* identification. No number other than the number and license decal assigned to a motorboat *or sailboat* or granted reciprocity under this part may be painted, attached, or otherwise displayed on either side of the forward half of the motorboat *or sailboat*.

(b) The certificate of number shall be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat *or sailboat* whenever the motorboat *or sailboat* is on waters of this state.

(c) Boat liveries are not required to have the certificate of number on board each motorboat *or sailboat*, but a rental agreement must be carried on board livery motorboats *or sailboats* in place of the certificate of number.

(10) Fees, *other than the fee in lieu of tax*, collected under this section shall be transmitted to the state treasurer, who shall deposit the fees in the motorboat *or sailboat* certificate identification account of the state special revenue fund. These fees shall be used only for the administration and enforcement of this part, as amended.

(11) An owner of a motorboat *or sailboat* must within a reasonable time notify the department of justice, giving the motorboat's *or sailboat's* identifying number and the owner's name when *the* motorboat *or sailboat* is transferred, lost, destroyed, abandoned, or frauded or within 60 days after change of state of principal use *or if a motorboat becomes documented as a vessel of the United States.*"

Section 7. Section 23-2-515, MCA, is amended to read:

**"23-2-515. License decals to be displayed.** (1) Every Montana motorboat *or sailboat* numbered in accordance with the provisions of 23-2-512 and 23-2-513 shall be required to display license decals. For this purpose the county treasurer, upon receipt of *the fee in lieu of tax for motorboats 10 feet in length or longer and sailboats 12 feet in length or longer* for the current year, shall issue a pair of decals prepared and furnished by the department of justice with all new certificates of number and renewals thereof.

(2) The decals shall be of a style and design prescribed by the department of justice and shall be a color differing from the preceding year. The license decal will be serially numbered and have the expiration date of December 31 of the appropriate year printed thereon.

(3) License decals shall be displayed only in the following manner: one valid license decal on each side of the forward half, 3 inches aft of the identifying numbers."

**Section 8. Fee in lieu of tax for motorboats 10 feet in length or longer and sailboats 12 feet in length or longer.** (1) There is a fee in lieu of property tax as prescribed in [section 9] imposed on motorboats 10 feet in length or longer and sailboats 12 feet in length or longer. The fee is in addition to the annual fee required by 23-2-512 for filing of the application for a certificate of number.

(2) The fee imposed by subsection (1) need not be paid by a dealer for motorboats or sailboats that constitute inventory of the dealership.

**Section 9. Fees for motorboats and sailboats.** (1) The owner of a motorboat 10 feet in length or longer or a sailboat 12 feet in length or longer shall pay a fee based on the length of the motorboat or sailboat.

(2) The fee for a motorboat at least 10 feet in length but less than 14 feet in length or sailboat at least 12 feet in length but less than 14 feet in length is \$7.50.

(3) The fee for a motorboat or sailboat at least 14 feet in length but less than 16 feet in length is \$15.

(4) The fee for a motorboat or sailboat at least 16 feet in length but less than 17 feet in length is \$32.

(5) The fee for a motorboat or sailboat at least 17 feet in length but less than 19 feet in length is \$3 a foot or fraction of a foot.

(6) The fee for a motorboat or sailboat 19 feet in length or longer is \$4 a foot or fraction of a foot.

**Section 10. Disposition of fees in lieu of tax.** The county treasurer shall distribute all fees in lieu of tax collected on motorboats 10 feet in length or longer and sailboats 12 feet in length or longer pursuant to [sections 8 and 9] in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as personal property taxes are distributed.

**Section 11. Penalty — disposition.** (1) Failure to pay the fee in lieu of tax as provided for in [section 9] is a misdemeanor, punishable by a fine equal to five times the fee in lieu of tax that is due on the motorboat or sailboat for the current year of registration.

(2) All fines collected pursuant to subsection (1) must be distributed in the following ratio:

(a) 50% to the general fund of the county in which the motorboat or sailboat is issued a certification number; and

(b) 50% to the motorboat account of the state special revenue fund for use by the department in the enforcement of this part.

**Section 12. Codification instruction.** Sections 8 through 11 are intended to be codified as an integral part of Title 23, chapter 2, part 5,

and the provisions of Title 23, chapter 2, part 5, apply to sections 8 through 11.

**Section 13. Code commissioner instruction.** The code commissioner shall change any reference to taxes on boats contained in new material enacted this session to reflect the fee in lieu of tax on boats contained in this bill.

**Section 14. Extension of authority.** Any existing authority of the department of revenue or the department of justice to make rules on the subject of the provisions of this act is extended to the provisions of this act.

**Section 15. Effective date — applicability.** This act is effective on passage and approval and applies to motorboats and sailboats registered on or after January 1, 1988.

Approved May 11, 1987.

Section 3. Section 3-1-1008, MCA, is amended to read:

Designation of alternate judge.** The water judge may designate a district judge, retired district judge, *or another water judge* to preside in his absence on his behalf as water judge for the immediate enforcement of an existing decree or the immediate granting of extraordinary relief as may be provided for by law upon an allegation of irreparable harm."

Section 9. Section 85-2-701, MCA, is amended to read:

**"85-2-701. Legislative intent.** (1) Because the water and water rights within each water division are interrelated, it is the intent of the legislature to conduct unified proceedings for the general adjudication of existing water rights under the Montana Water Use Act. Therefore, it is the intent of the legislature that the attorney general's petition required in 85-2-211 include all claimants of reserved Indian water rights as necessary and indispensable parties under authority granted the state by 43 U.S.C. 666. However, it is further intended that the state of Montana proceed under the provisions of this part in an effort to conclude compacts for the equitable division and apportionment of waters between the state and its people and the several Indian tribes claiming reserved water rights within the state.

(2) *To the maximum extent possible, the reserved water rights compact commission established under 2-15-212 should make the negotiation of*

*water rights claimed by the federal government or Indian tribes in or affecting the basins identified by [section 10] its highest priority."*

**Section 10. Process and criteria for designating priority basins or subbasins.** (1) The water judges and the department, in performing their functions in the adjudication process, shall give priority to basins or subbasins designated each biennium by the legislature. Basins or subbasins must be designated according to the following criteria:

(a) recurring water shortages within the basin or subbasin have resulted in urgent water rights controversies that require adjudication to determine relative rights;

(b) federal or Indian reserved rights are nearing determination, either by compact or adjudication, thus making adjudication of other rights in the basin or subbasin important for timely issuance of preliminary or final decrees;

(c) the basin or subbasin's location would help ensure efficient use of department and water court resources; and

(d) the adjudication process in the basin or subbasin is nearing the issuance of a decree.

(2) The water judge may designate a basin for priority adjudication upon petition of 100 or more persons who have filed claims within the basin, or he may designate a subbasin for priority adjudication upon petition of a majority of persons who have filed claims within the subbasin. ## CHAPTER NO. 654

[SB 71]

AN ACT PROVIDING FOR A FREEZE AT 1986 LEVELS IN THE AMOUNT OF PROPERTY TAX PAYABLE ON PROPERTY DESCRIBED IN SECTIONS 15-6-131, 15-6-132, 15-6-135, 15-6-137, 15-6-138, 15-6-140, 15-6-141, 15-6-143, AND 15-6-145 THROUGH 15-6-149, MCA; CLARIFYING PROVISIONS OF INITIATIVE NO. 105 APPROVED BY THE ELECTORS OF MONTANA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, A RETROACTIVE APPLICABILITY DATE, AND A TERMINATION DATE.

WHEREAS, the electors of Montana approved Initiative No. 105, limiting certain property taxes to 1986 levels unless the Legislature reduces property taxes prior to July 1, 1987, and establishes alternative revenue sources; and

WHEREAS, Initiative No. 105 was not intended by its drafters and proponents to encompass the numerous interconnecting statutory provisions that would require amendment to facilitate implementation of the measure; and

WHEREAS, it is the intent of the Legislature to enact provisions compatible with the will of the electors in limiting certain property taxes to 1986 levels while providing procedures to enable the Department of Revenue and local government units to function smoothly under such limits.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Declaration of policy — clarification — extension to all property classes.** [Section 1 of Initiative No. 105] is interpreted, clarified, and extended as follows:

(1) In order to avoid constitutional challenges based on discriminatory treatment of taxpayers in tax classes not enumerated in [Initiative No. 105], the limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The policy declaration in [subsection (5) of section 1 of Initiative No. 105] that no further property tax increases be imposed is interpreted to mean no further increase may be made in the tax rate applied to property in each class in 1986.

(3) No new class of property may be created solely to circumvent the policy underlying [Initiative No. 105]. If a new class of property is created in order to afford preferential treatment to a category of property, the taxable rate that applies may not exceed the rate at which such property was taxed in 1986.

**Section 2. Property tax limited to 1986 levels — clarification — extension to all property classes.** [Section 2 of Initiative No. 105] is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

- (a) annexation of real property and improvements into a taxing unit;
- (b) construction, expansion, or remodeling of improvements;
- (c) transfer of property into a taxing unit;
- (d) subdivision of real property;
- (e) reclassification of property;
- (f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

- (g) transfer of property from tax-exempt to taxable status; or
- (h) revaluations caused by:
- (i) cyclical reappraisal; or
- (ii) expansion, addition, replacement, or remodeling of improvements.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

- (a) construction, expansion, replacement, or remodeling of improvements that adds value to the property;
- (b) transfer of property into a taxing unit;
- (c) reclassification of property;
- (d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;
- (e) annexation of the individual property into a new taxing unit; or
- (f) conversion of the individual property from tax-exempt to taxable status.

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

- (a) new construction;
- (b) expanded, deleted, replaced, or remodeled improvements;
- (c) annexed property; or
- (d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by [Initiative No. 105] except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in [Initiative No. 105], while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless the taxing unit's taxable valuation decreases by 5% or more from the previous tax year. If a taxing unit's taxable valuation decreases by 5% or more from the previous tax year, it may

levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of [Initiative No. 105]:

- (a) rural improvement districts;
- (b) special improvement districts;
- (c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;
- (d) city street maintenance districts;
- (e) tax increment financing districts;
- (f) satisfaction of judgments against a taxing unit;
- (g) electric company street lighting assessments; and
- (h) revolving funds to support any categories specified in this subsection (8).

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

- (a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of Initiative No. 105;
- (b) an explanation of the nature of the financial emergency;
- (c) an estimate of the amount of funding shortfall expected by the taxing unit;
- (d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;
- (e) a finding that there are no alternative sources of revenue;
- (f) a summary of the alternatives that the governing body of the taxing unit has considered; and
- (g) a statement of the need for the increased revenue and how it will be used.

(10) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

**Section 3. Codification instruction.** Sections 1 and 2 are intended to be codified as an integral part of Title 15, chapter 10, and the provisions of Title 15, chapter 10, apply to sections 1 and 2.

Section 4. **Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 5. **Effective date — applicability.** (1) This act is effective on passage and approval.

(2) This act applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1986.

Section 6. **Termination.** This act terminates December 31, 1989.

Approved May 13, 1987.

The payments must be made on or before 5 p.m. on the last day of the months of November, February, May, and August.

(2) Unless one-quarter of such taxes are paid on or before 5 p.m. on the last day of the months of November, February, May, and August of each year, any amount so payable is delinquent.

(3) All such delinquent taxes must draw interest at the rate payable on delinquencies under 15-23-115.

(4) There must also be added to the delinquent taxes a penalty at the same rate as provided for delinquencies under 15-23-104."

Section 10. Section 15-23-601, MCA, is amended to read:

**"15-23-601. Definitions.** As used in this part, the following definitions apply:

(1) "Excise tax" means the windfall profit tax on domestic crude oil imposed by Title I of the federal Crude Oil Windfall Profit Tax Act of 1980, as enacted or as amended.

(2) "*Interim production*" means the production of natural gas, petroleum, or other crude or mineral oil from any well that:

(a) *had not produced natural gas, petroleum, or other crude or mineral oil during the 5 years immediately preceding the first month of interim production; and*

(b) *began interim production after June 30, 1985, and before April 1, 1987.*

(3) The term "new production" means the production of natural gas, petroleum, or other crude or mineral oil from any well:

(a) *that has not produced natural gas, petroleum, or other crude or mineral oil during the 5 years immediately preceding the first month of qualified new production; and*

(b) *on which the notification required in 15-36-121(2) was given.*

(4) The terms "operator" and "producer" mean any person who engages in the business of drilling for, extracting, or producing any natural gas, petroleum, or other crude or mineral oil.

(5) The term "well" includes each single well or group of wells, including dry wells, in one field or production unit and under the control of one operator or producer."

Section 11. Section 15-23-602, MCA, is amended to read:

**"15-23-602. Statement of sales proceeds.** (1) Except as provided in subsection (2), each operator or producer of natural gas, petroleum, or other crude or mineral oil must on or before April 15 in each year make out and deliver to the department of revenue a statement of the gross sales proceeds of such natural gas, petroleum, or other crude or mineral oil from each well owned or worked by such person during the next preceding calendar year. The gross sales proceeds shall be determined by multiplying the units of production sold from the well times the royalty unit value of that production at the well. Such statement shall be in the form prescribed by the department and must be verified by the oath of the operator or producer or the manager, superintendent, agent, president, or vice-president of such corporation, association, or partnership. Such statement shall show the following:

(a) the name and address of the operator, together with a list in duplicate of the names and addresses of any and all persons owning or claiming any royalty interest in the production from the well or the proceeds derived from the sale thereof, and the amount or amounts paid or yielded as royalty to each of such persons during the period covered by the statement;

- (b) the description and location of the well;
- (c) the number of cubic feet of natural gas, barrels of petroleum or other crude or mineral oil sold from the well during the period covered by the statement;
- (d) the gross sales proceeds in dollars and cents or, in the case of sales between parties not acting at arm's length, the greater of the gross sales proceeds from or the fair market value of the products sold;
- (e) except for *interim production* and new production as defined in 15-23-601:

- (i) actual cost of extracting product from well;
- (ii) cost of construction, repairs, and betterments;
- (iii) actual cost of fire insurance and workers' compensation insurance;
- (iv) the amount paid or withheld in satisfaction of liability for excise taxes imposed by the U.S. government on the production, sale, or removal of the natural gas, petroleum, or other crude or mineral oil reported pursuant to subsection (1)(c), including a separate statement of the amount of such taxes paid or withheld from each royalty owner.

(2) Each operator having *interim production* or new production as defined in 15-23-601 shall, on or before the last day of the months of October, January, April, and July, make out and deliver to the department of revenue a statement of the gross sales proceeds of such *interim production* or new production from each well owned or worked by such person during the preceding calendar quarter. The statement must be in the form prescribed by the department and verified as provided in subsection (1). The statement shall show the information required in subsections (1)(a) through (1)(d)."

Section 12. Section 15-23-603, MCA, is amended to read:

**"15-23-603. Net proceeds — how computed.** (1) Except as provided in subsection (3), the department of revenue shall calculate and compute from the returns the gross sales proceeds of the product yielded from such well for the year covered by the statement and shall calculate the net proceeds of the well yielded to the producer, which net proceeds shall be determined by subtracting from the gross sales proceeds thereof the following:

(a) all royalty paid in cash by the operator or producer and the gross value of all royalty apportioned in kind by the operator or producer that shall be determined by using as the value of a barrel of oil or a cubic foot of gas the average selling price for the calendar year of a barrel of oil or a cubic foot of gas from the well out of which the royalty was paid;

(b) all money expended for necessary labor and machinery needed and used in the operation and development;

(c) except as provided in subsection (5), all money expended for necessary supplies needed and used in the operation and development;

(d) all money expended for improvements, repairs, and betterments necessary in and about the working of the well;

(e) that portion of all money, including costs of insurance, expended for the acquisition and operation of any vehicle used in the operation and development of the well which bears the same ratio to all money expended for the acquisition and use of the vehicle during the year covered by the statement as the number of miles the vehicle is used in operation and development of the well during the year covered by the statement bears to the total miles the vehicle is used during the year covered by the statement;

(f) all money expended for fire insurance, workers' compensation insurance, liability insurance, and casualty insurance directly attributable to the operation and development of the well and for payments by operators to welfare and retirement funds when provided for in wage contracts between operators and employees;

(g) all money expended for any performance or indemnity bonds required by the laws of this state or the rules of any state agency, with respect to the well for which the net proceeds are being calculated;

(h) 70% of the amount paid or withheld in satisfaction of liability for excise taxes imposed by the U.S. government on the production, sale, or removal of the natural gas, petroleum, or other crude or mineral oil yielded from such well, other than the amount of such taxes paid by or withheld from each royalty owner; and

(i) *net proceeds determined under subsection (3).*

(2) No money invested in the well and improvements during any year except the year for which such statement is made may be included in such expenditures, except as provided in 15-23-604, and such expenditures may not include the salaries or any portion thereof of any person or officer not actually engaged in the working of the well or superintending the management thereof.

(3) For *interim production* or new production, net proceeds are the equivalent of the gross sales proceeds, without deduction for excise taxes, of the product yielded from such well for the year covered by the statement, except that in computing the total number of barrels of petroleum and other mineral or crude oil or cubic feet of natural gas produced, there shall be deducted therefrom so much thereof as is used in the operation of the well from which the petroleum or other mineral or crude oil or natural gas is produced for pumping the petroleum or other mineral or crude oil or natural gas from the well to a tank or pipeline.

(4) *To determine net proceeds under subsection (1) for lease or unitized areas from which interim or new production and other production have been sold, the deductions allowed in subsections (1)(b) through (1)(h) must be prorated on the basis of the number of barrels of interim and new production of oil or cubic feet of interim or new production of gas to the number of barrels of other production of oil or cubic feet of other production of gas.*

(5) In calculating the deduction for money expended for necessary chemical supplies needed and used in a tertiary recovery project approved

by the department of revenue, as provided in 15-36-101, the department shall require that the necessary chemical supplies, which include but are not limited to carbon dioxide supplies, be amortized over a 10-year period beginning with the year in which the money was expended."

Section 13. Section 15-23-604, MCA, is amended to read:

**"15-23-604. Deduction of drilling costs and capital expenditures.** (1) Unless an operator or producer proceeds under subsection (2), the department of revenue in computing the deductions allowable for cost of drilling wells completed during the period and for other capital expenditures shall allow 10% of such cost each year for a period of 10 years beginning:

(a) with the year natural gas from a natural gas well is first placed into a natural gas distribution system; or

(b) with the year the pumping unit is installed on a crude oil well or the well flows.

(2) The operator or producer may elect to amortize the cost over a period of 2 years if the well is less than 3,000 feet deep.

(3) *The deduction of the costs in subsection (1) is not allowed on wells that are producing interim production or new production, as defined in 15-23-601, and may not be prorated on wells that are not producing interim production or new production when a lease or unitized area has both interim or new production and other production."*

Section 14. Section 15-23-605, MCA, is amended to read:

**"15-23-605. Assessment of royalties.** (1) The amount of royalty received, valued as provided in 15-23-603(1)(a), less 70% of the amount of excise taxes paid by or withheld from the royalty owner as reported pursuant to 15-23-602(8), shall be considered net proceeds to the recipient and shall be assessed as follows: upon receipt of the lists or schedules setting forth the names and addresses of any and all persons owning or claiming royalty and the amount paid or yielded as royalty to such royalty owners or claimants during the year for which such return is made, the department of revenue shall proceed to assess and tax the same as net proceeds of mines.

(2) Net proceeds for *interim production and new production*, as defined in 15-23-601, includes royalties received without deduction for excise taxes."

Section 15. Section 15-23-607, MCA, is amended to read:

**"15-23-607. County assessors to compute taxes.** (1) Immediately after the board of county commissioners has fixed tax levies on the second Monday in August, the county assessor shall compute the taxes on such net proceeds, except as provided in 15-23-612 and in subsection (2), and royalty assessments and shall deliver the book to the county treasurer on or before September 15. The county treasurer shall proceed to give full notice thereof to such operator and to collect the same in manner provided by law.

(2) For *interim production* or new production, as defined in 15-23-601, the county assessor may not levy or assess any mills against the value of such *interim production* or new production, but shall instead levy a tax as follows:

(a) for *interim production* or new production of petroleum or other mineral or crude oil, 7% of net proceeds, as described in 15-23-603(3); or

(b) for *interim production* or new production of natural gas, 12% of net proceeds, as described in 15-23-603(3).

(3) The amount of tax levied in subsections (2)(a) and (2)(b), divided by the appropriate tax rate and multiplied by 60%, shall be treated as taxable value for county bonding purposes.

(4) The operator or producer shall be liable for the payment of said taxes and same shall, except as provided in 15-16-121, be payable by and shall be collected from such operators in the same manner and under the same penalties as provided for the collection of taxes upon net proceeds of mines; provided, however, that the operator may at his option withhold from the proceeds of royalty interest, either in kind or in money, an estimated amount of the tax to be paid by him upon such royalty or royalty interest. After such withholding any deviation between the estimated tax and the actual tax may be accounted for by adjusting subsequent withholdings from the proceeds of royalty interests."

Section 16. Section 15-23-612, MCA, is amended to read:

**"15-23-612. Certain natural gas, petroleum, or other crude or mineral oil exempt.** (1) *New production, as defined in 15-23-601, is exempt from the net proceeds tax imposed by this part for the first 12 months following the last day of the calendar month immediately preceding the month in which:*

(a) *natural gas is placed into a natural gas distribution system; or*

(b) *production for sale from a crude oil or mineral oil well is pumped or flows.*

(2) *After the expiration of the 12-month exemption period provided in subsection (1), new production of natural gas, petroleum, or other crude or mineral oil is subject to net proceeds tax imposed by this part.*

(3) *Notwithstanding the provisions of subsections (1) and (2), all reporting requirements under the net proceeds tax remain in effect."*

Section 17. Section 15-23-613, MCA, is amended to read:

**"15-23-613. Disposition of interim production and new production taxes.** The county treasurer shall credit all taxes on *interim production* and new production, as provided for in 15-23-607, in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as property taxes were distributed in the year preceding the budget year."

Section 18. **Allocation of new production.** (1) If a lease has production that does not qualify for new or interim production and a producing

well is completed on the lease after December 31, 1986, the allocation of the new production must be based on the average daily production per well. The average daily production per well must be determined by dividing the total production for the quarter by the number of well production days for the quarter.

(2) The number of well production days for the quarter is the sum of the number of completed wells on the first day of the quarter times the number of days in the quarter plus the number of days from the date of completion of any wells during the quarter to the end of the quarter. New production for the quarter must then be calculated by multiplying the average daily production per well times the number of wells completed after December 31, 1986, times the number of production days attributed to those wells for the quarter. The value of the production must be based on the average price received for the production for the quarter.

(3) Average daily production, well production days, and average price must be calculated each quarter.

Section 19. Section 20-9-141, MCA, is amended to read:

**"20-9-141. Computation of general fund net levy requirement by county superintendent.** (1) The county superintendent shall compute the levy requirement for each district's general fund on the basis of the following procedure:

(a) Determine the total of the funding required for the district's final general fund budget less the amount established by the schedules in 20-9-316 through 20-9-321 by totaling:

(i) the district's nonisolated school foundation program requirement to be met by a district levy as provided in 20-9-303;

(ii) the district's permissive levy amount as provided in 20-9-352; and

(iii) any general fund budget amount adopted by the trustees of the district under the provisions of 20-9-353, including any additional levies authorized by the electors of the district.

(b) Determine the total of the moneys available for the reduction of the property tax on the district for the general fund by totaling:

(i) anticipated federal moneys received under the provisions of Title I of Public Law 81-874 or other anticipated federal moneys received in lieu of such federal act;

(ii) anticipated tuition payments for out-of-district pupils under the provisions of 20-5-303, 20-5-307, 20-5-312, and 20-5-313;

(iii) general fund cash reappropriated, as established under the provisions of 20-9-104;

(iv) anticipated or reappropriated state impact aid received under the provisions of 20-9-304;

(v) anticipated or reappropriated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536;

(vi) anticipated net proceeds taxes for *interim production and new production*, as defined in 15-23-601;

(vii) anticipated interest to be earned or reappropriated interest earned by the investment of general fund cash in accordance with the provisions of 20-9-213(4); and

(viii) any other revenue anticipated by the trustees to be received during the ensuing school fiscal year which may be used to finance the general fund.

(c) Subtract the total of the moneys available to reduce the property tax required to finance the general fund that has been determined in subsection (1)(b) from the total requirement determined in subsection (1)(a).

(2) The net general fund levy requirement determined in subsection (1)(c) shall be reported to the county commissioners on the second Monday of August by the county superintendent as the general fund levy requirement for the district, and a levy shall be made by the county commissioners in accordance with 20-9-142."

Section 20. Section 20-9-331, MCA, is amended to read:

**"20-9-331. Basic county tax and other revenues for county equalization of the elementary district foundation program.** (1) It shall be the duty of the county commissioners of each county to levy an annual basic tax of 28 mills on the dollars of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of the elementary school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the sum of the estimated revenues identified in subsection (2) below shall be subtracted from the sum of the county elementary transportation obligation and the total of the foundation programs of all elementary districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined above, the county treasurer shall remit the surplus funds to the state treasurer for deposit to the state special revenue fund, state equalization aid account, immediately upon occurrence of a surplus balance and each subsequent month thereafter, with any final remittance due no later than June 20 of the fiscal year for which the levy has been set.

(2) The proceeds realized from the county's portion of the levy prescribed by this section and the revenues from the following sources shall be used for the equalization of the elementary district foundation programs of the county as prescribed in 20-9-334, and a separate accounting shall be kept of such proceeds and revenues by the county treasurer in accordance with 20-9-212(1):

(a) the portion of the federal Taylor Grazing Act funds distributed to a county and designated for the common school fund under the provisions of 17-3-222;

(b) the portion of the federal flood control act funds distributed to a county and designated for expenditure for the benefit of the county common schools under the provisions of 17-3-232;

(c) all money paid into the county treasury as a result of fines for violations of law and the use of which is not otherwise specified by law;

(d) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's account for the various sources of revenue established or referred to in this section;

(e) any federal or state money, including anticipated or reappropriated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, distributed to the county as payment in lieu of the property taxation established by the county levy required by this section; and

(f) net proceeds taxes for *interim production* and new production, as defined in 15-23-601."

Section 21. Section 20-9-333, MCA, is amended to read:

**"20-9-333. Basic special levy and other revenues for county equalization of high school district foundation program.** (1) It shall be the duty of the county commissioners of each county to levy an annual basic special tax for high schools of 17 mills on the dollar of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of high school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the estimated revenues identified in subsections (2)(a) and (2)(b) below shall be subtracted from the sum of the county's high school tuition obligation and the total of the foundation programs of all high school districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined above, the county treasurer shall remit the surplus to the state treasurer for deposit to the state special revenue fund, state equalization aid account, immediately upon occurrence of a surplus balance and each subsequent month thereafter, with any final remittance due no later than June 20 of the fiscal year for which the levy has been set.

(2) The proceeds realized from the county's portion of the levy prescribed in this section and the revenues from the following sources shall be used for the equalization of the high school district foundation programs of the county as prescribed in 20-9-334, and a separate accounting shall be kept of these proceeds by the county treasurer in accordance with 20-9-212(1):

(a) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's accounts for the various sources of revenue established in this section;

(b) any federal or state moneys, including anticipated or reappropriated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, distributed to the county as a payment in lieu of the property taxation established by the county levy required by this section; and

(c) net proceeds taxes for *interim production* and new production, as defined in 15-23-601."

Section 22. Section 20-9-352, MCA, is amended to read:

**"20-9-352. Permissive amount and permissive levy.** (1) Whenever the trustees of any district shall deem it necessary to adopt a general fund budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for such district as established by the schedules in 20-9-316 through 20-9-321, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. Such excess above the foundation program amount shall be known as the "permissive amount", and it shall be financed by a levy on the taxable value of all taxable property within the district as prescribed in 20-9-141, supplemented with any biennial appropriation by the legislature for this purpose. The proceeds of such an appropriation shall be deposited to the state special revenue fund, permissive account.

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding 6 mills on all the taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by 6 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated or reappropriated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the state special revenue fund according to the provisions of subsections (3) and (4) of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding 4 mills on all taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by 4 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, and plus net proceeds taxes for *interim production* and new production, as defined in 15-23-601, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the state special revenue fund according to the provisions of subsections (3) and (4) of this section.

(3) The superintendent of public instruction shall, if the appropriation by the legislature for the permissive account for the biennium is insufficient, request the budget director to submit a request for a supplemental appropriation in the second year of the biennium. The supplemental appropriation shall provide enough revenue to fund the permissive deficiency of the elementary and high school districts of the state. The proceeds of this appropriation shall be deposited to the state special revenue fund, permissive account, and shall be distributed to the elementary and high school districts in accordance with their entitlements as determined by the superintendent of public instruction according to the provisions of subsections (1) and (2) of this section.

(4) Distribution under this section from the state special revenue fund shall be made in two payments. The first payment shall be made at the same time as the first distribution of state equalization aid is made after January 1 of the fiscal year. The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the appropriation is not sufficient to finance the deficiencies of the districts as determined according to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue in the second year of the biennium may be used to reduce the appropriation required for the next succeeding biennium or may be transferred to the state equalization aid state special revenue fund if revenues in that fund are insufficient to meet foundation program requirements."

Section 23. Section 20-9-501, MCA, is amended to read:

**"20-9-501. Retirement fund.** (1) The trustees of any district employing personnel who are members of the teachers' retirement system or the public employees' retirement system or who are covered by unemployment insurance or who are covered by any federal social security system requiring employer contributions shall establish a retirement fund for the purposes of budgeting and paying the employer's contributions to such systems. The district's contribution for each employee who is a member of the teachers' retirement system shall be calculated in accordance with Title 19, chapter 4, part 6. The district's contribution for each employee who is a member of the public employees' retirement system shall be calculated in accordance with 19-3-801. The district may levy a special tax to pay its contribution to the public employees' retirement system under the conditions prescribed in 19-3-204. The district's contributions for each employee covered by any federal social security system shall be paid in accordance with federal law and regulation. The district's contribution for each employee who is covered by unemployment insurance shall be paid in accordance with Title 39, chapter 51, part 11.

(2) The trustees of any district required to make a contribution to any such system shall include in the retirement fund of the preliminary budget the estimated amount of the employer's contribution and such additional moneys, within legal limitations, as they may wish to provide for the retirement fund cash reserve. After the final retirement fund budget has been adopted, the trustees shall pay the employer contributions to such systems in accordance with the financial administration provisions of this title.

(3) When the final retirement fund budget has been adopted, the county superintendent shall establish the levy requirement by:

(a) determining the sum of the moneys available to reduce the retirement fund levy requirement by adding:

(i) any anticipated moneys that may be realized in the retirement fund during the ensuing school fiscal year, including anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536;

(ii) net proceeds taxes for *interim production and* new production, as defined in 15-23-601; and

(iii) any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the retirement fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the retirement fund. The retirement fund cash reserve shall not be more than 35% of the final retirement fund budget for the ensuing school fiscal year and shall be used for the purpose of paying retirement fund warrants issued by the district under the final retirement fund budget.

(b) subtracting the total of the moneys available for reduction of the levy requirement as determined in subsection (3)(a) from the budgeted amount for expenditures in the final retirement fund budget.

(4) The county superintendent shall total the net retirement fund levy requirements separately for all elementary school districts, all high school districts, and all community college districts of the county, including any prorated joint district or special education cooperative agreement levy requirements, and shall report each such levy requirement to the county commissioners on the second Monday of August as the respective county levy requirements for elementary district, high school district, and community college district retirement funds. The county commissioners shall fix and set such county levy in accordance with 20-9-142.

(5) The net retirement fund levy requirement for a joint elementary district or a joint high school district shall be prorated to each county in which a part of such district is located in the same proportion as the district ANB of the joint district is distributed by pupil residence in each such county. The county superintendents of the counties affected shall jointly determine the net retirement fund levy requirement for each county as provided in 20-9-151.

(6) The net retirement fund levy requirement for districts that are members of special education cooperative agreements shall be prorated to each county in which such district is located in the same proportion as the budget for the special education cooperative agreement of the district bears to the total budget of the cooperative. The county superintendents of the counties affected shall jointly determine the net retirement fund levy requirement for each county in the same manner as provided in 20-9-151 and fix and levy the net retirement fund levy for each county in the same manner as provided in 20-9-152."

Section 24. Section 20-10-144, MCA, is amended to read:

**"20-10-144. Computation of revenues and net tax levy requirements for the transportation fund budget.** Before the fourth Monday of July and in accordance with 20-9-123, the county superintendent shall compute the revenue available to finance the transportation fund budget of each district. The county superintendent shall compute the revenue for each district on the following basis:

(1) The "schedule amount" of the preliminary budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 shall be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate per bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by such district); plus

(b) the total of all individual transportation per diem reimbursement rates for such district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted on the preliminary budget for the contingency amount permitted in 20-10-143, except if such amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or \$100, whichever is larger, the contingency amount on the preliminary budget shall be reduced to such limitation amount and used in this determination of the schedule amount.

(2) The schedule amount determined in subsection (1) or the total preliminary transportation fund budget, whichever is smaller, shall be divided by 3 and the resulting one-third amount shall be used to determine the available state and county revenue to be budgeted on the following basis:

(a) the resulting one-third amount shall be the budgeted state transportation reimbursement, except that the state transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 shall be two-thirds of the schedule amount attributed to the transportation of special education pupils;

(b) the resulting one-third amount, except as provided for joint elementary districts in subsection (2)(e), shall be the budgeted county transportation reimbursement for elementary districts and shall be financed by the basic county tax under the provisions of 20-9-334;

(c) the resulting one-third amount multiplied by 2 shall be the budgeted county transportation reimbursement amount for high school districts financed under the provisions of subsection (5) of this section, except as provided for joint high school districts in subsection (2)(e), and except that the county transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 shall be one-third of the schedule amount attributed to the transportation of special education pupils;

(d) when the district has a sufficient amount of cash for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of such district revenue and cash reappropriated shall be used to reduce the county financing obligation in subsections (2)(b) or (2)(c) and, if such county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a); and

(e) the county revenue requirement for a joint district, after the application of any district moneys under subsection (2)(d) above, shall be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each such county.

(3) The total of the moneys available for the reduction of property tax on the district for the transportation fund shall be determined by totaling:

(a) anticipated federal moneys received under the provisions of Title I of Public Law 81-874 or other anticipated federal moneys received in lieu of such federal act; plus

(b) anticipated payments from other districts for providing school bus transportation services for such district; plus

(c) anticipated payments from a parent or guardian for providing school bus transportation services for his child; plus

(d) anticipated interest to be earned by the investment of transportation fund cash in accordance with the provisions of 20-9-213(4); plus

(e) anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536; plus

(f) net proceeds taxes for *interim production and new production*, as defined in 15-23-601; plus

(g) any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year which may be used to finance the transportation fund; plus

(h) any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the transportation fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the transportation fund. Such cash reserve shall not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and shall be for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund shall be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount and, for an elementary district, adding such difference to the district obligation to finance one-third of the schedule amount as determined in subsection (2); and

(b) subtracting the amount of moneys available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a) above.

(5) The county levy requirement for the financing of the county transportation reimbursement to high school districts shall be computed by adding all such requirements for all the high school districts of the county, including the county's obligation for reimbursements in joint high school districts.

(6) The transportation fund levy requirements determined in subsection (4) for each district and in subsection (5) for the county shall be reported to the county commissioners on the second Monday of August by the county superintendent as the transportation fund levy requirements for the district and for the county, and such levies shall be made by the county commissioners in accordance with 20-9-142."

**Section 25. Extension of authority.** Any existing authority of the department of revenue or the board of oil and gas conservation to make rules on the subject of the provisions of this act is extended to the provisions of this act.

**Section 26. Codification instruction.** Section 18 is intended to be codified as an integral part of Title 15, chapter 23, part 6, and the provisions of Title 15, chapter 23, part 6, apply to section 18.

**Section 27. Coordination instructions.** (1) If either Senate Bill No. 262 or Senate Bill No. 66 and this act are passed and approved, Senate Bill No. 262 or Senate Bill No. 66 are void.

(2) If House Bill No. 776 is not passed and approved, section 10(3)(b) is void.

**Section 28. Effective date — applicability.** This act is effective on passage and approval and applies retroactively, within the meaning of 1-2-109, to taxable quarters beginning on or after April 1, 1987. The tax rate and filing method applicable to a well that qualifies as interim production under section 10 but which did not qualify as new production under 15-23-601 prior to the applicability date of this act does not change for tax periods prior to the applicability date.

Approved May 13, 1987.

## CHAPTER NO. 656

[HB 776]

AN ACT TO EXEMPT CERTAIN STRIPPER WELLS AND, FOR THE FIRST 2 YEARS OF PRODUCTION, ALL OTHER WELLS PRODUCING PETROLEUM, NATURAL GAS, OR OTHER MINERAL OR CRUDE OIL FROM SEVERANCE TAXES; TO LOWER THE SEVERANCE TAX RATE TO 3 PERCENT FOR CERTAIN STRIPPER WELLS; AMENDING SECTIONS 15-23-607, 15-23-612, 15-36-101, AND 15-36-121, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, A RETROACTIVE APPLICABILITY DATE, AND A CONTINGENT TERMINATION DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-23-607, MCA, is amended to read:

**"15-23-607. County assessors to compute taxes.** (1) Immediately after the board of county commissioners has fixed tax levies on the second

Monday in August, the county assessor shall compute the taxes on such net proceeds, except as provided in 15-23-612 and in subsection (2), and royalty assessments and shall deliver the book to the county treasurer on or before September 15. The county treasurer shall proceed to give full notice thereof to such operator and to collect the same in manner provided by law.

(2) For new production, as defined in 15-23-601, the county assessor may not levy or assess any mills against the value of such new production, but shall instead levy a tax as follows:

(a) for new production of petroleum or other mineral or crude oil, 7% of net proceeds, as described in 15-23-603(3); or

(b) for new production of natural gas, 12% of net proceeds, as described in 15-23-603(3).

(3) The amount of tax levied in subsections (2)(a) and (2)(b), divided by the appropriate tax rate and multiplied by 60%, shall be treated as taxable value for county bonding purposes.

(4) The operator or producer shall be liable for the payment of said taxes and same shall, except as provided in 15-16-121, be payable by and shall be collected from such operators in the same manner and under the same penalties as provided for the collection of taxes upon net proceeds of mines; provided, however, that the operator may at his option withhold from the proceeds of royalty interest, either in kind or in money, an estimated amount of the tax to be paid by him upon such royalty or royalty interest. After such withholding any deviation between the estimated tax and the actual tax may be accounted for by adjusting subsequent withholdings from the proceeds of royalty interests."

Section 2. Section 15-23-612, MCA, is amended to read:

**"15-23-612. Certain natural gas exempt.** (1) Natural gas produced from a well 5,000 feet deep or deeper, drilling for which was completed after December 31, 1976, but before April 1, 1987, is exempt from one-half of the net proceeds tax imposed by this part for 3 years if the gas produced from the well is:

(a) placed into a natural gas distribution system for delivery to consumers after diligent completion of the well; and

(b) distributed by a natural gas distribution system serving only natural gas consumers a majority of which are within Montana or at least 10,000 natural gas consumers within Montana.

(2) The 3-year exemption provided by this section shall begin when natural gas from a qualifying well is first placed into a natural gas distribution system.

(3) Notwithstanding the provisions of subsections (1) and (2), all reporting requirements under the net proceeds tax remain in effect."

Section 3. Section 15-36-101, MCA, is amended to read:

**"15-36-101. Definitions and rate of tax.** (1) Every person engaging in or carrying on the business of producing petroleum, other mineral or

crude oil, or natural gas within this state or engaging in or carrying on the business of owning, controlling, managing, leasing, or operating within this state any well or wells from which any merchantable or marketable petroleum, other mineral or crude oil, or natural gas is extracted or produced sufficient in quantity to justify the marketing of the same must, except as provided in 15-36-121, each year when engaged in or carrying on any such business in this state pay to the department of revenue for the exclusive use and benefit of the state of Montana a severance tax computed at the following rates:

(a) except as provided in subsections (1)(b), (1)(c), and (1)(d), 5% of the total gross value of all the petroleum and other mineral or crude oil produced by such person from each lease or unit on or after April 1, 1981, and on or before March 31, 1983; 6% of the total gross value of all the petroleum and other mineral or crude oil produced by such person from each lease or unit on or after April 1, 1983, and on or before March 31, 1985; and 5% of the total gross value of all the petroleum and other mineral or crude oil produced by such person from each lease or unit thereafter; but in determining the amount of such tax there shall be excluded from consideration all petroleum or other crude or mineral oil produced and used by such person during such year in connection with his operations in prospecting for, developing, and producing such petroleum or crude or mineral oil;

(b) 2.65% of the total gross value of natural gas produced from each lease or unit; but in determining the amount of such tax there shall be excluded from consideration all gas produced and used by such person during such year in connection with his operations in prospecting for, developing, and producing such gas or petroleum or crude or mineral oil; and there shall also be excluded from consideration all gas, including carbon dioxide gas, recycled or reinjected into the ground;

(c) 2.5% of the total gross value of the incremental petroleum and other mineral or crude oil produced from each lease or unit in a tertiary recovery project after July 1, 1985. For purposes of this section, a tertiary recovery project must meet the following requirements:

(i) the project must be approved as a tertiary recovery project by the department of revenue. Such approval may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(ii) the property to be affected by the project must be adequately delineated according to the specifications required by the department; and

(iii) the project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the department to be significant in light of all the facts and circumstances, in the amount of crude oil which may potentially be recovered. For the purpose of this section, tertiary recovery methods include but are not limited to:

- (A) miscible fluid displacement;
- (B) steam drive injection;
- (C) micellar/emulsion flooding;

- (D) in situ combustion;
- (E) polymer augmented water flooding;
- (F) cyclic steam injection;
- (G) alkaline or caustic flooding;
- (H) carbon dioxide water flooding;
- (I) immiscible carbon dioxide displacement;
- (J) any other method approved by the department as a tertiary recovery method;

*(d) 3% of the total gross value of all the petroleum and other mineral or crude oil, after the first 5 barrels, produced by a stripper well, as defined in 15-36-121, that produces more than 5 barrels a day during the period beginning April 1, 1987, and ending March 31, 1989.*

(2) For purposes of this section, the term "incremental petroleum and other mineral or crude oil" means the amount of oil, as determined by the department of revenue, to be in excess of what would have been produced by primary and secondary methods. The determination arrived at by the department must be made only after notice and hearing and shall specify through the life of a tertiary project, calendar year by calendar year, the combined amount of primary and secondary production that must be used to establish the incremental production from each lease or unit in a tertiary recovery project.

(3) Nothing in this part may be construed as requiring laborers or employees hired or employed by any person to drill any oil well or to work in or about any oil well or prospect or explore for or do any work for the purpose of developing any petroleum or other mineral or crude oil to pay such severance tax, nor may any work done or the drilling of any well or wells for the purpose of prospecting or exploring for petroleum or other mineral or crude oils or for the purpose of developing same be considered to be the engaging in or carrying on of any such business. If, in the doing of any such work, in the drilling of any oil well, or in such prospecting, exploring, or development work, any merchantable or marketable petroleum or other mineral or crude oil in excess of the quantity required by such person for carrying on such operation is produced sufficient in quantity to justify the marketing of the same, such work, drilling, prospecting, exploring, or development work is considered to be the engaging in and carrying on of such business within this state within the meaning of this section.

(4) Every person required to pay such tax hereunder shall pay the same in full for his own account and for the account of each of the other owner or owners of the gross proceeds in value or in kind of all the marketable petroleum or other mineral or crude oil or natural gas extracted and produced, including owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, net proceeds interest, production payments, and all other interest or interests owned or carved out of the total gross proceeds in value or in kind of such extracted marketable petroleum or other mineral or crude oil or natural gas, except that any of the aforesaid interests that are owned by the federal, state,

county, or municipal governments shall be exempt from taxation under this chapter. Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners will be deducted from any settlements under said lease or leases or division of proceeds orders or other contracts."

Section 4. Section 15-36-121, MCA, is amended to read:

**"15-36-121. Exemption from severance tax.** (1) It is the public policy of this state to promote a sufficient supply of natural gas to provide for the residents of this state, to lessen Montana's dependence on imported natural gas, and to encourage the exploration for and development and production of natural gas, petroleum, and other mineral and crude oil within the state.

(2) All new production from a well during the 24 months immediately following the date of notification to the department of revenue that an oil well is flowing or being pumped or that a gas well has been connected to a gathering or distribution system is exempt from all of the severance tax imposed by 15-36-101, provided the notification was made after March 31, 1987, and before July 1, 1991.

(3) All the natural gas produced from any well that has produced 60,000 cubic feet or less of natural gas a day for the calendar year prior to the current year shall be taxed as provided in this section. Production must be determined by dividing the amount of production from a lease or unitized area for the year prior to the current calendar year by the number of producing wells in the lease or unitized area and by dividing the resulting quotient by 365. The first 30,000 cubic feet of average daily production per well is exempt from all of the severance tax imposed by 15-36-101. Everything over 30,000 cubic feet of gas produced is taxed at 1.59%.

(4) The first 5 barrels of average daily production from a stripper well are exempt from all of the severance tax imposed by 15-36-101.

(5) For the purposes of this section, the following definitions apply:

(a) "New production" means the production of natural gas, petroleum, or other crude or mineral oil from any well:

(i) that has not produced natural gas, petroleum, or other crude or mineral oil during the 5 years immediately preceding the first month of qualified new production; and

(ii) on which the notification provided for in subsection (2) was made after March 31, 1987.

(b) "Stripper well" means a well that produces less than 10 barrels per day, determined by dividing the amount of production from a lease or unitized area for the year prior to the current calendar year by the number of producing wells in the lease or unitized area, and by dividing the resulting quotient by 365.

(6) Notwithstanding the provisions of subsections (2) through (4), all reporting requirements under the severance tax remain in effect."

Section 5. **Extension of authority.** Any existing authority of the department of revenue or the board of oil and gas conservation to make

rules on the subject of the provisions of this act is extended to the provisions of this act.

**Section 6. Coordination instructions.** (1) If this bill and Senate Bill No. 383, including the section of that bill defining "new production" and "interim production" in 15-23-601, are passed and approved, sections 1 and 2 and subsection (5)(a) of section 4 of this bill are void, and the following amendment is made to this bill:

Following: "new production" in 15-36-121(2), insert "as defined in 15-23-601".

(2) If this bill and Senate Bill No. 66 are passed and approved, Senate Bill No. 66 is void.

**Section 7. Effective date — applicability — contingent termination.** (1) This act is effective on passage and approval and applies retroactively, within the meaning of 1-2-109, to April 1, 1987.

(2) Subsection (2) of 15-36-121, concerning new production, terminates on the date the governor by executive order certifies that the price of West Texas intermediate crude oil has reached \$25 a barrel as reported in the Wall Street Journal.

(3) Section 15-36-101(1)(d) and subsection (4) of 15-36-121, concerning stripper well production, terminate on the date the governor by executive order certifies that the price of West Texas intermediate crude oil has reached \$30 a barrel as reported in the Wall Street Journal.

Approved May 13, 1987.

## CHAPTER NO. 657

[SB 74]

AN ACT TO EXEMPT FROM TAXATION UP TO \$3,600 OF PUBLIC RETIREMENT BENEFITS PAID BY ANOTHER STATE AND TO INCREASE THE EXEMPTION FOR PRIVATE AND CORPORATE RETIREMENT BENEFITS FROM \$360 TO \$3,600; AMENDING SECTIONS 15-30-111 AND 15-30-136, MCA; AND PROVIDING AN APPLICABILITY DATE AND AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-30-111, MCA, is amended to read:

**"15-30-111. Adjusted gross income.** (1) Adjusted gross income shall be the taxpayer's federal income tax adjusted gross income as defined in section 62 of the Internal Revenue Code of 1954 or as that section may be labeled or amended and in addition shall include the following:

(a) interest received on obligations of another state or territory or county, municipality, district, or other political subdivision thereof;

(b) refunds received of federal income tax, to the extent the deduction of such tax resulted in a reduction of Montana income tax liability; and

(c) that portion of a shareholder's income under subchapter S. of Chapter 1 of the Internal Revenue Code of 1954 that has been reduced by any federal taxes paid by the subchapter S. corporation on the income.

(2) Notwithstanding the provisions of the federal Internal Revenue Code of 1954 as labeled or amended, adjusted gross income does not include the following which are exempt from taxation under this chapter:

(a) all interest income from obligations of the United States government, the state of Montana, county, municipality, district, or other political subdivision thereof;

(b) interest income earned by a taxpayer age 65 or older in a taxable year up to and including \$800 for a taxpayer filing a separate return and \$1,600 for each joint return;

(c) all benefits, *not in excess of \$3,600*, received:

(i) under the Federal Employees' Retirement Act;

(ii) *under the public employee retirement laws of a state other than Montana; or*

(iii) as an annuity, pension, or endowment under any private or corporate retirement plan or system;

(d) all benefits paid under the teachers' retirement law which are specified as exempt from taxation by 19-4-706;

(e) all benefits paid under The Public Employees' Retirement System Act which are specified as exempt from taxation by 19-3-105;

(f) all benefits paid under the highway patrol retirement law which are specified as exempt from taxation by 19-6-705;

(g) all Montana income tax refunds or credits thereof;

(h) all benefits paid under 19-11-602, 19-11-604, and 19-11-605 to retired and disabled firefighters, their surviving spouses and orphans;

(i) all benefits paid under the municipal police officers' retirement system that are specified as exempt from taxation by 19-9-1005;

(j) gain required to be recognized by a liquidating corporation under 15-31-113(1)(a)(ii);

(k) all tips covered by section 3402(k) of the Internal Revenue Code of 1954, as amended and applicable on January 1, 1983, received by persons for services rendered by them to patrons of premises licensed to provide food, beverage, or lodging;

(l) all benefits received under the workers' compensation laws; and

(m) all health insurance premiums paid by an employer for an employee if attributed as income to the employee under federal law.

(3) In the case of a shareholder of a corporation with respect to which the election provided for under subchapter S. of the Internal Revenue Code of 1954, as amended, is in effect but with respect to which the election provided for under 15-31-202, as amended, is not in effect, adjusted gross income does not include any part of the corporation's undistributed taxable income, net operating loss, capital gains or other gains, profits, or losses required to be included in the shareholder's federal income tax adjusted gross income by reason of the said election under subchapter S. However, the shareholder's adjusted gross income shall include actual distributions from the corporation to the extent they would be treated as taxable dividends if the subchapter S. election were not in effect.

(4) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(i) shall include in his adjusted gross income the earnings and profits of the DISC in the same manner as provided by federal law (section 995, Internal Revenue Code) for all periods for which the DISC election is effective.

(5) A taxpayer who, in determining federal adjusted gross income, has reduced his business deductions by an amount for wages and salaries for which a federal tax credit was elected under section 44B of the Internal Revenue Code of 1954 or as that section may be labeled or amended is allowed to deduct the amount of such wages and salaries paid regardless of the credit taken. The deduction must be made in the year the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(6) Married taxpayers filing a joint federal return who must include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(7) A taxpayer receiving retirement disability benefits who has not attained age 65 by the end of the taxable year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to \$100 per week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds \$15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding \$15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, permanently and totally disabled means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(8) *A person receiving benefits described in subsections (2)(d) through (2)(f), (2)(h), or (2)(i) may not exclude benefits described in subsection (2)(c)*

*from adjusted gross income unless the benefits received under subsections (2)(d) through (2)(f), (2)(h), or (2)(i) are less than \$3,600, in which case the person may combine benefits to exclude up to a total of \$3,600 from adjusted gross income. (Subsection (2)(l) (now (2)(k)) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983.)"*

Section 2. Section 15-30-136, MCA, is amended to read:

**"15-30-136. Computation of income of estates or trusts — exemption.** (1) Except as otherwise provided in this chapter, "gross income" of estates or trusts means all income from whatever source derived in the taxable year, including but not limited to the following items:

- (a) dividends;
  - (b) interest received or accrued, including interest received on obligations of another state or territory or a county, municipality, district, or other political subdivision thereof, but excluding interest income from obligations of:
    - (i) the United States government or the state of Montana;
    - (ii) a school district; or
    - (iii) a county, municipality, district, or other political subdivision of the state;
  - (c) income from partnerships and other fiduciaries;
  - (d) gross rents and royalties;

  - (f) gross profit from trade or business; and
  - (g) refunds recovered on federal income tax, to the extent the deduction of such tax resulted in a reduction of Montana income tax liability.
- (2) In computing net income, there are allowed as deductions:
- (a) interest expenses deductible for federal tax purposes according to section 163 of the Internal Revenue Code of 1954, as amended;
  - (b) taxes paid or accrued within the taxable year, including but not limited to federal income tax, but excluding Montana income tax;
  - (c) that fiduciary's portion of depreciation or depletion which is deductible for federal tax purposes according to sections 167, 611, and 642 of the Internal Revenue Code of 1954, as amended;

  - (e) administrative expenses claimed for federal income tax purposes, according to sections 212 and 642(g) of the Internal Revenue Code of 1954,

as amended, if such expenses were not claimed as a deduction in the determination of Montana inheritance tax;

(f) losses from fire, storm, shipwreck, or other casualty or from theft, to the extent not compensated for by insurance or otherwise, that are deductible for federal tax purposes according to section 165 of the Internal Revenue Code of 1954, as amended;

(g) net operating loss deductions allowed for federal income tax under section 642(d) of the Internal Revenue Code of 1954, as amended, except estates may not claim losses that are deductible on the decedent's final return;

(h) all benefits, *not in excess of \$3,600*, received:

(i) as federal employees' retirement;

(ii) as retirement from public employment in a state other than Montana; or

(iii) as an annuity, pension, or endowment under private or corporate retirement plans or systems;

(i) all benefits paid under the Montana teachers' retirement system that are specified as exempt from taxation by 19-4-706;

(n) all benefits paid under the municipal police officers' retirement system that are specified as exempt from taxation by 19-9-1005.

(3) In the case of a shareholder of a corporation with respect to which the election provided for under subchapter S. of the Internal Revenue Code of 1954, as amended, is in effect but with respect to which the election provided for under 15-31-202 is not in effect, net income does not include any part of the corporation's undistributed taxable income, net operating loss, capital gains or other gains, profits, or losses required to be included in the shareholder's federal income tax net income by reason of the election under subchapter S. However, the shareholder's net income shall include actual distribution from the corporation to the extent it would be treated as taxable dividends if the subchapter S. election were not in effect.

(4) The following additional deductions shall be allowed in deriving taxable income of estates and trusts:

(a) any amount of income for the taxable year currently required to be distributed to beneficiaries for such year;

(b) any other amounts properly paid or credited or required to be distributed for the taxable year;

(c) the amount of 60% of the excess of the net long-term capital gain over the net short-term capital loss for the taxable year.

(5) The exemption allowed for estates and trusts is that exemption provided in 15-30-112(2)(a) and 15-30-112(8).

(6) *A trust or estate excluding benefits under subsections (2)(i) through (2)(k), (2)(m), or (2)(n) may not exclude benefits described in subsection (2)(h) from net income unless the benefits received under subsections (2)(i) through (2)(k), (2)(m), or (2)(n) are less than \$3,600, in which case the trust or estate may combine benefits to exclude up to a total of \$3,600 from net income.*"

**Section 4. Applicability.** This act applies to taxable years beginning after December 31, 1986.

**Section 5. Effective date.** This act is effective on passage and approval.

## CHAPTER NO. 659

[SB 64]

AN ACT PROVIDING FOR A 5-YEAR CORPORATION LICENSE TAX EXEMPTION FOR RESEARCH AND DEVELOPMENT FIRMS; CLASSIFYING ALL PROPERTY OWNED AND USED BY A RESEARCH AND DEVELOPMENT FIRM AS CLASS FIVE PROPERTY; AMENDING SECTIONS 15-1-101, 15-6-135, 15-31-101, 15-31-401, AND 15-31-403, MCA; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Research and development firms exempt from taxation — application.** (1) A research and development firm organized to engage in business in the state of Montana for the first time is not subject to any of the taxes imposed by this chapter on net income earned from research and development activities during its first 5 taxable years of activity in Montana. For purposes of [this act], "taxable year" means a research and development firm's taxable year for federal income tax purposes.

(2) (a) To be considered a research and development firm, the chief executive officer of the firm or his agent shall file with the department of revenue an application for treatment as a research and development firm.

(b) The application must be made on a form to be provided by the department. The form must include, at a minimum:

(i) the name and address of each officer of the research and development firm;

(ii) the name of the research and development firm as required for the purpose of incorporation in 35-1-202;

(iii) the address of its initial registered office required for the purpose of incorporation as required in 35-1-202;

(iv) the date the articles of incorporation were filed with the secretary of state as required in 35-1-203; and

(v) other information the department requires to effectively administer the provisions of this section.

(c) The application must be filed with the department before the end of the first calendar quarter during which the research and development firm engages in business in Montana.

(3) On receipt of the information required in subsection (2)(b), provided that it was filed in the time allowed under subsection (2)(c), the department shall designate the applicant as a research and development firm for the purposes of this section.

(4) Failure by an applicant to provide information required by the department under subsection (2)(b) or, except as provided in subsection (5), failure to file within the time allowed under subsection (2)(c) automatically disqualifies the applicant from being designated and treated as a research and development firm for the purposes of this section.

(5) The director of the department may grant an extension of time for an applicant to file an application for treatment as a research and development firm, provided the extension is given in writing and the extension does not extend beyond 30 days from the date the application was required to be filed under subsection (2)(c).

(6) For the purpose of calculating or otherwise determining the period for which a deduction, exclusion, exemption, or credit may be taken under the provisions of this chapter, the department shall disregard a research and development firm's first 5 taxable years of activity in Montana and administer the deduction, exclusion, exemption, or credit as if the corporation did not exist during those taxable years. This treatment of a research and development firm extends to net operating loss carryback and net operating loss carryforward provisions allowed under this chapter.

Section 2. Section 15-1-101, MCA, is amended to read:

**"15-1-101. Definitions.** (1) Except as otherwise specifically provided, when terms mentioned in this section are used in connection with taxation, they are defined in the following manner:

(B) timberlands;

(m) The term "property" includes moneys, credits, bonds, stocks, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership. This definition must not be construed to authorize the taxation of the stocks of any company or corporation when the property of such company or corporation represented by the stocks is within the state and has been taxed.

(n) The term "real estate" includes:

(i) the possession of, claim to, ownership of, or right to the possession of land;

(p) The term "taxable value" means the percentage of market or assessed value as provided for in 15-6-131 through 15-6-140.

(c) new industrial property as defined in this section;

(d) any personal or real property used primarily in the production of gasohol during construction and for the first 3 years of its operation;

(2) (a) "Air and water pollution equipment" means facilities, machinery, or equipment used to reduce or control water or atmospheric pollution or contamination by removing, reducing, altering, disposing, or storing pollutants, contaminants, wastes, or heat. The department of health and environmental sciences shall determine if such utilization is being made.

(5) New industrial property does not include:

(a) property used by retail or wholesale merchants, commercial services of any type, agriculture, trades, or professions;

(b) a plant that will create adverse impact on existing state, county, or municipal services; or

(c) property used or employed in any industrial plant that has been in operation in this state for 3 years or longer.

(6) Class five property is taxed at 3% of its market value."

**"15-31-101. Organizations subject to tax.** (1) The term "corporation" includes associations, joint-stock companies, common-law trusts and business trusts which do business in an organized capacity, and all other corporations whether created, organized, or existing under and pursuant to the laws, agreements, or declarations of trust of any state, country, or the United States.

(2) The terms "engaged in business" and "doing business" both mean actively engaging in any transaction for the purpose of financial or pecuniary gain or profit.

(3) *Except as provided in [section 1] or 33-2-705(6) or as may be otherwise specifically provided, every corporation* engaged in business in the state of Montana shall annually pay to the state treasurer as a license fee for the privilege of carrying on business in this state such percentage or percentages of its total net income for the preceding taxable year at the rate hereinafter set forth. In the case of corporations having income from business activity which is taxable both within and without this state, the license fee shall be measured by the net income derived from or attributable to Montana sources as determined under part 3. This tax is due and payable on the 15th day of the 5th month following the close of the taxable year of the corporation; however, the tax becomes a lien as provided in this chapter on the last day of the taxable year in which the income was earned and is for the privilege of carrying on business in this state for the taxable year in which the income was earned.

(4) Every bank organized under the laws of the state of Montana, of any other state, or of the United States and every savings and loan association organized under the laws of this state or of the United States is subject to the Montana corporation license tax provided for under this chapter. For taxable years beginning on and after January 1, 1972, this subsection is effective in accordance with Public Law 91-156, section 2 (12 U.S.C. 548)."

Section 5. Section 15-31-401, MCA, is amended to read:

**"15-31-401. Application of license and income taxes.** (1) It is the intent of the legislature that the corporation license tax shall be applied to all corporations subject to taxation under part 1 of this chapter. *Except as provided in subsection (2), the income tax provided by this part shall be applied to corporations that are not taxable under part 1 of this chapter but are taxable under an income tax.*

*(2) During its first 5 taxable years of activity in Montana, the net income earned from research and development activities by a research and development firm as described in [section 1] is not subject to either the corporation license tax provided in part 1 of this chapter or to the corporation income tax provided in this part."*

Section 6. Section 15-31-403, MCA, is amended to read:

(2) Income from sources within this state includes income from tangible or intangible property located in or having a situs in this state and income from any activities carried on in this state, regardless of whether carried on in intrastate, interstate, or foreign commerce, but does not include interest paid on loans held by out-of-state financial institutions recognized as such in the state of their domicile, secured by mortgages, trust indentures, or other security interests on real or personal property located within the state, if the loan is originated by a lender doing business in Montana and assigned out-of-state and there is no activity conducted by the out-of-state lender in Montana except periodic inspection of the security.

(3) Pursuant to Article III, section 2, of the Multistate Tax Compact, any corporation required to file a return under this part and whose only activity in Montana consists of making sales and which does not own or rent real estate or tangible personal property within Montana and whose annual gross volume of sales made in Montana does not exceed \$100,000 may elect to pay a tax of  $\frac{1}{2}$  of 1% of gross sales made in Montana during the taxable year. Section 2. Section 2-18-301, MCA, is amended to read:

**"2-18-301. Purpose and intent of part — rules.** (1) The purpose of this part is to provide the compensation necessary to attract and retain competent and qualified employees in order to perform the services the state is required to provide to its citizens.

(2) It is the intent of the legislature that, for the biennium ending June 30, 1989, the:

(a) pay schedules provided for in 2-18-312 through 2-18-315 supersede any other plan or systems established through collective bargaining after the adjournment of the 50th legislature;

(b) pay levels provided for in 2-18-312 through 2-18-315 may not be increased through collective bargaining after adjournment of the 50th legislature; and

(c) total funds required to implement the pay schedules provided for in 2-18-312 through 2-18-315 for any employee group or bargaining unit may not be increased through collective bargaining over the amount appropriated by the 50th legislature.

(3) The department shall administer the pay program established by the legislature on the basis of merit, internal equity, and competitiveness to external labor markets when fiscally able.

(4) The department may promulgate rules not inconsistent with the provisions of this part, collective bargaining statutes, or negotiated contracts to carry out the purposes of this part."

Section 3. Section 2-18-303, MCA, is amended to read:

**"2-18-303. Procedures for utilizing pay schedule.** (1) The pay schedule provided in 2-18-312 shall be implemented as follows:

(a) The pay schedule provided in 2-18-312 indicates the annual compensation for the fiscal years ending June 30, 1988, and June 30, 1989, for each grade and step for positions classified under the provisions of part 2 of this chapter.

(b) Each new employee shall advance from step 1 to step 2 of a grade after successfully completing 6 months of probationary service. The anniversary date of an employee shall be established at the end of the probationary period in accordance with rules promulgated by the department.

(c) (i) The compensation of each employee on the first day of the first pay period in fiscal year 1988 shall be that amount which corresponds to the grade and step occupied on the last day of the preceding fiscal year of 1987.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year 1989 shall be that amount which corresponds to the grade and step occupied on the last day of the fiscal year 1988.

(2) The pay *schedule* provided in 2-18-312 and the provisions of subsection (1) of this section do not apply to those institutional teachers, liquor store occupations, or blue-collar occupations compensated under the pay schedules provided in 2-18-313, 2-18-314, or 2-18-315.

(3) The pay schedules provided in 2-18-313, 2-18-314, or 2-18-315 shall be implemented as follows:

(a) (i) The pay schedules provided in 2-18-313 indicate the annual compensation for the contracted school term for teachers employed by institutions under the authority of the department of institutions for fiscal years 1988 and 1989.

(ii) The compensation of each teacher on the first day of the first pay period in July, 1987, shall be that amount which corresponds to his level of academic achievement and the step occupied on June 30, 1987.

(iii) The compensation of each teacher on the first day of the first pay period in July, 1988, shall be that amount which corresponds to his level of achievement and the step occupied on June 30, 1987.

(b) (i) The pay *schedule* provided in 2-18-314 *indicates* the maximum hourly compensation for fiscal years ending June 30, 1988, and June 30, 1989, for those employees in liquor store occupations who have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year 1988 or 1989, as the case may be, shall be that amount which corresponds to that grade occupied on the last day of the preceding fiscal year.

(c) (i) The pay *schedule* provided in 2-18-315 *indicates* the maximum hourly compensation for fiscal years ending June 30, 1988, and June 30, 1989, for employees in apprentice trades and crafts and other blue-collar occupations recognized in the state blue-collar classification plan who are members of units that have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year 1988 or 1989, as the case may be, shall be that amount which corresponds to that grade occupied on the last day of the preceding fiscal year.

(4) (a) (i) No member of a bargaining unit may receive the amounts indicated in the respective pay schedules provided in 2-18-312 through 2-18-315 until the bargaining unit of which he is a member ratifies a completely integrated collective bargaining agreement covering the biennium ending June 30, 1989.

(ii) In the event that negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) of this section are not completed by July 1, 1987, retroactivity to that date may be negotiated.

(iii) In the event that negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) of this section are not completed by July 1, 1987, members of the bargaining unit involved will continue to receive the compensation they were receiving as of June 30, 1987.

(5) The current wage or salary of an employee shall not be reduced by the implementation of the pay schedules provided for in 2-18-312 through 2-18-315.

(6) The department may authorize a separate pay schedule for medical doctors if the rates provided in 2-18-312 are not sufficient to attract and retain fully licensed and qualified physicians at the state institutions.

(7) The department may develop programs which will enable the department to mitigate problems associated with difficult recruitment, retention, transfer, or other exceptional circumstances. Insofar as the program may apply to employees within a collective bargaining unit, it shall be a negotiable subject under 39-31-305."

Section 4. Section 2-18-304, MCA, is amended to read:

**"2-18-304. Longevity allowance.** (1) In addition to the compensation provided for in 2-18-312, 2-18-313, 2-18-314, or 2-18-315, each employee who has completed 5 years of uninterrupted state service shall receive the larger of \$10 a month or 10% of the difference between the base compensation for his grade and step (where applicable) and the base compensation for the next highest grade and corresponding step (where applicable) multiplied by the number of completed, contiguous 5-year periods of uninterrupted state service. Service to the state is not interrupted by authorized leaves of absence.

(2) (a) For the purpose of determining years of service under this section, an employee must be credited with 1 year of service for each period of:

(i) 2,080 hours of service following his date of employment; an employee must be credited with 80 hours of service for each biweekly pay period in which he is in a pay status or on an authorized leave of absence without pay, regardless of the number of hours of service in the pay period; or

(ii) 12 uninterrupted calendar months following his date of employment in which he was in a pay status or on an authorized leave of absence without pay, regardless of the number of hours of service in any one month. An employee of a school at a state institution or the university system must be credited with 1 year of service if he is employed for an entire academic year.

(b) State agencies, other than the university system and a school at a state institution, shall use the method provided in subsection (2)(a)(i) to calculate years of service under this section."

Section 5. Section 2-18-305, MCA, is amended to read:

**"2-18-305. Allocation between wages and group benefits.** (1) The dollar amounts shown in the respective pay schedules provided in 2-18-312, 2-18-313, 2-18-314, or 2-18-315, as the case may be, represent the maximum amount allocated by the state for wages and group benefits, exclusive of longevity as defined in 2-18-304. Except as provided in subsection (2) of this section, that amount specifically allocated for group benefits shall be determined by 2-18-703. An employee who elects not to be covered by a state employee group benefit plan will receive as wages the amount shown in the appropriate pay schedule less the state contribution for group benefits as determined by 2-18-703.

(2) Employees may, through collective bargaining, determine the allocation of the amounts shown in the pay schedules provided in 2-18-312, 2-18-313, 2-18-314, or 2-18-315, as the case may be, between wages and group benefits, except that in no case may the group benefits allocation be less than the amounts provided in 2-18-703."

Section 6. Section 2-18-312, MCA, is amended to read:

## CHAPTER NO. 664

[HB 884]

AN ACT TO PROVIDE A SUPPLEMENTAL FUNDING SOURCE FOR THE WORKERS' COMPENSATION STATE FUND THROUGH AN EMPLOYER'S PAYROLL TAX; TO STATUTORILY APPROPRIATE THE PAYROLL TAX TO THE UNFUNDED LIABILITY OF THE STATE FUND; AMENDING SECTION 17-7-502, MCA; REPEALING SECTION 39-71-2326, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Definitions.** As used in [this act], the following definitions apply:

(1) "Board" means the board of examiners created in 2-15-1007.

(2) "Department" means the department of labor and industry provided for in 2-15-1701.

(3) "Employer" has the meaning set forth in 39-71-117.

(4) "Payroll" means the payroll of an employer for each of the calendar quarters ending March 31, June 30, September 30, and December 31, for all employments covered under 39-71-401.

(5) "State fund" means the state compensation insurance fund referred to in 39-71-2301.

(6) "Tax" means the workers' compensation payroll tax provided for in [section 3].

(7) "Tax account" means the workers' compensation tax account created by [section 4].

**Section 2. Findings and purpose.** (1) Based on current liabilities and actuarial analysis, an unfunded liability presently exists in the state fund and is projected to increase. While legislative action is required to correct the causes of the unfunded liability, those actions will not provide sufficient funds to permit the state fund to pay its existing liabilities and obligations in a timely manner from premium and investment income available to the state fund. Therefore, it is necessary to provide a source of funding for the unfunded liability in addition to premium and investment income.

(2) The police power of the state extends to all great public needs. The state, in the exercise of its police power, has determined that it is greatly and immediately necessary to the public welfare to make workers' compensation insurance available to all employers through the state fund as the insurer of last resort. In making this insurance available, the state fund has incurred the unfunded liability described in subsection (1). The burden of this unfunded liability should not be borne solely by those employers who have insured with the state fund because the availability of insurance to all employers through the state fund has benefited all employers who have workers' compensation coverage. Therefore, all employers who have employments covered by the workers' compensation laws should share in the cost of the unfunded liability.

(3) The purpose of [this act] is to provide a supplemental source of financing for the unfunded liability.

**Section 3. Workers' compensation payroll tax — penalty.** (1) (a) There is imposed on each employer a workers' compensation payroll tax in an amount equal to 0.3% of the employer's payroll in the preceding calendar quarter for all employments covered under 39-71-401. This payroll tax must be used to reduce the unfunded liability in the state fund.

(b) The tax is due and payable following the end of each calendar quarter, commencing with the quarter ending September 30, 1987.

(c) The tax must be paid to and collected by the department. The department shall prepare appropriate returns to be filed by each employer or insurer with the payment of the tax.

(d) Each employer shall maintain the records the department requires concerning the employer's payroll. The records are subject to inspection by the department and its employees and agents during regular business hours.

(e) Taxes not paid when due bear interest at the rate of 1% a month. The employer shall also pay a penalty equal to 10% of the amount of the delinquent tax.

(2) All collections of the tax are appropriated to and must be deposited as received in the tax account. The tax is in addition to any other tax or fee assessed against employers subject to the tax.

(3) Sections 15-35-112 through 15-35-114, 15-35-121, and 15-35-122 regarding deficiency assessments, credits for overpayment, statute of limitations, penalties, and department rulemaking authority apply to the tax, to employers, and to the department.

**Section 4. Workers' compensation tax account.** There is an account in the state special revenue fund. All collections of the tax and interest and penalties on the tax must be deposited in the account and are statutorily appropriated, as provided in 17-7-502, to the department to be used to reduce the unfunded liability in the state fund.

**Section 5.** Section 17-7-502, MCA, is amended to read:

**"17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

**Section 11. Accountability.** (1) The council shall develop independent review and audit procedures to ensure that investments made by it are used for the purposes identified in its investment agreements.

(2) The council's investment agreements must contain provisions considered necessary by the council to ensure the proper inspection and review of projects, the attainment of project goals, and the maintenance of adequate financial records by recipients of council funds.

**Section 12. Agricultural marketing enhancement.** The council shall assist in identification and development of new domestic and foreign markets for Montana agricultural products. The council shall:

## HOUSE BILL NO. 2

THE GENERAL APPROPRIATIONS ACT OF 1987 FOR THE APPROPRIATION OF MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 1989; AND PROVIDING FISCAL 1987 SUPPLEMENTAL APPROPRIATIONS TO FUND IMPLEMENTATION COSTS OF LEGISLATION ENACTED BY THE 50TH LEGISLATURE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Title.** This act may be cited as "The General Appropriations Act of 1987".

Section 2. **Definitions.** For the purposes of this act, unless otherwise stated, the following definitions apply:

(1) "Agency" means each state office, department, division, board, commission, council, committee, institution, university unit, or other entity or instrumentality of the executive branch, office of the judicial branch, or office of the legislative branch of state government.

(2) "Approving authority" means the governor or his designated representative for executive branch agencies; the chief justice of the supreme court for judicial branch agencies; appropriate legislative committees for legislative branch agencies; or the board of regents or its designated representative for the university system.

(3) "University system unit" means the board of regents, office of the commissioner of higher education, university of Montana at Missoula, Montana state university at Bozeman, Montana college of mineral science and technology at Butte, eastern Montana college at Billings, northern Montana college at Havre, western Montana college at Dillon, the agricultural experiment station with central offices at Bozeman, the cooperative extension service with central offices at Bozeman, the forestry and conservation experiment station with central offices at Missoula, or the bureau of mines and geology with central offices at Butte.

Section 3. **Other funds to offset general fund.** The approving authority shall decrease the general fund appropriation of the agency by the amount of funds received from other sources in excess of the appropriation provided in this act unless such action is expressly contrary to state or federal law, rule, or contract or unless the approving authority certifies that the services to be funded by the additional funds are significantly different from those for which the agency has received a general fund appropriation. If the general fund appropriation of an agency is decreased pursuant to this section, the appropriation for the fund in which excess funds are received is increased in the same amount as the general fund is decreased.

Section 4. **Expenditure limit.** Expenditures may not exceed appropriations.

Section 5. **Budget requests.** (1) Sufficient funds are appropriated in this act to enable each agency to submit its 1991 biennial budget request

to the budget director and the legislative fiscal analyst pursuant to the time schedule established in 17-7-112(1). If any agency fails to submit its final, complete budget request by the deadlines established in 17-7-112(1), the expenditure authority granted in this act must be reduced or rescinded by the budget director unless the agency director certifies that an emergency situation has precluded a timely budget presentation and the budget director approves an extension of the deadlines, not to exceed 30 days.

(2) Employees added through the appropriation of federal or state special revenues or proprietary funds in this act may not be included in the current level budget presented to the 1989 legislature if their continued employment requires general fund support.

**Section 6. Detailed budget information.** Within 2 days after submission of the preliminary executive budget to the legislative fiscal analyst, the budget director shall give the legislative fiscal analyst the preliminary expenditure recommendations by object of expenditure to the second level of detail and by funding source detailed by accounting entity. Within 1 day after the legislative finance committee presents the budget analysis to the 51st legislature, the budget director and the legislative fiscal analyst shall mutually exchange expenditure recommendations by object of expenditure to the second level of detail and by funding sources detailed by accounting entity. This final information must be filed in the respective offices and available to members of the legislature and the general public.

**Section 7. Operating budget.** (1) Expenditures by a state agency must be made in substantial compliance with an operating budget approved by an approving authority as defined in 17-7-401. Substantial compliance means that no category in the approved operating budget may be exceeded by more than 5%. Appropriations are contingent upon approval of the operating budget by August 1 of each fiscal year. An approved original operating budget must comply with legislative intent as expressed in state law and legislative statements of intent. Legislative intent for the general appropriations act includes a formally adopted narrative that accompanies the act.

(2) Each operating budget must include expenditures for each agency program, detailed at least by the categories of personal services, operating expenses, equipment, benefits and claims, grants, transfers, and local assistance. Each agency shall record its operating budget and any approved changes on the statewide budget and accounting system. Forms used for changing an operating budget must reference the current fully completed and approved operating budget, show the proposed changes to the operating budget, and reference any other pending documents to change the operating budget.

**Section 8. Program transfers.** Unless prohibited by this act or by statute, the approving authority may approve agency requests to transfer appropriations between programs within each fund type within each fiscal year. The transfer amount may not exceed 5% of the total agency appropriation. All program transfers must be completed within the same fund from where the transfer originated. A request for a transfer accompanied by a justification explaining the reason for the transfer must be submitted by the requesting agency to the approving authority and the legislative fiscal

analyst. Upon approval of the transfer, the approving authority shall inform the fiscal analyst of the approved transfer and the justification for the transfer.

**Section 9. Reduction of appropriation.** In the event of a shortfall in revenue, the governor may reduce any or all appropriations. No appropriation may be reduced by more than 15%. The following appropriations may not be reduced:

- (1) payment of interest and retirement of state debt;
- (2) the legislative branch;
- (3) the judicial branch;
- (4) school foundation program, including special education; or
- (5) salaries of elected officials during their terms of office.

**Section 10. Plans for coordinating services.** (1) Prior to using money appropriated in this act for grants or contracts for services to individuals, after January 1, 1988, all executive departments, including the department of social and rehabilitation services, the department of health and environmental sciences, the department of family services, the department of institutions, and the department of labor and industry, shall develop written plans for coordinating the services with similar services provided by other programs within the department or by other agencies.

(2) The plans must be prepared with an emphasis on reducing the amount of grant or contract money used for administrative costs and maximizing the amount of money used for benefits to individuals.

(3) The plans must be presented to the legislative finance committee before implementation.

**Section 11. Access to records of contracting entities.** (1) Unless a contract made with a nonstate entity complies with subsection (2), no money appropriated by this act may be expended for such contract. Such contract to provide a service to members of the public on behalf of the state may be either written or oral.

(2) A contract described in subsection (1) must contain a provision to allow access, for legislative audit and fiscal analysis, to the records of the contracting nonstate entity sufficient to determine whether the parties to the contract have complied with the terms of the contract. Such an audit and fiscal analysis require access to records necessary to carry out the legislative audit and analysis functions set out in Title 5, chapters 12 and 13.

(3) The state may unilaterally terminate any contract upon refusal by the contracting nonstate entity to allow access to its records necessary to carry out such a legislative audit or analysis.

**Section 12. Coal tax trust income.** Interest income from the coal tax constitutional trust fund established under Article IX, section 5, of the Montana constitution is hereby appropriated to the general fund for use during the biennium ending June 30, 1989. The portion of the general fund

**Section 13. Severability.** If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision does not affect the validity of the remaining portions of this act.

**Section 14. Audit costs.** Amounts appropriated for audits may be transferred between fiscal years. Agencies shall reserve enough cash in each fund to pay for audit costs and shall to the maximum extent allowable under federal regulations charge audit costs to federal funds.

Any amount remaining in the proprietary fund account in the office of budget and program planning at fiscal year end 1987 collected for the payment of the statewide audit must be transferred to the general fund to partially fund the statewide audit in the legislative auditor's office in the 1989 biennium.

Item 1c is a biennial appropriation.

Item 1d is for expenses related to membership in the uniform state laws commission.

The office of budget and program planning may establish transfer appropriations for vocational-technical centers and university units within the appropriate agency distribution program. This provision is to allow compliance with proper accounting of current unrestricted operations using the CUBA fund structure at individual units of education.

Public libraries are exempt from the charge for the books. The proceeds from the sale of the booklet as well as the expenditures for the printing and distribution of the booklet must be accounted for in the state special revenue account already established for the purpose of collecting fees for reimbursement of copier charges. The amount appropriated for the cost of the booklet is \$4,000 in fiscal 1989 only.

Funds for resource indemnity trust projects approved by the 50th legislature in other state agencies are appropriated for transfer purposes to the extent that these funds are available.

Liquor division proprietary funds necessary to maintain adequate inventories of liquor and wine and to operate the state liquor operation are appropriated. During the 1989 biennium, the division shall attempt to return at least 10% of net sales. Net sales are gross sales less discounts and all taxes collected. The division shall limit operational expenses of the liquor merchandising system to not more than 15% of net sales. Operational expenses may not include product costs, freight charges, or expenses allocable to other divisions or licensing bureau expenses.

Item 7e is an appropriation to deal with legal issues arising under federal nondiscriminatory taxation acts such as the Tax Equity and Fiscal Responsibility Act, the Railroad Revitalization and Regulatory Reform Act, and any subsequent federal legislation that directs the state to take a nondiscriminatory posture in the taxation of entities doing business within the state. This appropriation may be used only for attorney fees, expert witnesses, and extraordinary expenses associated solely with resolving disputes related to such legal issues.

The source of funding in item 7e is the local impact and education trust fund account.

For the purposes of implementing Senate Bill 200, there may be no more than 36 FTE in fiscal 1988 and 34 FTE in fiscal 1989.

In the event additional federal highway funds become available, additional spending authority and additional FTE may be requested through budget amendment.

Funding may be transferred among all programs, including stores inventory, to reflect personal services expenditures.

The department is appropriated \$15,023,916 in fiscal 1988 and \$26,476,461 in fiscal 1989 for a cash transfer from the highway state special revenue accounts to the highway reconstruction trust account.

The department of highways is directed to submit to the 1989 legislature a construction work plan for the 1991 biennium that is detailed by year and project. This work plan must specify, by road system or project area, proposed projects on which \$1 million or more would be spent during the 1991 biennium and an aggregate cost for projects with anticipated expenditures of less than \$1 million. Costs must be detailed by year and project.

The legislature anticipates that the equipment program will receive, by budget amendment, spending authority from the proprietary fund account if gasoline costs exceed \$1,519,802 in fiscal 1988 and \$1,571,409 in fiscal 1989 due to increases in gasoline prices greater than a 1% increase per gallon from fiscal 1986 to fiscal 1988 and a 4.4% increase per gallon from fiscal 1986 to fiscal 1989.

The legislature anticipates that the motor pool will receive, by budget amendment, spending authority from the proprietary fund account if gasoline costs exceed \$131,684 in fiscal 1988 and \$136,169 in fiscal 1989 due to increases in gasoline prices greater than a 1% increase per gallon from fiscal 1986 to fiscal 1988 and a 4.4% increase per gallon from fiscal 1986 to fiscal 1989.

The department may adjust appropriations in the construction and preconstruction programs between fiscal years and funding sources to reflect actual expenditures related to the projected work plan.

The internal service program may request a budget amendment for \$210,000 in fiscal 1988 or fiscal 1989 to overhaul the department's airplane.

The legislature anticipates that the maintenance division will receive, by budget amendment for each fiscal year of the 1989 biennium, spending authority for any funds in excess of \$292,840 in each fiscal year that it collects from damage situations.

The total appropriation for the department includes \$1,897,421 in fiscal 1988 and \$1,897,421 in fiscal 1989 from the maternal and child health block grant. To the extent revenues from the grant exceed these amounts, they must be distributed to the counties. The director of the department of health may distribute these revenues based upon identifiable needs. To the extent revenues from the grant are less than these amounts, distributions to the counties must be reduced.

The total appropriation for the department includes \$632,187 in fiscal 1988 and \$632,187 in fiscal 1989 from the preventive health block grant. To the extent revenues from the grant exceed these amounts, they must be distributed at the discretion of the director of the department of health based upon identifiable needs. To the extent revenues from the grant are less than these amounts, the director of the department of health shall make program reductions.

If federal revenues exceed the amounts budgeted, the department may submit a budget amendment to include additional federal spending authority unless specifically prohibited by legislative action.

State and federal funds appropriated in items 2 through 9 include internal transfers of indirect charges. The amount of indirect charges collected for internal use by the department in excess of \$390,000 in fiscal 1988 and \$390,000 in fiscal 1989 for current programs must cause a like reversion to the general fund.

Item 2a includes \$99,012 in fiscal 1988 and \$77,231 in fiscal 1989 of vital statistics income. To the extent revenues exceed these amounts, it must cause a like reversion to the general fund. To the extent the vital statistics fund balance exceeds \$10,000 at fiscal year ends 1988 and 1989, it must cause a like reversion to the general fund.

Item 2e is for supplies and materials and communications costs in excess of \$99,258 in fiscal 1988 and \$100,974 in fiscal 1989 in the microbiology and chemistry laboratories caused by additional reimbursable services.

General fund appropriated in item 9 is for operations of the licensing and certification bureau only. The department may transfer general fund into the licensing and certification bureau. No general fund may be transferred out of the licensing and certification bureau unless the governor requests general fund reductions of all state agencies.

Items 2c, 2d, 2e, 3b, and 4b are biennial appropriations.

Item 2f is a biennial appropriation for AIDS testing only. If federal funds become available for laboratory testing of AIDS, it will cause a like reversion to the general fund.

Item 3c is for license fees to pay local boards of health for inspections of food establishments, accommodations, and camping facilities. No funds may be transferred out of this item. If the authority is inadequate to reimburse local boards, a budget amendment may be requested.

Item 2c is for the 1989 biennium only.

In each fiscal year, 10% of the low income energy block grant must be transferred to the social services block grant. If the transfer is greater than \$1,103,548 in either fiscal year, a like amount of general fund must revert. Ten percent of the low income energy block grant must be used for the weatherization program in each fiscal year.

SRS is directed to implement a pilot percentage-of-income LIEAP project within the next biennium and report to the 51st legislature the feasibility of adopting such a system statewide.

Except for 5% in fiscal 1988 and 5% in fiscal 1989 that the department may use for administrative expenses, all other funds appropriated for the community services block grant must be allocated to the human resource development councils.

Funds appropriated under item 1bi are for a contract with the Montana legal services corporation to provide legal assistance to all general relief clients seeking eligibility for the federal supplemental security income program and to those current recipients of supplemental security income who have been notified of termination of benefits. The appropriation is intended to reduce the general assistance caseload by a minimum of 320 clients by the end of the 1989 biennium.

SRS shall make all changes in eligibility criteria allowed by Montana statute and federal regulations as are necessary to contain expenditures within the amount appropriated for aid to families with dependent children.

The department may not consider donated or nondepartmental contracted funds obtained by developmental disabilities providers when allocating or contracting state payments for developmental disabilities services.

No FTE or spending authority may be transferred out of the eligibility determination program or the disability determination program.

Item 3b is a biennial appropriation.

Transfer of funds may be made among items 1bii, 5bi, 5bv, and 5bvi. No funds may be transferred from these items to any other portion of the SRS budget.

No funds may be transferred out of item 5biv.

If collections of county mill levy funds from state-assumed counties exceed \$7,168,000 in fiscal 1988 and \$7,349,000 in fiscal 1989, excepting mill levy funds received from any county becoming state assumed after fiscal 1987, there must be a general fund reversion of an amount equal to the excess mill levy revenue.

Funds appropriated under item 11b must be expended for direct services in accordance with recommendations of the developmental disabilities planning and advisory council.

The department of social and rehabilitation services is urged to find ways to reduce current workers' compensation and unemployment insurance costs in its budget for personal care attendant services. These savings, if any, should be used to increase wages paid to those providing personal care attendant services.

Insofar as item 5bvi pertains to the optional medicalid service of inpatient psychiatric hospital services for individuals under age 21, as provided in 42 U.S.C. 1396d(a)(16), the appropriation is limited to the provision of services in psychiatric hospitals exclusively devoted to the care of individuals under age 21. This restriction does not prohibit payment for psychiatric services provided in a general inpatient hospital setting.

The department of social and rehabilitation services may request additional federal authority for work training programs through the budget amendment process. The department may contract with the department of labor to administer such programs.

Items 3b, 4b, and 5b are biennial appropriations.

Any third-party payments or reimbursement from any source received by the department to offset costs of the foster care program, in excess of \$350,000 in fiscal 1988 or \$350,000 in fiscal 1989, must cause a general fund reversion of an amount equal to the excess payments or reimbursement.

The department may not consider donated or nondepartmental contracted funds obtained by foster care providers when allocating or contracting state payments for foster care services.

If House Bill 460 is not passed and approved, general fund in item 2b is reduced to \$7,503,511 in fiscal 1988 and \$7,576,576 in fiscal 1989.

Item 3 includes \$150,271 in fiscal 1988 and \$150,282 in fiscal 1989 of general fund and \$179,925 in fiscal 1988 and \$179,938 in fiscal 1989 of federal funds, contingent upon the board of regents contracting with the office of public instruction to administer and supervise K-12 vocational education programs, services, and activities in accordance with House Bill 39.

All revenues received in the state traffic education account under the provisions of 20-7-504 are appropriated to be distributed as provided in 20-7-506.

Item 6, a biennial appropriation, is for emergencies that may arise in special education programs in local districts. A district board of trustees may apply for an allocation from these funds by presenting to the superintendent of public instruction, for each child, a child-study team report and an individual education plan relating to this unforeseen expense and a current listing of program, caseloads, and related costs. The contingency appropriation is for the biennium, and the specific amounts may be transferred between fiscal years.

All revenues received under the provisions of 20-9-343 for state equalization aid are appropriated to the superintendent of public instruction for the biennium ending June 30, 1989, for public school support other than special education.

If House Bill 904 does not pass, there is appropriated from the general fund \$93,000,000 for the biennium ending June 30, 1989, to be used to the extent funds appropriated under the provisions of 20-9-343 are insufficient to finance the maximum general fund budget schedules for public schools, excluding special education.

Millage received by the centers from the 1.5-mill levy that in the aggregate exceeds \$800,291 in fiscal 1988 and \$808,294 in fiscal 1989 must cause a general fund reversion of a like amount each year. Any voted millage funds available for the vocational-technical centers are appropriated.

If a vocational-technical center can provide matching funds for federal funds in excess of its share of the \$807,474 federal funds included in the current unrestricted funds each fiscal year of the biennium, then the center may request a budget amendment for the matching and federal funds to pay for the additional equipment, training, and programs. The matching funds for any budget amendment may not come from the current unrestricted funds appropriated in the general appropriations bill.

## F. HIGHER EDUCATION

All funds, other than plant funds and current unrestricted operating funds, may be spent and are appropriated contingent upon approval by the board of regents by July 1 of each year of the comprehensive program budget. The budget must contain detailed revenues and expenditures and anticipated fund balances of current funds, loan funds, and endowment funds. All movement of funds between the current unrestricted subfund and the designated subfund account entities must be clearly identified in the state budgeting and accounting system.

Programs for the university budgets include instruction, organized research, public service, academic support, student services, institutional support, operation and maintenance of plant, and scholarships and fellowships.

The six university units shall account for expenditures consistently within programs and funds across all units and shall use the national center for higher education management systems program classification structure along with the college and university business administration (CUBA) system as a minimum standard for achieving consistency.

Each year of the biennium, the portion of indirect cost reimbursements that exceeds the amount set forth in the current unrestricted operating subfund appropriation for each unit is appropriated to the respective unit. All indirect cost reimbursement not expended in the current unrestricted operating subfund account must be clearly identified and separately accounted for during the 1989 biennium. Each university system unit shall submit a written report to the legislative finance committee by October 14, 1988, of the activities supported and accomplishments achieved with all indirect cost reimbursements expended in funds other than the current unrestricted operating subfund for fiscal 1988.

Included within current unrestricted funds to the six institutions is the sum of \$12,864,200 in fiscal 1988 and \$12,906,000 in fiscal 1989 from revenues generated under the provisions of 20-25-423. The department of revenue shall levy the full 6 mills as authorized in 20-25-423. Revenues received by the university system under the provisions of 20-25-423 that exceed \$12,864,200 in fiscal 1988 and \$12,906,000 in fiscal 1989 must cause a general fund reversion of a like amount each year.

Total audit costs are estimated to be \$87,642 for the biennium. Fifty percent of these costs are to be paid from funds other than those appropriated in items 1 through 7.

If gross actual nonresident incidental fee revenues, reduced by 18.45 percent for nonresident waivers, are less than \$1,631,995 for fiscal 1988 and less than \$1,605,092 for fiscal 1989, Montana state university may request a supplemental for the difference.

General fund support of the museum of the Rockies does not extend beyond the 1989 biennium. It is expected that private funds will replace general fund support beginning in the 1991 biennium. Item 4c is a biennial appropriation.

AN ACT TO APPROPRIATE MONEY FOR CAPITAL PROJECTS FOR THE BIENNIUM ENDING JUNE 30, 1989; TO PROVIDE FOR OTHER MATTERS RELATING TO THE APPROPRIATIONS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

(1) "Agency" includes each state office, department, board, commission, council, committee, unit of the university system, or other entity or instrumentality of the executive branch, office of the legislative branch, or office of the judicial branch of state government.

(2) "Approved budget amendment" means approval by the budget director of a request submitted through the architecture and engineering division of the department of administration to transfer excess funds appropriated to a capital project within an agency in order to increase the appropriations of another capital project within that agency or to obtain financing to expand a project with funds which were not available for consideration by the legislature.

(3) "Capital project" means acquisition of land or improvements, planning, capital construction, renovation, furnishing, or major repair projects authorized in this act.

(4) "CPF" means the capital projects fund.

(5) "Major maintenance" means building maintenance or repair projects that are not needed on an annual or biennial basis or are not the function of the permanent maintenance staff of the agency.

(6) "Major maintenance plan" means a 6-year schedule of anticipated major maintenance requirements and costs for the first 2 years of the schedule, developed for each state building, as determined by the department of administration. The plan must include a record of major maintenance performed in the previous biennium.

(7) "Other appropriated funds" means money other than general fund money or capital projects fund money, including special revenue fund money, that accrues under the provisions of law to an agency.

**Section 2. Expansion required to be authorized.** No existing capital project may be expanded beyond the scope of the project as approved by the 50th legislature unless the capital project expansion is authorized by an approved budget amendment.

**Section 3. Federal funds for administration.** All federal funds received as a reimbursement for the cost of administering the federal funds when the cost was financed from the general fund revert to the general fund.

**Section 4. Reappropriation.** Notwithstanding any other provision of law, the remaining balances on capital projects previously appropriated are reappropriated until June 30, 1989, for the purposes for which originally appropriated.

**Section 5. Major maintenance requirements.** For all new construction proposals submitted to the legislature and for all existing applicable state buildings, as determined by the department of administration, each agency, in consultation with the architecture and engineering division of the department of administration, shall provide a major maintenance plan. The MSU energy management control system project will be financed under the authority of the board of regents with plant funds, auxiliary funds, or conventional lending, or a combination of such financing sources, on which the debt service will be retired with plant and auxiliary funds. The department of administration may not award a construction contract for this project until the board of regents has approved a financial plan that is based upon an engineering analysis and statement of projected energy savings. The annual conventional lending repayment requirement may not exceed the total estimated net annual savings contained in the MSU plant and auxiliary utility budget base.

Any debt incurred in financing the project does not constitute a liability or obligation or a pledge of the faith and credit of the state but is payable solely from revenues or funds of MSU generated or received for purposes of financing the project. An obligation issued under this part must contain on the face thereof a statement to the effect that the state of Montana is not liable on the obligation and the obligation is not a debt of the state and neither the faith and credit nor the taxing power of the state is pledged to the payment of the principal of or the interest on the obligation.

(2) The director of the department of institutions shall certify to the department of administration that each of the buildings set forth in subsection (1) is surplus to the needs of the department and the state by reason

of the building's age, deteriorated physical condition, safety considerations, or license deficiencies and has no residual economic or useful life. If the cost of repairing the deficiencies would preclude reasonable restoration and refurbishing efforts, the director of the department of administration may grant an order to proceed with demolition if:

(a) a successful contractor or bidder agrees to demolish or remove the building and reclaim the building site based on the salvage value of the building itself; and

(b) the demolition or removal of the building does not violate the provisions of the state antiquities law, as provided in Title 22, chapter 3, part 4, relative to established heritage properties under state ownership.

(3) The director of the department of administration may permit the director of the department of institutions to use the prison industries program, established in 53-1-301 through 53-1-304, to demolish and remove selected institutional buildings listed in subsection (1). The proceeds from the sale of salvageable material obtained through the demolition process must be deposited in the prison industries proprietary account. Permission may only be granted after the office of budget and program planning and the legislative finance committee determine that the proceeds from the sale of salvageable material will support the cost of demolition and removal.

**Section 13. Sale of state land at Montana state prison.** Pursuant to the provisions of 77-2-302 requiring that the board of land commissioners consult with an appropriate legislative committee prior to the sale of buildings formerly used by a state institution, the board is hereby authorized to sell the following properties if it determines this sale to be in the best interest of the state. Sale proceeds must be deposited in the capital projects fund. The board is authorized to pay costs of necessary surveys, appraisals, and all other costs associated with the sale of land from the proceeds of the sale. The land that may be sold is:

(1) approximately 10 acres of land formerly known as the Bratten Ranch, with approximately 14 structures. This property borders on Main street in the city of Deer Lodge, a Montana power company substation, and department of highways garage.

(2) approximately 10 acres of land formerly known as the Valiton Ranch, located 1 mile south of the Deer Lodge city limits. Included on this property are seven outbuildings and a duplex residence.

(3) approximately one-half acre of land and a single-family residence with detached two-car garage. This property is commonly known as the Brickyard property, south of the city of Deer Lodge.

(4) approximately one-half acre of land and a single-family residence with detached garage, located on the prison ranch about 7 miles north of Deer Lodge on the frontage road; and

(5) approximately 5 acres of land commonly known as the Old Brickyard, located south of Deer Lodge on the Eastside Road.

**Section 14. Planning and design.** The department of administration may proceed with the planning and design of capital projects prior to the

receipt of other appropriated funds. The department may use interaccount loans in accordance with 17-2-107 to pay such planning and design costs incurred prior to the receipt of other appropriated funds.

**Section 15. Capital projects — contingent funds.** If any capital project is financed in whole or in part with appropriations contingent upon the receipt of other appropriated funds, the department of administration may not let such projects for bid until the agency has submitted a financial plan for approval by the director of the department of administration. No such financial plan may be approved by the director if:

(1) the level of funding provided under the financial plan deviates substantially from the funding levels provided in this act for that project; or

(2) the scope of the project must be substantially altered or revised from the preliminary plans presented for that project in the 1987-89 long-range building program presented to the 50th legislature.

**Section 16. Legislative consent.** The appropriations authorized in this act constitute legislative consent for the capital projects contained in this act within the meaning of 18-2-102.

**Section 17. Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

**Section 18. Effective date.** This act is effective on passage and approval.

Approved April 16, 1987.

## HOUSE BILL NO. 6

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Appropriations for resource indemnity trust grants.**  
(1) There is appropriated to the department of natural resources and conservation from the grant program special revenue account all funds allocated for appropriation from the interest income of the resource indemnity trust fund set forth in Title 15, chapter 38, with the exception of those allocations made in 15-38-202 and 75-1-1101.

(2) There is appropriated to the department of natural resources and conservation the balance of the interest income of the resource indemnity trust fund, including any funds remaining unspent and unencumbered at the end of fiscal year 1987.

(3) The funds appropriated in this section must be awarded by the department of natural resources and conservation to the entities listed in section 2 for the prescribed purposes and in the prescribed grant amounts, subject to the conditions prescribed in sections 5 and 6.

**Section 2. Approved grant projects.** (1) The legislature approves the grants listed in subsection (2), to be made in the order of priority as indicated within the following list of projects and activities. If conditions in sections 5 and 6 are met, funds must be awarded up to the amounts approved in this section in order of priority until available funds are expended. Funds not accepted or used by higher ranked projects and activities must be provided for projects and activities lower on the priority list that would otherwise not receive funding. Descriptions of the various projects and activities and specific contingencies established for each project and activity are contained within the department of natural resources and conservation's Montana resource indemnity trust grants program status report for the 1988-89 biennium.

**Section 3. Administrative expenses for resource indemnity trust grants program.** If enabling legislation for a resource indemnity trust grants program is passed by the 1987 legislature or if further projects are funded under this bill, there is appropriated \$140,000 from the interest income of the resource indemnity trust fund to the department of natural resources and conservation for administrative expenses, including but not limited to the salaries and expenses of personnel, equipment, office space, and other expenses necessarily incurred in the administration of the grants program. If no enabling legislation is passed or if no further projects are approved by the 1987 legislature, there is appropriated \$70,000 from the interest income of the resource indemnity trust fund to the department of natural resources and conservation for the described administrative expenses. These funds will be used for administration of the 21 current grants that will be active under this program during fiscal years 1988 and 1989. Any other funds appropriated by the legislature for the administration of the resource indemnity trust grants program must reduce this appropriation in order not to exceed the amounts noted here.

**Section 4. Reauthorization of grant.** (1) A grant to the department of health and environmental sciences from the interest income of the resource indemnity trust fund in the amount of \$212,000 is authorized for research and public education activities to be conducted by the department to help affected businesses minimize or eliminate the amounts of hazardous waste which they generate. Such activities may include but are not limited to:

- (a) waste stream minimization studies;
- (b) coordination of a waste exchange;
- (c) dissemination of information through newsletters, training manuals, workshops pertaining to regulatory requirements, alternative technologies, and waste minimization efforts.

(2) If it is determined by the department that the need exists for the state to consider construction of a hazardous waste management collection and transfer facility, the department is authorized from amounts remaining from the sum of \$212,000 to prepare all necessary bid documents for a hazardous waste management collection program for presentation to and approval of the 1989 legislature.

**Section 5. Reauthorization of grant.** A grant to the governor's office for the Cabin Creek reference to the international joint commission is

reauthorized in the amount of \$40,000, to be used by the board of oil and gas conservation for a programmatic environmental impact statement.

**Section 6. Coordination of fund sources for grants program projects.** A sponsor of a grants program project who has applied for a grant for that project under both the resource indemnity trust grants program and the water development program or the renewable resource development program may not receive duplicative funding.

**Section 7. Conditions of grants.** Disbursement of grant funds under this act is subject to the following conditions that must be met by the project sponsor:

(1) A scope of work and budget for the project must be approved by the department of natural resources and conservation. Reduction in a scope of work or budget may not affect priority activities or improvements.

(2) Other funds required for project completion must have been committed, and the commitment must be documented.

(3) A project sponsor shall show satisfactory completion of conditions described in the recommendations section of the project narrative of the resource indemnity trust grants program report for the 1988-89 biennium.

(4) An agreement between the department of natural resources and conservation and the grant applicant must be executed in a timely manner, taking into consideration any changed conditions or circumstances that govern the administration and disbursement of funds.

(5) Any other specific requirements must be accomplished as considered necessary by the department of natural resources and conservation to accomplish the purpose of the grant as evidenced from the application to the department of natural resources and conservation or as defined by the legislature.

**Section 8. Appropriations established.** For any entity of state government which receives a grant under this act, an appropriation is established for the amount of the grant upon award of the grant by the department.

**Section 9. Reversion of funds.** All funds allocated to the grant program special revenue account under this act that are unspent and unencumbered on June 30, 1989, revert to the grant program special revenue account created in 75-1-1102.

**Section 10. Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Approved April 16, 1987.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Appropriations from the water development state special revenue account.** (1) Because the legislature cannot appropriate individual grants to private entities, there is appropriated to the department of natural resources and conservation up to \$159,000 from the water development state special revenue account during the 1988-89 biennium for grants to private persons for water development projects and activities pursuant to the provisions of Title 85, chapter 1, part 6. This appropriation is from money available in the water development state special revenue account for grants for water development projects and activities under 85-1-604(3)(c) and according to priorities established in subsections (3) and (4).

(2) There are appropriated to the department the interest earnings from the proceeds of water development bonds and renewable resource development bonds issued to finance loans authorized by this act. Interest earnings must be deposited in the water development debt service fund and the renewable resource development debt service fund, respectively.

(3) There are appropriated to the department all other funds not appropriated under subsection (1) and available for grants to political subdivisions and local government entities from the water development state special revenue account during the 1988-89 biennium. This appropriation is from money available in the water development state special revenue account and renewable resource development account for grants and from the water development or renewable resource accounts for loans for water development projects and activities under 85-1-604(3)(c) and this act. The funds appropriated in this section must be awarded by the department to

the named entities for the described purposes and in the described grant amounts set out in subsection (4), subject to the conditions set forth in this act and the contingencies described in the renewable resource or water development programs January 1987 report. The legislature, pursuant to 85-1-605, approves the grants listed in subsection (4), with grants to be made in the order indicated in the prioritized list of projects and activities. Funds must be awarded up to the amounts approved in this section in order of priority until available funds are expended. Funds not accepted or used by higher ranked projects and activities must be provided for projects and activities further down the priority list that would not otherwise receive funding. If the total expenditure of funds appropriated under this section results in a cutoff that ends at a point at which more than one project or activity is ranked equal in priority, the decision regarding which project or projects will receive funding must be made by the department with the advice of the water development advisory committee formed pursuant to 2-15-122. Any projects that are funded by the resource indemnity trust grants program must not be funded under this act. Actual rank and score of the various projects and activities are contained within the renewable resource and water development program project evaluations and recommendations report for the 1988-89 biennium.

**Section 2. Appropriations under the renewable resource development program.** (1) There are appropriated to the department of natural resources and conservation all available funds from the renewable resource development account during the 1988-89 biennium for projects under the renewable resource development program.

(2) The department shall award grants to the named entities for the described purposes and in the described amounts set out in subsection (3). The legislature, pursuant to 90-2-111, approves the listed grants, with

grants to be made in order of priority ranking within each renewable resource development category, except renewable resource development grants for water development projects and activities that must be made in the order of priority listed in section 1. The funds appropriated under this section must be divided among the categories and in the percentages as required by 90-2-113. Funds not accepted or used by higher ranked projects in each category must be provided for projects further down the priority list in each category that would not otherwise receive funding. If the total expenditure of funds appropriated under this section results in a cutoff that ends at a point at which more than one project is ranked equal in priority, the decision regarding which project or projects will receive funding must be made by the department of natural resources and conservation with the advice of the water development advisory committee formed pursuant to 2-15-122. If a project in the category of "other" is funded by the resource indemnity trust grants program, it must not be funded under this act. Actual rank and score of the various projects are contained within the department of natural resources and conservation's renewable resource and water development programs project evaluations and recommendations report for the 1988-89 biennium.

**Section 3. Opportunity to receive loans for projects that do not receive grants.** Sponsors of recommended projects and activities on the prioritized lists in sections 1 and 2 that are not recipients of available grant funds must be offered the opportunity to receive loan funds for up to the total recommended project amount, subject to the conditions described in this act. The interest rate applicable to these loans must be the rate paid on bonds issued pursuant to this act.

**Section 4. Approval of loans from bond proceeds and completion of appropriation.** (1) The legislature, pursuant to 85-1-605, 85-1-606, and 90-2-107, hereby approves loans to private sponsors approved by the department of natural resources and conservation during the 1988-89 biennium and the loans for projects and activities identified and described in section 1 to public entities from water development bond proceeds, interest earnings on such proceeds deposited in the water development debt service fund, and loans from renewable resource development bond proceeds deposited in the renewable resource development account. Bond proceeds may be used for the payment of bond issuance costs. Funds are appropriated for these costs to a maximum of 4% of the amount of each bond sale.

(2) The approval of specific loans completes an appropriation of the coal severance tax proceeds allocated by 15-35-108 to the water development bond account for the purpose of paying, in the manner established by 85-1-619, principal of and interest and redemption premiums on any water development bonds issued to provide the proceeds for the loans to private and public entities for projects and activities approved in section 1, and it also completes an appropriation to the renewable resource debt service fund for the purpose of paying, in the manner established by 90-2-123, principal of and interest and redemption premiums on any renewable resource development bonds issued to provide the proceeds for the loans to political subdivisions and local government entities for projects and activities approved in sections 1 and 2.

**Section 5. Reauthorization of loans approved by 1985 legislature.** The 1985 legislature, in Chapter 717, Laws of 1985, approved loans from the water development and renewable resource development bond accounts for the Box Elder rural improvement district in the amount of \$142,000, Cascade County RID No. 26 in the amount of \$167,000, Custer County in the amount of \$92,380, Cut Bank North Glacier water and sewer district in the amount of \$125,000, Glen Lake irrigation district in the amount of \$123,000, City of Polson in the amount of \$158,000, and Sheridan County—Reserve sewer district in the amount of \$117,000. Loans for the entities described in this section are hereby reauthorized.

**Section 6. Coal severance tax bonds authorized.** (1) The legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved water resource development projects and activities as part of the state water development program. Available funds from previous sales of coal severance tax bonds may also be used for the projects approved in this act. The legislature finds that the water development projects in this act meet the provisions of 17-5-702. The board of examiners may issue coal severance tax bonds in an amount not to exceed \$57,243,531 for the purpose of making loans and financing

state projects, establishing a reserve for the bonds, and paying the costs of issuance. Funds are appropriated for these costs of issuance to a maximum of 4% of the amount of each bond sale.

(2) The board of examiners may issue coal severance tax bonds for loans to political subdivisions and local government entities not to exceed the loan amount listed for the project.

## WEST YELLOWSTONE

Water System Improvements

1,500,000

(3) (a) The legislature finds that the following state water project for rehabilitation and repair for which coal severance tax bonds were authorized by the 1985 legislature in Chapter 717, Laws of 1985, has not been completed. Further, inflation or additional feasibility studies have precipitated revised cost estimates for this project. The board of examiners is authorized to issue coal severance tax bonds for this project to a maximum amount listed in this section. The state bond rate must be paid on this loan.

Loan Amount

## MIDDLE CREEK DAM REHABILITATION

\$5,100,000

(b) Bonds may be issued by the board of examiners after the water users for this project have entered into contractual agreements providing for the repayment of the cost of repair and rehabilitation at a rate of interest equal to that which must be paid on bonds issued pursuant to this section. The repayment money from this project is pledged, dedicated, and appropriated to the special debt service bond account established in the state treasury for the benefit of the bonds approved for such projects.

(c) There is reappropriated \$27,354 of available bond proceeds for the Martinsdale dam and reservoir project.

(4) The legislature finds that the following state hydroelectric project for which coal severance tax bonds were authorized by the 1985 legislature in Chapter 717, Laws of 1985, has not been completed; further, inflation and additional feasibility studies have precipitated revised cost estimates for this project:

(a) The board of examiners is authorized to issue coal severance tax bonds for this project up to the amount listed in this section.

Loan Amount

## BROADWATER DAM

\$26,000,000

(b) Bonds approved in this section may not be issued by the board of examiners until the board of natural resources and conservation has determined that a project is feasible and has otherwise complied with the requirements of Title 85, chapter 1, part 5, for the development of hydropower at water projects under the control of the department. The board of natural resources and conservation and the board of examiners must find that on the average, over the life of the project, revenues will be generated to repay a loan at the rate at which the state bond is sold. However, in some years the appropriation of funds from the coal severance tax bond account may be required.

(c) The board of examiners may allocate a portion of the bond proceeds for a specific project for the operation and maintenance of the hydropower facility.

(d) The maximum amount of bond proceeds for each project approved in this section must also include all relocation, reconstruction, rehabilitation, or other costs for which the department is legally liable that affect existing irrigation systems, private lands, utility lines, mines, roads, highways, and railroads that are subsequently affected by the development of a respective hydroelectric project.

(e) The hydropower revenues from each project are pledged, dedicated, and appropriated to a debt service account established in the state treasury for the benefit of bonds approved to finance the project. Revenues in excess of the amount required to meet the debt service requirements may be allocated to the water development special revenue account to operate, maintain, and rehabilitate state-owned projects.

**Section 7. Appropriation — creation of debt for coal severance tax bonds.** (1) The legislature, through the enactment of this section by a vote of three-fourths of the members of each house of the legislature as required by Article IX, section 5, of the Montana constitution, pledges, dedicates, and appropriates from the coal severance tax bond subfund all money necessary for the payment of principal and interest not otherwise provided for on the coal severance tax bonds authorized by this act to be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the provisions of this act and the general resolution for this bond program which has been adopted by the board of examiners under the authority provided in Title 17, chapter 5, part 7.

(2) The legislature, through the enactment of this section, in accordance with Article VIII, section 8, of the Montana constitution, authorizes the creation of a state debt in an amount not to exceed \$26,000,000 for the development of the state hydroelectric projects approved in this act, in an amount not to exceed \$5,100,000 for the rehabilitation of state water projects approved in this act, and in an amount not to exceed \$26,143,531 for loans to political subdivisions and local government entities for water development projects approved in this act, all for the issuance of up to \$57,243,531 in coal severance tax bonds authorized by this act.

(3) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the principal and interest on the bonds when due from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The board of examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(4) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must be allocated to the water development state special revenue account and may be used for the purposes allowed under 85-1-604(3)(b).

(5) Notwithstanding provisions in section 6(4)(e), loan repayments from loans financed with coal severance tax bonds, loan principal, interest, and bond issuance fees borrowed from bond proceeds are pledged, dedicated,

and appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under this section.

**Section 8. Projects not completing requirements — loans reauthorized.** The legislature finds that the following water development projects for which coal severance tax bonds were authorized to be issued by the 1985 legislature in Chapter 717, Laws of 1985, may not complete the requirements necessary for the loan transaction prior to June 30, 1987. Coal severance tax bonds for the projects described in this section are reauthorized in the amounts listed at the interest rates authorized by the 1985 legislature in Chapter 717, Laws of 1985, and described in this section to enable financing during the 1988-89 biennium, if necessary.

**GROUP A** Notwithstanding the conditions set forth in section 15, the interest rate for the project in this group may be 4 percentage points below the long-term bond rate at which the state bond is sold for the first 5 years of an anticipated 20-year term and must be at the rate at which the state bond is sold for the remaining 15 years.

**Section 9. Extension of initial interest rate for Sage Creek water district.** The interest rate for the Sage Creek water district, which was approved at 7% for the first 5 years following bond issuance and at the full bond rate thereafter in Chapter 705, Laws of 1983, is approved at 7% for the first 10 years following bond issuance and at the full bond rate thereafter.

**Section 10. Reallocation of resource indemnity trust account interest income.** Except for special departmental appropriation and notwithstanding any provisions of 85-1-604 to the contrary, all remaining interest income allocated to the water development state special revenue account from the resource indemnity trust fund by 15-38-202(2) during the 1988-89 biennium may be used only for the purposes set out in 85-1-604(3)(c).

**Section 11. Emergency grants.** There is appropriated to the department of natural resources and conservation up to \$125,000 from the water development state special revenue account to be used for emergency projects. If these funds are not needed for emergencies, they may be used for grants approved in section 1 of this act.

**Section 12. Conditions of loans and grants.** Disbursement of funds under this act for both loans and grants is subject to the following conditions that must be met by project sponsors:

(1) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(2) documented commitment of other funds required for project completion;

(3) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource and water

development program project evaluations and recommendations report for the 1988-89 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved loan authority;

(4) execution of a loan or grant agreement with the department of natural resources and conservation; and

(5) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the loan or grant as evidenced from the application to the department or from the proposal to the legislature.

**Section 13. Conditions for grants.** Notwithstanding the conditions described in section 1, grant funds are disbursed in the order of priority listed in section 1 as coal tax revenues are received. No project approved by this act is entitled to receive grant funds not collected and allocated to the water development state special revenue account or the renewable resource development account.

**Section 14. Conditions for loans.** Each sponsor authorized for a loan from water development bond proceeds, renewable resource development bond proceeds, or coal severance tax bond proceeds may be required to pay to the department of natural resources and conservation a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

**Section 15. Interest rates on loans.** Loans made from proceeds of coal severance tax bonds must be at interest rates specified in section 6, except that when loan requests are reduced, interest rates must be recalculated based on the methodology described in the renewable resource and water development program project evaluations and recommendations report for the 1988-89 biennium. If the bonds or notes bear interest at an adjustable rate, the department of natural resources and conservation shall establish, at the time of the sale of the bond, an assured rate of interest thereon as if the bonds bore interest at a fixed rate. The assured rate of interest so established must be the rate of interest on the bonds for the purpose of calculating the interest rates on the loans pursuant to section 6.

**Section 16. Private and discount purchase of loans.** Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence thereof may be made and purchased by and sold to the department of natural resources and conservation at a discount and at private negotiated sale, notwithstanding the provisions of any other law applicable to such political subdivisions or local government entities.

**Section 17. Appropriations established.** For any entity of state government that receives a grant or loan under this act, an appropriation is established for the amount of the grant or loan upon award of the grant or loan by the department.

**Section 18. Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this

act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

**Section 19. Effective date.** This act is effective on passage and approval.

Approved April 16, 1987.

## **SENATE JOINT RESOLUTION NO. 1**

**A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA OPPOSING THE PROPOSED INDIAN HEALTH SERVICE REGULATIONS LIMITING ELIGIBILITY FOR HEALTH CARE SERVICES.**

**WHEREAS, tribal governments are recognized as sovereign entities by Congress and the federal government and a unique relationship exists between federal agencies and tribal governments; and**

**WHEREAS, the State of Montana recognizes the existing trust relationship between federal agencies and tribal governments; and**

**WHEREAS, the Indian Health Service was established under federal law to provide a trust service to Montana's tribal governments and its Native American population; and**

**WHEREAS, the Indian Health Service has proposed regulations to restrict tribal service programs to those members of an Indian tribe who have one-fourth or more Indian blood and who satisfy certain residency requirements; and**

**WHEREAS, these proposed regulations infringe upon tribal self-government and tribal authority to determine tribal membership and conflict with the federal government's trust relationship with Indian tribes; and**

**WHEREAS, the trust relationship and the limits of tribal authority can be altered only by congressional action; and**

**WHEREAS, these proposed regulations will further limit health care to tribal communities at a time when the Congressional Office of Technology Assessment has reported that Indians have less access to adequate health care than any group in America today; and**

**WHEREAS, these proposed regulations will in part shift the responsibility for tribal health care from the Indian Health Service to state and county agencies that are generally less knowledgeable about tribal health concerns; and**

**WHEREAS, the State of Montana is not adequately funded to bear such an influx of new patients; and**

**WHEREAS, there may be many tribal members denied adequate health care, with consequent suffering and early death.**

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:**

**1975**

(1) That the Montana Legislature views the Indian Health Service's rulemaking activity as a violation of federal trust responsibility and federal law and beyond its authority as an administrative agency.

(2) That the Montana Legislature opposes the proposed Indian Health Service regulations limiting eligibility for health care services because such regulations inhibit the delivery of adequate health care to tribal members.

(3) That the Secretary of State transmit a copy of this resolution to each member of the Montana Congressional Delegation, to the Secretary of the United States Department of the Interior, and to the Secretary of the United States Department of Health and Human Services.

Passed March 23, 1987.

"[An ARTICLE] in addition to, and Amendment of the Constitution of the United States of America, proposed by Congress, and ratified by the Legislatures of the several States, pursuant to the fifth Article of the original Constitution.

"Article the second . . . No law, varying the compensation for the services of the Senators and Representatives, shall take effect, until an election of Representatives shall have intervened."

(2) That the Legislature of the State of Montana acknowledge that the above-quoted article of amendment to the United States Constitution has already been ratified by the legislatures of the following states on the dates indicated: "Maryland on December 19, 1789; North Carolina on December

(3) That the Legislature of the State of Montana acknowledge that the above-quoted amendment to the United States Constitution may still be ratified by states' legislatures as a result of Coleman v. Miller, 307 US 433 (1939), in which the United States Supreme Court ruled that Congress is the final arbiter on the question of whether too much time has elapsed between Congress' submission of the amendment and the most recent state legislature's ratification of the amendment if Congress failed to specify a consideration deadline.
